INTRODUCTION	xix
<i>Victor A. Canto and Arthur B. Laffer</i>	
PART ONE. MONETARY POLICY	
1. Capacity Utilization and Inflation	3
<i>Victor A. Canto</i>	
2. World Money and U.S. Inflation: Part I	13
<i>Victor A. Canto and Alex Winters</i>	
3. Alternative Monetary Theories of Inflation: Part II	25
<i>Victor A. Canto and Arthur B. Laffer</i>	
4. Money, Interest Rates, and Inflation: A Classical View	35
<i>Victor A. Canto and Arthur B. Laffer</i>	
5. The Quality of Inflation Indicators: Part III	73
<i>Victor A. Canto and Arthur B. Laffer</i>	

6. The Yield Curve: The Long and Short of It 87
Victor A. Canto and Arthur B. Laffer

PART TWO. FISCAL POLICY

7. Bush's Economic Agenda within a Supply-Side Framework 95
Victor A. Canto and Arthur B. Laffer
8. Tax Amnesty: The Missing Link 113
Martin G. Laffer and Arthur B. Laffer
9. Fifteen Percent Is Fine, but Indexing Is Divine 123
Victor A. Canto and Harvey B. Hirschhorn
10. Stylized Facts and Fallacies of Capital Gains Tax Rate
 Reductions and Indexation 147
Victor A. Canto and Arthur B. Laffer
11. Friday the 13th: Triple Witching Hour for the Government 157
Victor A. Canto and Arthur B. Laffer
12. Debt and Taxes Are the Only Certainty 165
Arthur Gray, Jr., and Arthur B. Laffer
13. Borrowed Prosperity: The Astrology of Consumer Debt 175
John E. Silvia
14. The Savings Monster 189
Victor A. Canto and Arthur B. Laffer
15. Are We Climbing the Wall of Resistance toward National
 Health Insurance? 209
James Balog

PART THREE. INTERNATIONAL ECONOMIC ISSUES

16. Tax Rate Reductions and Foreign Exchange Rates 221
Victor A. Canto
17. The Trade Balance: Don't Worry, Be Happy 233
Arthur B. Laffer
18. National Paedomorphosis: U.K. Progenesis, U.S. Neoteny 241
Arthur B. Laffer

PART FOUR. PORTFOLIO STRATEGIES

19.	Part I: The Legend	257
	<i>Victor A. Canto and Arthur B. Laffer</i>	
20.	Part II: Macroeconomic Shocks and Stock Prices	269
	<i>Victor A. Canto and Arthur B. Laffer</i>	
21.	The Small-Cap and State Competitive Environment: 1989–90 Update	283
	<i>Victor A. Canto and Arthur B. Laffer</i>	
22.	International Stock Returns and Real Exchange Rates	301
	<i>Victor A. Canto</i>	
	INDEX	321
	ABOUT THE CONTRIBUTORS	327

Figures

1.1	The Effects of Increases in Demand When Supply Is Neither Perfectly Elastic nor Perfectly Inelastic	7
1.2	The Effects of Increases in Demand When Supply Is Perfectly Elastic	7
1.3	The Effects of Increases in Demand When Supply Is Perfectly Inelastic	7
2.1	World Excess Money Growth Lagged Two Years and U.S. Inflation	15
2.2	U.S. Money as a Fraction of World Money	17
2.3	U.S. and World Velocity of Money	21
2.4	The Effect of Eurodollar Growth on U.S. Money Growth	21
4.1	The Foreign Exchange Value of the Dollar and the Three-Month Treasury Bill Yield, 1970–88	36
4.2	Inflation Rate and M1 Growth Rate	36
4.3	Real GNP Growth and Inflation Rate	37
4.4	Excess Base Growth and Interest Rates	37
4.5	Inflation and Three-Month T-Bills	38
4.6	The Effects of an Increase in the Supply of Money	40
4.7	The Effects of an Increase in the Demand for Money	40
4.8	The Effects of Changes in the Money Supply When Money Demand Is Perfectly Elastic	41

