<b>Chapter 1</b>	<b>Introduction</b>	<b>1</b>
	Major Themes	1
	Investment Premise	3
	Tax and Investment Literature	5
	History	6
	Tax Topics Considered	7
	Tax Topic Ignored	7
	References	7
	Notes	8
<b>Part I</b>	<b>Savings Vehicles</b>	<b>9</b>
<b>Chapter 2</b>	<b>Savings Vehicles: Structure and Ending-Wealth Models</b>	<b>11</b>
	Introduction	11
	Tax Structure of Five Savings Vehicles	12
	Taxable Account	13
	Nondeductible IRA	13
	Non-qualified Tax-deferred Annuity	13
	Deductible Pension	14
	Roth IRA	14
	Other Features of Savings Vehicles	15
	Liquidity Restrictions	17
	Distribution Requirements	17
	Tax Simplicity	17
	Treatment at Death of Owner	17
	Limits on Contributions/Investments	18
	Eligibility Requirements	18

Ending-Wealth Models of Savings Vehicles	18
Taxable Account	20
Nondeductible IRA	20
Non-qualified Tax-deferred Annuity	21
Deductible Pension	21
Roth IRA	22
Comparing the Savings Vehicles	23
Deductible Pension versus Roth IRA	23
Deductible Pension versus Taxable Account	25
Nondeductible IRA versus Taxable Account	27
Non-qualified Tax-deferred Annuity versus Taxable Account	28
Summary	28
Appendix 2.1: The Value of the \$1 Stock Portfolio for a 10-year Investment Horizon	30
Notes	31
<b>Chapter 3 After-tax Wealth across Savings Vehicles</b>	<b>32</b>
Introduction	32
Tax Consequences of Actively Trading Stocks in a Taxable Account	33
Investors in the Same Tax Bracket before and after Retirement	36
Investment in Bonds	37
<i>Taxable Account versus Basic Pension</i>	37
<i>Taxable Account versus Nondeductible IRA</i>	38
<i>Taxable Account versus Non-qualified Tax-deferred             Annuity</i>	38
Investment in Stocks	38
<i>Taxable Account versus Basic Pension</i>	40
<i>Taxable Account versus Nondeductible IRA</i>	40
<i>Taxable Account versus Non-qualified             Tax-deferred Annuity</i>	41
Tax Timing, Matching Contributions, and Other Cases	41
Taxable Account versus Deductible Pension	42
Taxable Account versus Nondeductible IRA	42
Taxable Account versus Non-qualified Tax-deferred Annuity	43
Summary	45
Appendix 3.1: Estimating the Additional Costs on Annuities	46

Notes	47	
<b>Chapter 4</b>	<b>Frequently Asked Questions Related to Savings Vehicles</b>	<b>48</b>
Introduction		48
Representative Investors		48
Frequently Asked Questions		49
Which Savings Vehicles Provide the Largest After-tax Retirement Income?		49
What Factors Limit the Attractiveness of the Nondeductible IRA?		56
Should Someone Save First in a Roth IRA, Deductible Pension with Matching Contributions, or Deductible Pension without Matching Contributions?		57
Should Someone Who Qualifies for Both Save in a Deductible IRA or a Roth IRA?		59
Should Someone Convert Funds from a Traditional IRA to a Roth IRA?		59
<i>Deductible IRA Conversions</i>		60
<i>Nondeductible IRA Conversions</i>		61
Should Someone Save in a Taxable Account or a Non-qualified Tax-deferred Annuity?		63
Summary		63
References		64
Notes		64
<b>Chapter 5</b>	<b>Who Should Buy a Non-qualified Tax-deferred Annuity?</b>	<b>85</b>
Introduction		65
Terminology, Tax Structures, and More		69
Terminology		69
Tax Structures		69
Importance of 2001 Tax Act		72
Creditor Protection across Savings Vehicles		73
Summary thus Far		73
Non-qualified Annuity or Mutual Fund Held in Taxable Account?		73
Comparing Features of Annuities and Taxable Accounts		73
<i>Value of Death Benefit</i>		75

