

Contents

Preface	vii
1 Introduction	1
2 The Measurement of Technical Efficiency	9
3 Estimation of Frontier Production Functions: Exploratory Analyses	27
4 Evaluation of Measures of Technical Inefficiency	47
5 Interindustry Determinants of Technical Efficiency	65
6 Statistical Evidence on Interindustry Determinants	87
7 Efficiency in Large and Small Establishments	115
8 Technical Efficiency and Productivity Growth	131
9 Conclusions and Implications	151
Appendix: Sources of Exogenous Variables	157
Notes	165
References	179
Index	191
