| 10 | The Iberian Peninsula: the Spanish kingdoms, the Kingdom of Portugal and the Kingdom of Granada | 77 |
| 11 | Italy | 91 |
| 12 | France | 96 |
| 13 | Belgium | 110 |
| 14 | Switzerland | 118 |
| 15 | The British Isles | 123 |
| 16 | Norway | 146 |
| 17 | Denmark | 159 |
| 18 | Sweden | 170 |

| | | |
|----|---|-----|
| 19 | Austria | 179 |
| 20 | Germany | 185 |
| 21 | The Netherlands | 203 |
| 22 | The Baltic countries | 209 |
| 23 | Russia | 211 |
| 24 | Did some countries or regions escape? What happened in Iceland, Finland, Poland and the Kingdom of Bohemia? | 216 |

Part Three
Patterns and Dynamics of the Black Death

| | | |
|----|--|-----|
| 25 | Patterns of conquest, dynamics of spread | 227 |
|----|--|-----|

Part Four
Mortality in the Black Death

| | | |
|----|--|-----|
| 26 | The medieval demographic system | 245 |
| 27 | Problems of source criticism, methodology and demography | 257 |
| 28 | Spain | 273 |
| 29 | Italy | 285 |
| 30 | France and the County of Savoy | 308 |
| 31 | Belgium | 338 |
| 32 | England | 342 |
| 33 | How many died in the Black Death? | 380 |

Part Five
The Black Death: Its Impact on History

| | | |
|----|-----------------------------|-----|
| 34 | A Turning Point in History? | 387 |
| | Bibliography | 395 |
| | Index | 415 |

List of Maps, Figures and Tables

Maps

| | |
|---|-----------|
| 1. Spread of the Black Death in the Old World, 1346–1353 | after xvi |
| 2. Distribution of plague in the world today | 46 |
| 3. Localities with known mortality in the Black Death in Tuscany | 293 |
| 4. Villages with known mortality in the Black Death in the Piedmont | 303 |
| 5. Localities with known mortality in the Black Death in the County of Provence | 309 |
| 6. Localities with known mortality in the Black Death in the County of Savoy | 316–317 |
| 7. The Black Death in the district of Montmélian | 323 |
| 8. Mortality among English parish priests in the Black Death | 357 |
| 9. Manors of southern and central England with known mortality in the Black Death | 361 |
| 10. Townships in Northumberland and County Durham with known mortality in the Black Death | 366 |
| 11. Manors in Essex with known mortality in the Black Death | 371 |

Figures

| | |
|---|----|
| 1. Vietnamese woman with a suppurating bubo in the left side of the groin | 12 |
| 2. A female plague flea, <i>Xenopsylla cheopis</i> , about 2 mm in length | 14 |
| 3. Population density and morbidity: France 1720–2 and Italy 1630–2 | 33 |

Tables

| | |
|--|-----|
| 1. Population density and plague mortality per thousand inhabitants, Bombay Presidency 1897–8 | 31 |
| 2. Chronology of the spread of the Black Death in Italy | 94 |
| 3. Institutions of new parish priests in Cambridgeshire in 1349 | 134 |
| 4. Wills proved in the Court of Hustings in London 1348–50 | 136 |
| 5. Deaths of donors of chantries in Ribe Cathedral 1350 | 162 |
| 6. Donations to Danish religious institutions 1341–50 | 166 |
| 7. Donations to Danish religious institutions 1349–50 | 167 |
| 8. Donations to Swedish religious institutions 1341–50 | 174 |
| 9. Donations to Swedish religious institutions 1349–50 | 176 |
| 10. Life expectancy and mortality in a population of males with a life expectancy at birth of 25 years, according to Model West, life table, level 4 | 249 |

| | |
|--|-----|
| 11. Mortality in the taxpaying households of Grenis in the Black Death | 268 |
| 12. Mortality in the Black Death in Spain | 284 |
| 13. Average household size in four Italian localities 1339-80 | 289 |
| 14. Estimates of population, San Gimignano 1332 and 1349 | 296 |
| 15. Numbers of hearths in villages near Susa, Piedmont 1335-67 | 304 |
| 16. Estimated population mortality in the Black Death in Tuscany and other Italian localities | 307 |
| 17. Changes in number of households before and after the Black Death in towns and villages of Provence | 311 |
| 18. Decline in number of subsidy-paying households in the castellany of Ugine 1331-53 | 318 |
| 19. Increase in number of households in the castellany of Ugine 1353-6 | 319 |
| 20. Decline in number of households and population size in parishes near Chambéry 1348-9 | 321 |
| 21. Decline in number of peasant households in eight parishes near Montmélian 1347-9 | 322 |
| 22. Number of taxpaying hearths in four parishes in the castellany of Entremont 1313, 1339 and 1356 | 328 |
| 23. Decline in number of registered taxpaying peasant households in the castellany of Monthey 1329-52 | 330 |
| 24. Mortality rates in the Black Death in the County of Savoy | 331 |
| 25. Mortality in the Black Death in south-central France | 334 |
| 26. Decline in number of fiscal hearths in Saint-Flour 1345-56 | 335 |
| 27. Mortality in the Black Death in France | 337 |
| 28. Decline in number of households in two hamlets in Artois 1347-86 | 339 |
| 29. Average mortality rates at ages 0-70, according to Model West, life table, level 4 | 350 |
| 30. Mortality rates of English beneficed parish clergy according to diocese | 356 |
| 31. Some urban mortality rates of English beneficed parish clergy according to first institutions | 359 |
| 32. Death rates on 15 manors in the diocese of Worcester | 362 |
