

CONTENTS

| | |
|----------------------------------|-------------|
| Foreword by Joel S. Demski | <i>xv</i> |
| Preface | <i>xvii</i> |

| | |
|--|----------|
| 1. Introduction to Information in Markets | 1 |
| 1.1 Basic Decision-facilitating Role of Information | 2 |
| 1.2 Public Information in Equity Markets | 6 |
| 1.2.1 Impact of Public Information in Pure-exchange Setting ... | 6 |
| 1.2.2 Impact of Public Information in a Production Choice Setting | 7 |
| 1.2.3 Market Values and Accounting Information | 9 |
| 1.3 Private Investor Information in Equity Markets | 14 |
| 1.4 Disclosure of Private Owner Information in Equity and Product Markets | 18 |
| 1.4.1 Disclosure by a Risk-averse Owner | 19 |
| 1.4.2 Disclosure on Behalf of Risk-neutral Owners | 21 |
| 1.4.3 Disclosure in a Duopoly | 23 |
| 1.5 Concluding Remarks | 24 |

PART A

BASIC DECISION-FACILITATING ROLE OF INFORMATION

| | |
|---|-----------|
| 2. Single Person Decision Making under Uncertainty | 29 |
| 2.1 Representation of Uncertainty | 30 |
| 2.2 Random Variables | 33 |
| 2.3 Representation of Preferences | 38 |
| 2.4 Risk Aversion | 43 |
| 2.5 HARA Utility Functions | 49 |
| 2.6 Mean-variance Preferences | 51 |
| 2.7 Basic Hurdle Models | 56 |
| 2.8 Stochastic Dominance | 60 |
| Appendix 2A: Proofs of Stochastic Dominance Propositions | 66 |
| Appendix 2B: One-parameter Exponential Family of Distributions | 69 |
| References | 70 |

3. Decision-Facilitating Information 71

3.1 Representation of Information 72

3.1.1 Conditional Probability 72

3.1.2 Posterior Beliefs with Random Variables 74

3.1.3 Multi-variate Normal Distributions 77

3.1.4 Sufficient Statistics 78

3.2 Value of Decision-facilitating Information Systems 81

3.2.1 Partitions and Measurable Functions 81

3.2.2 Basic Information Economic Model 84

3.2.3 Value of Information 90

3.3 Comparison of Information Systems 93

3.3.1 Generally at Least as Valuable Information Systems 93

3.3.2 Informativeness 94

3.4 Impact of Risk and Risk Aversion on the Value of Information 101

3.4.1 Financial Investment Example 101

3.4.2 The Hurdle Model 104

Appendix 3A: Expected Values of Exponential Functions
with Normal Distributions 106

References 108

**4. Risk Sharing, Congruent Preferences, and
Information in Partnerships** 111

4.1 Efficient Risk Sharing 112

4.1.1 Efficient Risk Sharing with Homogeneous Beliefs 112

4.1.2 HARA Utility Functions and Linear Risk Sharing 122

4.1.3 Side-betting with Heterogeneous Beliefs 125

4.2 Congruent Preferences 126

4.2.1 Action Choice 127

4.2.2 Information System Choice 132

4.3 Distributed Information in Teams 135

Appendix 4A: Congruent Preferences with Exponential Utility and
Heterogeneous Beliefs 136

References 139

**PART B
PUBLIC INFORMATION IN EQUITY MARKETS**

5. Arbitrage and Risk Sharing in Single-period Markets 143

5.1 Market Value Implications of No Arbitrage 144

5.1.1 Basic Elements of the Single-period Models 144

5.1.2 No Arbitrage in Single-period Markets 145

5.1.3 Alternative Representations of No-arbitrage Prices 149

| | |
|---|------------|
| 5.2 Optimal Portfolio Choice | 152 |
| 5.3 Market Equilibrium and Efficient Risk Sharing | 154 |
| 5.4 Effectively Complete Markets | 161 |
| 5.4.1 Linear Risk Sharing | 161 |
| 5.4.2 Diversifiable Risks | 165 |
| 5.5 Impact of Public Information | 175 |
| 5.5.1 <i>Ex Post</i> Information | 176 |
| 5.5.2 <i>Ex Ante</i> Information | 180 |
| 5.6 Concluding Remarks | 181 |
| References | 182 |
| 6. Arbitrage and Risk Sharing in Multi-period Markets | 185 |
| 6.1 Market Value Implications of No Arbitrage in Multi-period Settings | 186 |
| 6.1.1 Basic Elements of the Multi-period Model | 186 |
| 6.1.2 No Arbitrage in Multi-period Markets | 188 |
| 6.1.3 Alternative Representations of No-arbitrage Prices | 192 |
| 6.2 Optimal Portfolio Plans | 196 |
| 6.3 Equilibrium and Efficient Risk Sharing | 201 |
| 6.4 Effectively Dynamically Complete Markets | 206 |
| 6.4.1 Linear Risk Sharing | 206 |
| 6.4.2 Diversifiable Risks | 209 |
| 6.5 Concluding Remarks | 218 |
| Appendix 6A: Risk-neutral Probabilities Based on the Return on a Bank Account | 219 |
| References | 221 |
| 7. Public Information in Multi-period Markets | 223 |
| 7.1 Efficiency of Information Systems | 224 |
| 7.2 Impact of Public Information in Securities Markets | 228 |
| 7.3 Information and Prices | 233 |
| 7.4 Information and Trades | 236 |
| 7.5 Exponential Utility and Normally Distributed Dividends | 238 |
| 7.5.1 Investor Portfolio Choice | 238 |
| 7.5.2 Equilibrium Prices and Investment Portfolios | 240 |
| 7.5.3 Impact of Public Information | 243 |
| 7.6 Concluding Remarks | 245 |
| Appendix 7A: Value of Additional Information | 246 |
| References | 251 |

