<i>References</i>	277
<i>Index</i>	303

## ✦ *Figures and Tables* ✦

### FIGURES

1.1	Changes in Household Incomes, 1959–1989, by Income Class	5
1.2	Explained Variance in Household Income Accounted for by Intelligence	15
2.1	Distribution of Original Scores on the AFQT and Distribution of Scores as Transformed by Herrnstein and Murray	32
2.2	Different Interpretations of Predictive Validity	36
2.3	Interpreting Criterion Validity	38
4.1	Herrnstein and Murray’s Model of the Causes of Inequality and Social Problems	73
4.2	Our Model of the Causes of Inequality and Social Problems	74
4.3	Probability That an NLSY Respondent Was Poor in 1990 by AFQT Score and Family Background	81
4.4	Probability That an NLSY Respondent was Poor in 1990 by AFQT Score and Social Background	85
4.5	Probability That an NLSY Respondent Was Poor in 1990 by AFQT Score, Social Environment, and Formal Education	87
4.6	Probability That an NLSY Respondent Was Poor in 1990 by AFQT Score and Gender	89
4.7	Explained Variance in Household Income Accounted for by (a) Intelligence Alone versus (b) Social Environment and Gender Alone	100
5.1	Estimates of Inequality from 1800 to Today	107
5.2	Percentage of All Household Income Received by Highest-Income 5 Percent and Lowest-Income 40 Percent of Households, 1930–1994	110
5.3	Percentage of Full-Time Workers Who Earned Enough to Keep a Family of Four Out of Poverty, 1964–1994	112
5.4	Income Changes Over a Decade for Men in Their Thirties and Forties, 1950–1993	114
5.5	Rates of Poverty by Age Group, 1966–1994	119
5.6	Ratios of Earnings for High-, Median-, and Low-Earners in Six Nations	122
5.7	Ratios of Incomes for High-, Median-, and Low-Income Households in Eight Nations	124

FIGURES AND TABLES

6.1	Percentage of Children Who Are Poor, Before and After Government Action, in Eight Nations	134
7.1	An S-shaped Learning Curve	161
7.2	Probability that Students Were in College Track by Math Test Score and Social Class	164
8.1	A Model of How Low Ethnic Position Causes Low Test Scores	174
8.2	Index of Black Residential Isolation, Eighteen Northern Cities, 1890–1990	184

TABLES

4.1	Poverty Rates for Women, the Unmarried, and Parents	90
6.1	Change in Family Income, 1977 to 1990	147
8.1	Group Differences Around the World	192
A2.1	Descriptive Statistics of All Variables by Race	230
A2.2	Description of Variable Coding	231
A2.3	Logistic Regression of Likelihood of a Person Being in Poverty in 1990 (Whites Only)	233
A2.4	Logistic Regression of Likelihood of a Person Being in Poverty in 1990 (African Americans Only)	234
A2.5	Logistic Regression of Likelihood of a Man Being Interviewed in Jail after AFQT (Whites Only)	236
A2.6	Logistic Regression of Likelihood of a Man Being Interviewed in Jail after AFQT (African Americans Only)	237
A2.7	Logistic Regression of Likelihood of a Woman Having an Illegitimate First Child after AFQT (Whites Only)	238
A2.8	Logistic Regression of Likelihood of a Woman Having an Illegitimate Child after AFQT (African Americans Only)	239
