12	ECONOMIC CONVERGENCE OR CRISIS MANAGEMENT? Subsidiarity and local economic strategies in the UK <i>Steve Martin</i>	220
	<i>Index</i>	233

# FIGURES

4.1	Internal and external economies of scale	65
5.1	A continuum of dependency relations in an industrial complex	85
5.2	Uneven distribution of relative influence	88
5.3	Dependency relations and the position of the five concepts of control	90
10.1	Concentration of projects in research areas	181

# TABLES

2.1	Percentage cost inefficiency and demand elasticity	20
2.2	Relative efficiency of private and public ownership – a summary	32
5.1	Five bargaining characteristics related to five concepts of control	86
5.2	Five concepts of control and empirical approximations	89
5.3	Stylized views related to each concept of control on subsidiarity, competitiveness and objectives	92
5.4	Diverging bargaining arenas and shifting concepts of control in Europe, the USA and Japan	96
6.1	Main host countries for foreign direct investment in the transition economies	106
6.2	Total foreign direct investment in Central and Eastern Europe – Czech Republic, Hungary and Poland (cumulative 1990–September 1994)	106
6.3	Foreign direct investment in Hungary (cumulative to September 1994)	106
6.4	Foreign direct investment in the Czech Republic by source country (US \$m cumulative)	107
6.5	Foreign direct investment in Poland (cumulative September 1994, investments > US \$1m: expressed in US \$m)	107
6.6	German foreign direct investment in the transition economies (capital outflows, % distribution)	108
6.7	German net overseas capital transfers (DM m)	108
6.8	EU exports to, and imports from, Central and Eastern Europe, by country (1993: ECUm)	109
6.9	Percentage share of EU exports to Central and Eastern Europe (1989, 1993)	110
6.10	EU exports to Central and Eastern Europe as % of total extra-EU exports (by country, 1993)	110
6.11	Net trade balance, EU (total) and EU member states with Central and Eastern Europe (ECUm)	112

TABLES

6.12	US exports to, and imports from, Central and Eastern Europe (US \$m)	112
6.13	Czech Republic: main trading partners (% of total imports and exports, 1993)	112
6.14	Hungary: main trading partners (% of total imports and exports, 1993)	113
6.15	Poland: main trading partners (% of total exports and imports, 1993)	113
8.1	Subsidies and transfers received from abroad (% GDP)	154
8.2	Gross fixed capital formation and savings (% GDP)	155
9.1	Greek direct investment in Bulgaria, Albania and Romania (number of establishments by sector)	162
10.1	Selected economic development indicators (annual percentage change)	173
10.2	Basic fluctuations of the output of various manufacturing sectors	173
10.3	Number of industrial companies and licensing agreements signed during the period 1960–87	174
10.4	Research and development in the business enterprise sector (BERD)	175
10.5	Classification of the sectors of Greek industry according to their technological and structural characteristics	176
10.6	Revealed comparative average	177
10.7	Project allocation	179
10.8	Regional allocation of projects	180
10.9	Concentration of projects and funding per category of organization	180
10.10	Significance of technology transfer (%)	181
10.11	Type of transferred know-how (%)	182
10.12	Research output/publications	182
10.13	Research output/new products and production methods	183
10.14	Research output/patents and licences	183
10.15	Co-operative behaviour/relations with partners	185
10.16	Co-operative behaviour/economic relation with partners	186
10.17	Co-operative behaviour/importance of partners	187
10.18	Co-operative behaviour/after the project(s)	188
10.19	Additionality/new research activities	189
10.20	Additionality/co-operation before and after funding	190
10.21	Additionality/changes in R&D budget	191
10.22	Additionality/changes in the number of research and scientific staff	191
10.23	Additionality in the implementation of the research works	192
10.24	Benefits from the participation	193
10.25	Barriers to exploitation/commercialization of research results	194

TABLES

10.26	General evaluation of the participation cost-benefit (%)	195
10.27	Success on the goals set (%)	195
11.1	Disparities in GDP per head (PPS) in the Community, 1980-91 (EUR 12 = 100)	205
11.2	Regional incentive expenditure indicators	207
11.3	Major policy changes in regional incentive policy since 1980 in Italy	208
11.4	GDP per head: <i>Mezzogiorno</i> /Centre-North (%)	212
11.5	Unemployment rate (%)	212