4.9	The Effects of Money Demand Shifts When the Money Supply Is Perfectly Inelastic	41
4.10	The Effects of Money Demand Shifts When the Money Supply Is Perfectly Elastic	42
4.11	Equilibrium in the Money Market When Demand Shifts Exceed Supply Shifts	42
4.12	Equilibrium in the Money Market When Supply Shifts Exceed Demand Shifts	42
4.13	Excess Base Growth versus Inflation	47
4.14	Monetary Base Growth versus M1 Growth	64
5.1	Channels of Influence among Financial Variables	78
5.2	Quarterly Percent Change at Annual Rates in the Consumer Price Index, Actual versus Forecast	79
5.3	Quarterly Changes in the Three-Month T-Bill, Actual versus Forecast	79
6.1	Slope of the Yield Curve: Long-Term Minus Short-Term Interest Rates	88
6.2	Long-Term and Short-Term Interest Rates, 1988	92
7.1	Equity Values and the Highest Income Tax Rate, 1919-89	97
7.2	Economic Growth and the Highest Income Tax Rate, 1919-89	97
7.3	Percent Change in Real Households Domestic Net Worth and Personal Savings as a Percent of GNP, 1971-89	101
7.4	Growth and Inflation in the United States, 1970-89	110
9.1	Capital Gains Tax Rates: Treasury's Estimate of Marginal Tax Rate, 1954-85	125
11.1	Dow Jones Industrial Average	158
11.2	Fidelity High Income Fund versus 30-Year Treasury Bond	159
12.1	Nonfinancial Corporate Borrowing as a Percent of Total Market Value of Equities	169
12.2	Net Share Issues as a Percent of Market Value Equities	169
13.1	Consumer Installment Debt Outstanding as a Percent of Personal Disposable Income	176
13.2	Current Ratio of Household Financial Assets to Total Liabilities	179
13.3	The Debt-to-Income Ratio: Enthoven's Limit versus Actuals	180
13.4	Comparing Forecast Errors: Mortgage Debt versus Consumer Debt	184
14.1	International Savings Rates and Productivity, 1971-85	196
14.2	Percent Change in Real Households Domestic Net Worth and Personal Savings as a Percent of GNP, 1971-88	203
14.3	International Savings Rates and Growth in Real Gross National Product, 1971-85	206
16.1	Nominal and Real Foreign Exchange Value of the Dollar, 1980-87	225

17.1	Trade Balance as a Percent of GNP versus Total Civilian Employment, Quarterly, First Quarter 1980 through Second Quarter 1988	235
17.2	Percent Change in Real U.K. Gross Domestic Product (GDP) versus Merchandise Trade Balance as a Percent of GDP, 1979–87	237
17.3	Net Investment Position of the United States	238
17.4	Net Investment Income and Other Services	238
18.1	British Pound, U.S. Dollar Exchange Rate	244
18.2	U.S. Inflation	244
18.3	Percent Change in U.K. GDP versus Merchandise Trade Balance as a Percent of GDP	251
19.1	Elastic Industry: Quantity Changes in Response to a Shift in Demand	264
19.2	Inelastic Industry: Price Changes in Response to a Shift in Demand	264
19.3	Elastic Industry: Quantity Changes in Response to a Shift in Supply	265
19.4	Inelastic Industry: Price Changes in Response to a Shift in Supply	265
20.1	CATS Performance, September 1981 to August 1987	279
22.1	Excess Real Returns versus Percent Change in Real Exchange Rate	307

Tables

1.1	Inflation and Capacity Utilization	5
2.1	Sources of World Production Growth	15
2.2	Sources of World Money Growth	17
2.3	Sources of Rest of the World Money Growth	18
2.4	Sources of Exchange Rate Growth	19
3.1	U.S. Inflation: The Local Monetarist View	30
3.2	U.S. Inflation: The Global Monetarist View	32
3.3	U.S. Inflation: The Imperfect Substitution View	33
4.1	Money Inflation and Base Growth, 1970.01–1989.02	44
4.2	Monthly Inflation and M1 Growth, 1970.01–1989.02	46
4.3	Monthly Inflation and Excess Base Growth, 1970.01–1989.02	48
4.4	Monthly Inflation, Monetary Base Growth, and M1 Growth, 1970.01–1989.02	49
4.5	Inflation Rate Granger Test: Joint Significance of Independent Variables	50
4.6	10-Year Treasury Bond Yields Granger Test: Joint Significance of Independent Variables	50
4.7	Relationship between Annual Inflation and Excess Base Growth, 1970–88	52
4.8	Relationship between Semiannual Inflation Rate and Semiannual Excess Base Growth, 1970–88	53

