Introduction 273
Special Concerns Regarding Health Care and the Elderly 273
The Basics of Medicare 280
Supplemental Coverage for Acute Care 284
Problems with and Strengths of the Medicare System 288
Reform Options to Improve Beneficiary Protections 300
Reform Options to Reduce Medicare Costs 301
Prospects for the Future 308
Conclusion 308
Discussion Questions 309
Notes 309
References 310

11 ADDITIONAL HEALTH ISSUES: LONG-TERM CARE **316**

Introduction 318
Defining Long-term Care 319
The Current Long-term Care "System" 323
Problems with the Current System 329
Approaches to Improve Coverage and Meet Other Needs 334
Conclusion 340
Discussion Questions 341
Notes 341
References 342

Index 344

LIST OF FIGURES

2.1	US population by age and sex, 1900, 1970, 2000, and 2030	23
2.2	Elderly Americans by race and ethnicity, 2000 and 2050	26
2.3	Living arrangements of persons, 65+: 2000	28
3.1	Income shares for aged units aged 65 or older, 2000	40
3.2	Income shares for aged units, by age, 2000 (%)	41
3.3	Income shares for aged units, by income quintile, 2000	42
3.4	Median income, by age of household, 1999	45
3.5	Income distribution, households aged 65–74 (left bar) and 75+(right bar), 1999	45
3.6	Median income, by race and ethnicity, households aged 65–74 and 75+, 1999	46
3.7	Median income, households aged 15+ and 65+, 1967–99	46
3.8	Median income, households aged 15–24 through 65+, 1967–99	47
3.9	Growth in median income, by household type, 1969–96	48
3.10	Poverty rates by age, 1966–99	49
3.11	Ratio of household income to poverty threshold, all households and households aged 65 and over, 1999	52
3.12	Poverty rates by age, men and women aged 65 and above, 2000	53
3.13	Poverty rates by selected demographic characteristics, aged 65 and over, 1999	54
3.14	Median income under three census income definitions, total population and those aged 65 and over, 1999	64
3.15	Poverty rates under three census income definitions, total population and those aged 65 and over, 1999	65
3.16	Poverty rates under official census and NAS-recommended definitions, total population and those aged 65 and over, 1997	67
3.17	Median widows' post-government income replacement rate in the US, Canada, Great Britain, and Germany by husbands' age at death, (e = 0.5)	72
