

# Contents

<b>Series Editors' Foreword</b>	ix
<b>Preface</b>	xi
This Book and the Earlier Book: Distinctions and Overlaps	xii
Guidelines for Using this Book	xiii
Acknowledgments	xiv
<b>1 Introduction and Overview</b>	<b>1</b>
Observations on Data Quality and Breadth of Generalization	4
Studying Complex Causal Relationships in Natural Settings	6
<b>2 Literature Review: Conceptual and Empirical Overview of Issues</b>	<b>8</b>
Young Adulthood	8
Social Roles	11
Values, Attitudes, and Behaviors	17
Conclusions	22

- 3 Examining Mediating Variables—Sample Characteristics and Analysis Strategies 24**  
Sample Characteristics and Representativeness 25  
A Four-Step Analysis Strategy 27  
Additional Panel Analysis Issues and Strategies 32
- 4 Religious Attendance and Importance 40**  
Patterns of Age-Related Change in Religiosity 40  
How Changes in Religiosity Relate to Changes in Substance Use 45  
Analyses Linking Religiosity With Post-High-School Experiences 59  
Summary 70
- 5 Time Spent on Various Social and Recreational Activities 71**  
Patterns of Age-Related Change in Evenings Out and Related Behaviors 72  
How Changes in Evenings Out Are Linked With Changes in Substance Use 77  
How Changes in Other Social-Recreational Behaviors Are Linked With Changes in Substance Use 91  
Analyses Linking Recreational Lifestyle With Post-High-School Experiences 97  
Summary 116
- 6 Perceived Risks and Disapproval of Smoking, Heavy Drinking, and Illicit Drug Use 121**  
Focusing on Views About Specific Substances Rather than Substance Use in General 122  
Patterns of Age-Related Change in Perceived Risks and Disapproval 123  
How Perceived Risks and Disapproval Are Correlated With Substance Use 133  
Analyses Linking Perceived Risks and Disapproval With Post-High-School Experiences 146  
Summary 154

---

<b>7</b>	<b>Friends' Use of Substances, and Perceived Availability of Illicit Drugs</b>	<b>156</b>
	Patterns of Age-Related Change in (Perceived) Friends' Use of Substances and in Perceived Availability of Illicit Drugs	158
	How Perceptions of Friends' Use Are Correlated With Substance Use	167
	How Perceptions of Availability Are Correlated With Substance Use	169
	Analyses Linking Friends' Use of Substances With Post-High-School Experiences	172
	Analyses Linking Perceptions of Availability With Post-High-School Experiences	178
	Summary	179
<b>8</b>	<b>Putting the Pieces Together—Structural Equation Models</b>	<b>181</b>
	Decisions About Variables, Samples, and Models	182
	Analytic Approach	189
	Findings From the Structural Equation Modeling	190
	Summary	200
<b>9</b>	<b>Summary, Conclusions, and Implications</b>	<b>202</b>
	Conceptual Overview Revisited: Fitting Together All of the Pieces	202
	Impacts of the New Freedoms and New Responsibilities in Young Adulthood	209
	Conclusions and Implications	216
	Concluding Comments on Declining Substance Use in Young Adulthood: Impacts of Social Activities, Roles, and Beliefs	218
	<b>Appendix</b>	<b>221</b>
	Sampling and Data-Collection Procedures	221
	Patterns of Post-High-School Experiences	224
	Multiple Classification Analyses Predicting Changes in Mediating Variables	236