Accumulation and Distribution Phases	78
Cost Structures	78
Comparing Retirement Incomes	81
Same Tax Bracket before and during Retirement	83
Lower Tax Bracket during Retirement	87
Distribution Phase	89
Incentives	92
Summary	93
Appendix 5.1: Calculation of Constant After-tax Retirement Incomes from a Bond Fund or a Stock Fund Held in an Annuity	94
Appendix 5.2: Calculation of Constant After-tax Retirement Incomes from a Bond Fund or an Active Stock Fund Held in a Taxable Account	95
Appendix 5.3: Calculation of Constant After-tax Retirement Income from a Passive Stock Fund Held in a Taxable Account	96
References	97
Notes	99

<b>Chapter 6</b>	<b>Saving Opportunities in Deductible Pensions and Roth IRAs after the 2001 Tax Act</b>	<b>100</b>
	Introduction	100
	Contribution Limits and Income Limits	101
	Contribution Limits	101
	Income Limits	103
	Lower-income Credit for Retirement Contributions	106
	Ability to Obtain Funds before Retirement	107
	Exceptions to the 10 Percent Penalty Tax on Distributions before Age 59½	107
	Warning	109
	Summary	109
<b>Chapter 7</b>	<b>Tax-Efficient Investing</b>	<b>111</b>
	Introduction	111
	Allow Capital Gains to Grow Unharvested	112
	Harvesting Capital Losses	113

Two Lessons in Managing Taxable Accounts	114
Good Choices for Stocks Held in Taxable Accounts	114
Investment Implications	118
References	119
Notes	119
<b>Chapter 8 College Savings Strategies</b>	<b>120</b>
Introduction	120
Background	121
Qualified Higher Education Expenses	121
Modified Adjusted Gross Income	121
Sunset Provisions	121
Savings Vehicles	124
529 Qualified Tuition Plans	124
<i>Prepaid Qualified Tuition Plans</i>	124
<i>529 Savings Qualified Tuition Plans</i>	125
Coverdell Education Savings Accounts	126
Individual Retirement Accounts	127
<i>Traditional (Deductible) IRAs</i>	127
<i>Roth IRAs</i>	128
U.S. Savings Bonds	128
Other Tax Strategies	130
Gifting Strategies	130
Shifting Wage Income	131
Hope Credit	131
Lifetime Learning Credit	132
Above-the-line Deductions	132
Not Claiming a Child as a Dependent	133
Independence	134
Analysis	134
Analysis of Strategies	134
<i>Parent Saves in Taxable Accounts</i>	135
<i>Gifting Strategies including UGMAs/UTMAs</i>	135
<i>529 Qualified Tuition Plans</i>	135
<i>Savings Bonds</i>	136
<i>Coverdell Educational Savings Accounts</i>	136
<i>Deductible IRAs</i>	136
<i>Roth IRAs</i>	136
Financial Aid Eligibility	137

	Applications	138
	Strategies for a Young Child	138
	Strategies for an Older Child	139
	Summary	140
	References	140
	Notes	141
<b>Part II</b>	<b>A New Approach to Calculating a Family's Asset Allocation</b>	<b>143</b>
<b>Chapter 9</b>	<b>Calculating the Asset Allocation</b>	<b>145</b>
	Introduction	145
	Unique Features when Managing Family Portfolios	147
	Are the Unique Features Implicitly Considered?	148
	Relationship between the Book's Two Parts and an Outline	149
	References	150
<b>Chapter 10</b>	<b>Conversion to After-tax Funds</b>	<b>151</b>
	Introduction	151
	What Belongs in the Family Portfolio	151
	Life Insurance, Residence, and Mortgages	152
	Converting the Value of Assets Held in Taxable Accounts	153
	Converting the Value of Assets Held in Retirement Savings Vehicles	155
	Converting the Value of Retirement Income Streams	156
	Retirement Income Streams as Contingent Assets	166
	Summary	167
	References	168
	Notes	168
<b>Chapter 11</b>	<b>Estimating the Value of Social Security Retirement Benefits</b>	<b>189</b>
	Introduction	169
	Social Security Retirement Benefits	170
	Description of Entitlements	170
	Calculation of Social Security Retirement Benefits	172
	Reductions and Taxation of Benefits	173

