

CONTENTS

PREFACE AND ACKNOWLEDGEMENTS	xi
PREFACE TO THE FIRST EDITION	xiii
ACKNOWLEDGMENTS FROM THE FIRST EDITION	xv

CHAPTER ONE:

FOUNDATIONS OF CRISIS INTERVENTION AND CRITICAL INCIDENT STRESS MANAGEMENT	1
• Defining Crisis and Crisis Intervention	2
• Epoch One: The Emergence of Crisis Intervention	4
• Epoch Two: Critical Incident Stress Management (CISM)	8
• A Standard of Care	14
• Critical Incident Stress Management (CISM) as a Standard of Care in Crisis Intervention: A Proposal	15
• Summary	19

CHAPTER TWO:

PSYCHOLOGICAL CRISIS AS A PUBLIC HEALTH CHALLENGE	21
• The Prevalence of Crisis and Trauma as a Public Health Problem	22
• Crisis-Related Symptom Patterns	24
Panic	25
Depression	25
Hypomania	26
Somatoform Conversion Reaction	26
Acute Stress Disorder (ASD)	27
Posttraumatic Stress Disorder (PTSD)	27
Grief/Bereavement	30
Psychophysiological Disorders	31
Brief Reactive Psychosis	31
Obsessive-Compulsive Disorder	32
Other Crisis Related Symptoms	32
• Summary	32

CHAPTER THREE:

ACUTE CRISIS ASSESSMENT	33
• Acute Mental Status Assessment (MSE)	33
• A Two-Stage Mental Status Exam (MSE) Process	34
• Violence	36
• Suicide	36
• Summary	37

CHAPTER FOUR:

BASIC COMMUNICATIONS TECHNIQUES IN CRISIS: THE FOUNDATION OF CRITICAL INCIDENT STRESS MANAGEMENT	41
• Basic Communication Techniques	41
• Question Patterns	45
• Communication Techniques for Specific Crisis Situations	46
Formulation and Alignment with the Person in Crisis	46
The Noncommunicative Person	48
The Verbally Abusive Person	49
Acute Emotional De-escalation	49
Changing Behavior: Socratic Communication Techniques.	50
• Summary	53

CHAPTER FIVE:

“SECRETS” OF EFFECTIVE CRISIS INTERVENTION	55
• #1 - Remember the Context: Crisis Intervention is Not Psychotherapy	56
• #2 - Psychological Alignment is the First Step Toward Crisis Resolution	59
• #3 - Use Common Sense: Keep It Simple and Practical	61
• #4 - Crisis is a Toxic Process: Know the Process-Oriented Antidotes	62
• #5 - Formulating a Plan: Integrating the Content Elements of Recovery	63

- #6 - Facilitating the Self-Curing Abilities of People
in Crisis 67
- #7 - Integrating the Process, Content, and Self-
Curing Elements of Recovery and Restoration 68

CHAPTER SIX:

THE CRITICAL INCIDENT STRESS MANAGEMENT (CISM)

INTERVENTIONS 71

- Pre-incident Preparation: Psychological Preparedness
Training 74
- One-on-one Individual Crisis Support: The SAFER
Model 76
- Demobilizations 81
- Group Informational Briefing 83
- Critical Incident Stress Debriefing (CISD) 84
- Defusing 88
- Family Support 89
- Referral Mechanisms 92
- Mandatory or Voluntary CISM Services 93
- Summary 93

CHAPTER SEVEN:

MECHANISMS OF ACTION IN CISM 95

- Principles of Crisis Intervention 96
- Curative Factors in Groups 97
- Factors in Crisis Intervention Groups 98
- Mechanisms Active in CISD 99
- Mechanisms Active in CISM 99
- Summary 104

CHAPTER EIGHT:

CISM: A Review of Effectiveness 107

- Defining Effectiveness 107
- Defining CISM 108
- Validity of Design 109

- Research on CISD Only 110
- Multifactorial CISM-Like Programs 114
- Comprehensive CISM Programs 115
- Summary 120

CHAPTER NINE:

CISM AND ISSUES OF STANDARDS OF CARE 131

- Governmental Guidelines 131
- American Red Cross 133
- CISM as a Standard of Care 133
- Conclusion 134

APPENDICES

SPECIAL CONSIDERATIONS IN CRITICAL INCIDENT STRESS

MANAGEMENT 137

- Appendix A
The Crisis Response Team: Guidelines for Team
Development 139
- Appendix B
Common Events That May Trigger Action of a
CISM Team and Possible Response Guidelines 141
- Appendix C
Psychoactive Stimulants Found in Over-the-Counter
(OTC) Preparations 151
- Appendix D
Common OTC Depressants 153
- Appendix E
Common Factors Increasing Suicide Lethality 155