4.9	Relationship between Quarterly Inflation Rate and Quarterly Excess Base Growth, 1970-88	54
4.10	Relationship between Monthly Inflation Rate and Monthly Excess Base Growth, 1970-88	55
4.11	Relationship between Monthly 10-Year Treasury Bond Yield and Monthly Excess Base Growth, 1970-88	56
4.12	Relationship between Quarterly Changes in the 10-Year Treasury Bond Yield and Quarterly Excess Base Growth, 1970-88	57
4.13	Relationship between Semiannual Changes in the 10-Year Treasury Bond Yield and Semiannual Excess Base Growth, 1970-88	58
4.14	Relationship between Annual Changes in the 10-Year Treasury Bond Yield and Annual Excess Base Growth, 1970-88	60
4.15	Relationship between Quarterly Changes in Treasury Bond Yields and the Month-by-Month Changes in Excess Base Growth	62
5.1	Nature of Inflation and Real Rate Information Contained in Financial Data	76
5A.1	Variance Decomposition Analysis for Changes in the Inflation Rate	82
5A.2	Variance Decomposition Analysis for Changes in the Three-Month T-Bill	83
5A.3	Variance Decomposition Analysis for Percent Changes in the Foreign Exchange Value of the Dollar	83
5A.4	Variance Decomposition Analysis for Percent Changes in the S&P 500	83
5A.5	Variance Decomposition Analysis for Changes in the Slope of the Yield Curve	84
5A.6	Variance Decomposition Analysis for Changes in Base Growth	84
5A.7	Variance Decomposition Analysis for Changes in Excess Base Growth	84
6.1	Inverted Yield Curve Episodes since 1920	89
7.1	Components of U.S. Savings as a Share of GNP	102
7.2	Government Receipts on a National Income and Product Accounts Basis	103
7.3	Government Expenditures on a National Income and Product Accounts Basis	103
7.4	Black Employment and Earnings Relative to Total Civilian Population	106
8.1	A Comparison of State Tax Amnesty Programs	118
9.1	Inflation Rates That Result in an Effective Capital Gains Tax Rate of 100 Percent, Given Different Combinations of Real Rates of Return and Legislated Capital Gains Tax Rates	126