| | |
|--|-----|
| 8. Production Choice in Efficient Markets | 253 |
| 8.1 Production Alternatives and Efficiency | 254 |
| 8.2 Efficient Production Choice with Private Ownership | 259 |
| 8.2.1 Complete Multi-period Securities Markets | 259 |
| 8.2.2 Dynamically Complete Securities Markets | 260 |
| 8.3 Impact of Public Information | 262 |
| 8.4 Efficient Production Choice in Two-period Economies | 265 |
| 8.4.1 Basic Two-period Model | 265 |
| 8.4.2 Impact of Additional Information | 266 |
| 8.4.3 Production Choice in a Dynamically Quasi-complete Market | 268 |
| 8.4.4 Information and Firm Value in a Dynamically Quasi-complete Market | 269 |
| 8.4.5 The Value of Windfall and Productivity Information ... | 269 |
| 8.4.6 Optimal Behavior when Managers have Private Firm-specific Information | 271 |
| 8.5 Concluding Remarks | 272 |
| References | 274 |
| | |
| 9. Relation Between Market Values and Future Accounting Numbers | 277 |
| 9.1 No-arbitrage Accounting-value Relations | 279 |
| 9.1.1 Clean Surplus Relation | 279 |
| 9.1.2 Accounting-value Relation | 281 |
| 9.1.3 Alternative Accounting-value Relations | 283 |
| 9.2 Separation of Financial and Operating Activities | 286 |
| 9.2.1 Accounting Relations | 287 |
| 9.2.2 Operating Income-value Relation | 289 |
| 9.2.3 Operating Cash Flow-value Relation | 290 |
| 9.3 Truncated Forecasts | 291 |
| 9.4 Anticipated Equity Transactions | 293 |
| 9.4.1 Pure- Versus Mixed-equity Concepts | 294 |
| 9.4.2 Accounting Valuation Model | 295 |
| 9.4.3 Accounting for the Issuance of New Equity | 296 |
| 9.4.4 Treating Contingent Claims as Debt | 302 |
| 9.4.5 Per-share Calculations | 304 |
| 9.5 Concluding Remarks | 305 |
| Appendix 9A: Tax Effects | 306 |
| 9A.1 Distribution of Earnings and Contributed Capital | 307 |
| 9A.2 Differential Taxes on Dividends and Interest | 309 |
| References | 311 |

| | |
|--|-----|
| 10. Relation Between Market Values and Contemporaneous Accounting Numbers | 315 |
| 10.1 Some Basics of Dynamic Models | 319 |
| 10.1.1 Stationary Dividend-value Relation | 319 |
| 10.1.2 A General Linear Dividend Valuation Model | 321 |
| 10.1.3 A Simple Auto-regressive Dividend Model | 323 |
| 10.1.4 Stationary Accounting-value Relations | 326 |
| 10.2 A Capital Investment Model | 330 |
| 10.2.1 Capital Investment and Depreciation | 330 |
| 10.2.2 Information and Accounting Accruals | 339 |
| 10.2.3 Inferring Information from Analysts' Forecasts | 343 |
| 10.3 Other Factors Influencing Accounting-value Relations | 349 |
| 10.3.1 Transitory Earnings and Investments | 349 |
| 10.3.2 Receivables and Bad Debt Expense | 352 |
| 10.3.3 Research and Development | 356 |
| 10.4 Concluding Remarks | 358 |
| Appendix 10A: Proofs | 360 |
| References | 361 |

