1. Introduction and Overview: Salient Issues in the Children of Alcoholics Literature 1
John S. Searles and Michael Windle
References, 8
2. Prevalence of Alcoholism among Children of Alcoholics 9
Marcia Russell
Factors Influencing Prevalence Estimates, 9; Studies of Alcoholism Prevalence, 17; Fetal Alcohol Syndrome, 29; Summary and Discussion, 32; References, 35
3. Biochemical Markers for Alcoholism 39
Arthur W. K. Chan
Types of Markers, 40; State Markers, 41; Vulnerability Markers, 52; Animal Studies, 59; Conclusions, 60; Acknowledgments, 61; References, 61
4. Neuropsychological and Neurophysiological Characteristics of Children of Alcoholics 73
Ralph E. Tarter, Susan B. Laird, and Howard B. Moss
Considerations for Investigating Neurobehavioral Processes, 74; Neurophysiological Characteristics, 77; Neuropsychological Characteristics, 79; Neurological Disturbance, 82; Behavioral Dysregulation, 83; Neuropsychological Theory of Alcoholism Vulnerability, 84; Practical Implications, 91; Summary, 92; Acknowledgments, 93; References, 93
5. Behavior Genetic Research and Risk for Alcoholism among Children of Alcoholics 99
John S. Searles
Family Studies, 100; Half-Sibling Studies, 100; Twin Studies, 101; Adoption Studies, 101; High-Risk Studies, 108; Gene \times Environment Interaction and Gene-Environment Correlation, 115; Suggestions for Future Research, 119; References, 123

6. Temperament and Personality Attributes of Children of Alcoholics <i>Michael Windle</i>	129
Temperament Studies, 130; Personality Studies, 136; Adult Coexisting Disorders, 153; Critique and Future Directions, 156; Summary, 161; References, 162	
7. Family Factors and Adjustment of Children of Alcoholics <i>Ruth Ann Seilhamer and Theodore Jacob</i>	168
Outcome Studies, 170; Moderators of Outcome, 172; Family Process Studies, 177; Summary, 181; References, 182	
8. Prevention and Treatment Approaches for Children of Alcoholics <i>Carol N. Williams</i>	187
Primary Prevention Programs, 191; Secondary Prevention (Intervention) Programs, 194; Tertiary (Treatment) Programs, 200; Recommendations for Future Research, 207; References, 211	
9. Summary, Integration, and Future Directions: Toward a Life-Span Perspective <i>Michael Windle and John S. Searles</i>	217
Common Themes across Substantive Domains, 218; Integration: Life-Span Developmental Perspectives, 226; Conclusions, 235; References, 236