9.2	Effective Capital Gains Tax Rate Given Different Inflation, Real Return, and Legislated Capital Gains Tax Rates	127
9.3	Reduction in Effective Capital Gains Tax Rate Due to Indexing	130
9.4	Impact of Retroactive Indexing on Capital Gains Revenue	131
9.5	Estimated Revenue Losses from Indexing the CPI under a 5 Percent Inflation Rate Assumption and 28 Percent Capital Gains Tax Rate	132
9.6	Combination of Inflation Rate and Real Rates of Return That Yields an Effective 28 Percent Tax Rate under Unindexed 15 Percent Capital Gains Rate	133
9.7	Impact of the Capital Gains Tax Rate on Pretax Rates of Return	134
9.8	Combination of Inflation Rate and Real Rates of Return That Yields an Effective 28 Percent Tax Rate under Unindexed 15 Percent Capital Gains Rate	138
9.9	Estimated Revenue Losses from Indexing the CPI under a 5 Percent Inflation Rate Assumption and 28 Percent Capital Gains Tax Rate	141
9.10	Inflation Rates That Result in an Effective Capital Gains Tax Rate of 100 Percent, Given Different Combinations of Real Rates of Return and Legislated Capital Gains Tax Rates	145
10.1	Effective Tax Rates on Capital Gains Resulting from the Interaction of Inflation and Capital Gains Tax Rate	150
10.2	Asset's Nominal Annual Yield for Break Even Point for Rostenkowski's Proposal: Alternative Capital Gains Tax versus Indexing	151
10.3	Effective Tax Rates under Current Indexing Proposals	152
10.4	Impact of the Capital Gains Tax Rate on Pretax Rates of Return	154
11.1	Effective Capital Gains Tax Rate Given Different Inflation, Real Return, and Legislated Capital Gains Tax Rates	161
11.2	Performance of Investor's Daily Industry Indices, September 28 to October 9 and October 9 to October 13	162
12.1	The Effect of Personal and Corporate Income Tax Rates on After-Tax Dividends and Corporate Interest Income	167
12.2	Estimates of the Revenue-Neutral Tax Rate on Corporate Interest Payment and Profits	172
13.1	The Influence of Home Equity Loans	183
13.2	Debt as an Indicator	185
13.3	Causality Testing for Financial Activity Measures and Economic Activity	186
14.1	Components of U.S. Savings as a Share of GNP	196
14.2	Household Net Worth: Ownership Rates, 1984	198
14.3	Household Net Worth: Median Value of Holdings, 1984	199

14.4	Components of U.S. Investment as a Share of GNP	200
14.5	Government Expenditures on a National Income and Product Accounts Basis	204
14.6	Government Receipts on a National Income and Product Accounts Basis	205
15.1	Summary of Health Care Expenditures	211
15.2	Level of Satisfaction with Health Care Delivery Systems	211
15.3	Percent Change in Spending on Health Care Delivery Systems	212
15.4	Age Distribution of Population without Health Insurance, 1987	215
16.1	Highest Personal Income Tax Rates, 1979-90	225
16.2	U.S. and European Stock Price Performance, 1981-87	226
16.3	Stock Price Performance of International Traded and Nontraded Sectors, 1981-87	227
16.4	Increase in After-Tax Rate of Return Resulting from Foreign Tax Rate Reductions	228
18.1	Highest Corporate Income Tax Rates, 1984-90	247
18.2	Highest Personal Income Tax Rates, 1979-80	250
19.1	Selected Industry Returns, September 1981-August 1987	258
19.2	Annual Returns for the Airlines as Related to the S&P 500, 1981-87	262
19A.1	Industry Returns Ranked by 1981-87 Performance	265
20.1	Industries' CATS Classification, Interest Rate Sensitivity, and Tradability	272
20.2	Relationship between Market Fundamentals and Industry Group Selection, September 1981 to August 1987	274
20.3	Stock Price Index Performance, Percentage Change, September 1981 to August 1987	276
21.1	State Competitive Environment and Reapportionment	284
21.2	Relative Change in FY 1989 Tax as a Percent of 1987 State and Local Tax Revenue	287
21.3	Stock Performance Using Relative Tax Burden Screens, December 1, 1988 to November 7, 1989	288
21.4	Relative Change in FY 1990 Tax as a Percent of 1987 State and Local Tax Revenue	293
21.5	States with Declining Absolute and Relative Tax Burdens	294
21.6	Small Cap Companies with Headquarters Located in States with Declining Absolute and Relative Tax Burdens	294
21.7	States with Unchanged Absolute Burden and Declining Relative Tax Burden	295
21.8	Small Cap Companies with Headquarters Located in States with Unchanged Absolute Burden and Declining Relative Tax Burden	295
21.9	States with Rising Absolute and Relative Tax Burdens	296

21.10	Small Cap Companies with Headquarters Located in States with Rising Absolute and Relative Tax Burdens	297
22.1	Percent Changes in 1988 Real Exchange Rates	303
22.2	Nominal Return of Stock Market Indexes	304
22.3	Real Exchange Rate	306
22.4	Passive Strategy International Portfolio Selection	311
22.5	Passive Strategy Excess Return	312
22.6	Aggressive Strategy International Portfolio Selection	314
22.7	Aggressive Strategy Excess Return	315