PART C

PRIVATE INVESTOR INFORMATION IN EQUITY MARKETS

| | |
|---|-----|
| 11. Impact of Private Investor Information in Equity Markets ... | 367 |
| 11.1 Revelation of Private Investor Information Through Prices .. | 369 |
| 11.1.1 Unsophisticated Versus Fully Informed Equilibria ... | 369 |
| 11.1.2 Rational Expectations Equilibria | 374 |
| 11.1.3 Expected Utility from Competitive Acquisition of Risk | 375 |
| 11.2 Acquisition of Private Information by Price-taking Investors | 377 |
| 11.2.1 Exogenous Set of Informed Investors | 378 |
| 11.2.2 Endogenous Information Acquisition | 381 |
| 11.3 Public Reports and the Concurrent Demand for Private Information | 388 |
| 11.4 Public Reports and the Prior Demand for Private Information | 397 |
| 11.5 Concluding Remarks | 409 |
| Appendix 11A: Private Information in a Complete Market | 410 |
| Appendix 11B: Proofs | 414 |
| References | 416 |
| | |
| 12. Strategic Use of Private Investor Information in Equity Markets | 419 |
| 12.1 The Basic Strategic Investor Model | 420 |
| 12.1.1 Exogenous Informativeness of the Private Signal ... | 421 |
| 12.1.2 Endogenous Informativeness of the Private Signal ... | 423 |

| | |
|--|-----|
| 12.2 Public Reports and the Concurrent Demand for Private Information | 424 |
| 12.2.1 Multiple Informed Investors | 424 |
| 12.2.2 Private Investor Information in an Infinite Horizon, Residual Income Model | 431 |
| 12.2.3 Endogenous Informativeness of the Public Report . . . | 434 |
| 12.3 Public Reports and the Prior Demand for Private Information | 437 |
| 12.4 Concluding Remarks | 443 |
| References | 443 |

PART D

DISCLOSURE OF PRIVATE OWNER INFORMATION IN EQUITY AND PRODUCT MARKETS

| | |
|---|------------|
| 13. Disclosure of Private Information by an Undiversified Owner . | 447 |
| 13.1 Basic Disclosure Issues | 448 |
| 13.2 Equilibria in Disclosure Games | 452 |
| 13.2.1 Sequential Equilibria | 453 |
| 13.2.2 A Simple Risk-sharing Example | 454 |
| 13.2.3 Stable Equilibria | 459 |
| 13.3 Signaling with Outcome-contingent Contracts | 466 |
| 13.3.1 Outcome-contingent Contracts with Finite Sets of Outcomes and Signals | 467 |
| 13.3.2 Equity Retention with Normally Distributed Outcomes | 471 |
| 13.3.3 Correlated Outcomes among Firms | 475 |
| 13.4 Verified <i>Ex Ante</i> Reports | 480 |
| 13.4.1 Perfect <i>Ex Ante</i> Reports | 480 |
| 13.4.2 Imperfect <i>Ex Ante</i> Reports | 483 |
| 13.5 Verified <i>Ex Post</i> Reports | 492 |
| 13.6 Equity Retention and Report Choice as Bivariate Signals . . . | 494 |
| 13.7 Concluding Remarks | 496 |
| Appendix 13A: Optimal Contracts in the LP-Model | 497 |
| References | 499 |
| | |
| 14. Disclosure of Private Information by Diversified Owners | 501 |
| 14.1 Some Basic Disclosure Model Elements and Issues | 501 |
| 14.2 Verifiable Disclosure to One Recipient | 506 |
| 14.2.1 Full Disclosure with Costless Verification | 507 |
| 14.2.2 Partial Disclosure with Costly Verification | 511 |
| 14.3 Verifiable Disclosure to Two Recipients | 516 |
| 14.3.1 New Equity/Potential Entrant Model | 517 |
| 14.3.2 Other Two-recipient Models | 520 |

| | |
|---|------------|
| 14.4 Positive Probability the Manager is Uninformed | 522 |
| 14.4.1 Single Recipient Models | 523 |
| 14.4.2 Litigation | 527 |
| 14.4.3 Endogenous Information Acquisition | 531 |
| 14.4.4 Endogenous Investment Choice | 532 |
| 14.5 Unverified Disclosure to Two Recipients | 535 |
| 14.6 Concluding Remarks | 539 |
| References | 539 |
| | |
| 15. Disclosure of Private Information in Product Markets | 543 |
| 15.1 <i>Ex Ante</i> Disclosure Policies | 545 |
| 15.1.1 Cournot Competition | 547 |
| 15.1.2 Bertrand Competition | 555 |
| 15.1.3 Discussion and Extension of Results | 560 |
| 15.2 <i>Ex Post</i> Disclosure Choices | 567 |
| 15.2.1 The Basic <i>Ex Post</i> Disclosure Model | 568 |
| 15.2.2 Positive Probability Manager <i>i</i> is Uninformed | 571 |
| 15.2.3 New Equity Model | 572 |
| 15.3 Concluding Remarks | 576 |
| References | 578 |
| | |
| Author Index | 581 |
| Subject Index | 585 |