Estimating Social Security's Before-tax Value for Singles	178
Calculating Present Value of Before-tax Benefits for Singles	178
Benefit Reductions for Singles	182
Properties of Multiples	182
Expected Cash Flows or Cash Flows through Life Expectancy	183
Estimating Social Security's Before-tax Value for Couples	184
Other Criticisms	184
Calculating Present Value of Before-tax Benefits for Couples	186
Investment Implications	188
Future Changes in Social Security	191
Summary	192
Appendix 11.1: When Should the "Average" Single Person Begin Receiving Benefits?	196
Appendix 11.2: When Should the "Average" Couple Begin Receiving Benefits?	199
Appendix 11.3: Explanations of Multiple Calculations for Social Security Retirement Benefits	209
References	210
Notes	211
<b>Chapter 12 Calculating the Value of Military Retirement Income</b>	<b>213</b>
Introduction	213
What "Counts" in the Family Portfolio?	214
U.S. Military Retirement Systems	215
Issues, Illustration, and Critique of Our Estimates	217
Issues	217
Illustration	218
Critique of Our Estimates	219
Retirement Income Streams as Contingent Assets	220
Multiples	220
Multiples under the Final Pay and High Three Systems	221
Multiples under the REDUX Retirement System	222
Properties of Multiples	224
Illustration of Our New Approach to Calculating the Family Asset Mix	225

Summary	226
Appendix 12.1: Explanations of Multiple Calculations for Military Retirement Benefits	238
References	238
Notes	239

**Chapter 13 Calculating the Value of Defined-benefit Plans: Company Pensions,  
Teachers', Firefighters', and Police Officers' Pensions 240**

Introduction	240
Background Discussion of Defined-benefit Plans	241
Benefit Formulas	242
Integration with Social Security	243
Automatic and Discretionary Adjustments	244
Estimation Issues	245
Estimate of Initial Level of Retirement Income	245
Postretirement Increases in Retirement Income	248
Estimate of Discount Rate	248
Two Present Values	250
Examples of Estimates	252
Single Participants	252
Married Participants Who Select a Joint-life Option	259
Conversion to After-tax Values	264
Retirement Income Streams as Contingent Assets	264
Summary	265
Appendix 13.1: Explanations of Multiple Calculations for Defined-benefit Plans	278
References	278
Notes	279

**Chapter 14 Asset Allocation and Asset-location Decisions 281**

Introduction	281
Measuring an Individual's Asset Allocation	282
Three Portfolios	282
Risk and Returns across Savings Vehicles	283

Optimization with Taxable and Retirement Accounts	286
Trader	288
Active Investor	290
Passive Investor	292
Calculating Mark's Optimal Asset Mix: Traditional versus After-tax Approach	292
Relative Importance of Investment Management Strategy and Asset Location	293
Tax Losses and the Asset-location Decision	295
Summary	296
References	297
Notes	298

**Chapter 15 Case Studies 299**

Introduction	299
Case 1	299
Guideline Answer to Case 1	299
Case 2, Part 1	301
Guideline Answer to Case 2, Part 1	301
Case 2, Part 2	303
Guideline Answer to Case 2, Part 2	304
Case 2, Part 3	304
Guideline Answer to Case 2, Part 3	304
Case 3	305
Guideline Answer to Case 3	306

**Glossary 309**
