## I. INTRODUCTION

1. Introduction and Overview 1  
*J.T. Winpenny*

## II. INTERNATIONAL ISSUES

2. International Policies to Respond to Global Environmental Threats: an Economic Perspective 9  
*Yusuf J. Ahmad*
3. The Role of British Aid 21  
*Tim Lankester*

## III. INFLUENCE OF MACROECONOMIC POLICIES ON THE ENVIRONMENT

4. Macroeconomic Policies: Incidence on the Environment 27  
*Stein Hansen*
5. Notes on Macroeconomic Adjustment and the Environment 38  
*Tony Killick*

## IV. NATURAL RESOURCE DEGRADATION

6. Natural Resource Degradation: Policy, Economics and Management 43  
*Edward B. Barbier*
7. Tropical Forests 58  
*Ghilleen Prance*
8. Tropical Dry Forests 61  
*Gill Shepherd*
9. Identifying Key Land Degradation Issues and Applied Research Priorities 66  
*Derycke Belshaw, Piers Blaikie and Michael Stocking*
10. Sustainable Resource Management and Project Planning 92  
*Mary Tiffen*
11. Project Planning and Sustainable Wetland Management 103  
*R. Kerry Turner*

12. Natural Resource Management in the Sahel: Bridging the Gap between Top-Down and Bottom-Up  
*Camilla Toulmin* 110

#### **V. URBAN AND INDUSTRIAL PROBLEMS**

13. Urban and Industrial Environmental Policy and Management  
*David Satterthwaite* 119

#### **VI. SOCIAL DIMENSIONS: POPULATION, GENDER AND THE ENVIRONMENT**

14. Gender and Environment: Ideas for Action and Research  
*Joan Davidson* 137

#### **VII. BIO-DIVERSITY**

15. Biodiversity: the Economics of Conservation and Management  
*Jeffrey McNealey* 145
16. Adding Up the Costs and Benefits of Conserving Bio-diversity  
*Scott Barrett* 156

#### **VIII. ENERGY QUESTIONS**

17. Economics of Energy and the Environment  
*Dennis Anderson* 159
18. Commentary on Energy Issues  
*Gordon Goodman* 183

#### **IX. METHODOLOGICAL ISSUES**

19. Economic Valuation of Environmental Resources  
*John Dixon* 189
20. Economic Valuation: a Comment on Dixon  
*J.T. Winpenny* 201
21. Natural Resource Accounting: An Overview  
*Salah el Serafy* 205

#### **X. CONCLUSION**

22. Some Items for an Economic Research Agenda  
*J.T. Winpenny* 221
