EXECUTIVE SUMMARY

1  A COMPREHENSIVE APPROACH TO IMPROVING PATIENT SAFETY
   Patient Safety: A Critical Component of Quality, 18
   Organization of the Report, 21

2  ERRORS IN HEALTH CARE: A LEADING CAUSE OF DEATH AND INJURY
   Introduction, 27
   How Frequently Do Errors Occur?, 29
   Factors That Contribute to Errors, 35
   The Cost of Errors, 40
   Public Perceptions of Safety, 42

3  WHY DO ERRORS HAPPEN?
   Why Do Accidents Happen?, 51
   Are Some Types of Systems More Prone to Accidents?, 58
   Research on Human Factors, 63
   Summary, 65
