PART A THE STUDY

CHAPTER 1

<i>Introduction</i>	2
1.1 Characteristics of the South African Economy	2
1.2 The Thesis Argument and Research Rationale	5
1.3 The Structure and Organization of the Study	9
1.4 Methodological Comments	11
1.5 The Hypotheses of the Study	12

PART B THE THEORY

CHAPTER 2

<i>The Theory of Temporary and Permanent Resource Windfalls (or Shocks) in Small Open Economies</i>	22
2.1 Macroeconomic Effects of Positive and Negative Shocks	22
2.2 Symmetries and Asymmetries in Trade Shocks	26
2.3 The Savings Effect	27
2.4 The Marginal Efficiency of Investment (MEI)	29
2.5 Real Exchange Rate (RER) Misalignment and Macroeconomic Policy	32

CHAPTER 3

<i>The Permanent Shock: The Formal Dutch Disease Model</i>	34
3.1 The Static Gold Boom Effects: Principal Assumptions	34
3.2 The Theory of a Gold Boom on the Labour and Commodity Markets: A Simple Algebraic and Geometric Exposition	37
3.3 The Spending Effect (SE)	47
3.4 The Factor Movement Effect (FME)	49

CHAPTER 4

<i>The Macroeconomic Theory of Fiscal Response</i>	51
4.1 Foreword: Optimal Responses in the Absence of Controls	51
4.2 The Theory of Public Response to Commodity Booms	51
4.3 Taxation as Stabilizer	54
4.4 The Magnitude of the South African Gold Windfalls	58

CHAPTER 5

<i>The Monetary System and the Value of Gold</i>	63
5.1 South African Monetary Policy and Control	63
5.2 Inflation: Structural Rigidities and State Finance	64
5.3 The Gold Standard and Bretton Woods: Monetary and Financial Roles	67
5.4 The Price Formation of Gold	70

PART C THE INSTITUTIONS

CHAPTER 6

<i>Multiplier Effects and Linkages within the Social Accounting Matrix</i>	78
6.1 The Impact of the Gold Mining Sector on the South African Economy	78

6.2	Foreword: The Composition and Nature of the Mineral Output	82
6.3	The Inputs in the Gold Mining Sector	82
6.4	Capital Stock and Capital Formation in the Gold Mining Sector	83
6.5	Derivation of the Domestic Expenditure Multiplier	84

CHAPTER 7

	<i>Optimal Utility from the Exhaustible Resource 'Gold'</i>	91
7.1	The South African Pay Limit in Practice	91
7.2	The Intertemporal Allocation of Depleting Natural Resources	93
7.3	A Counterfactual Simulation: The Unconstrained Boom Scenario	99
7.4	The Determinants Influencing the Profitability of Gold Mining in South Africa	101

CHAPTER 8

	<i>Escalating Costs and the Productivity of Gold Mining</i>	105
8.1	Gold Mining Output and Labour Productivity	105
8.2	Implications of Soaring Gold Production Costs	115
8.3	Capital Productivity and the Cash Costs of Gold Production in International Comparison	117
8.4	The Repercussions of a Depressed Gold Price on the Position of Marginal Gold Mines	128
8.5	The Long-Term Impact of Mechanization on the Gold Industry	132

CHAPTER 9

	<i>Exchange Rate Arrangements in South Africa</i>	141
9.1	Nominal Devaluations and the Operation of the Real Exchange Rate	141
9.2	The Relationship between the Nominal Exchange Rate and the Trade Balance	144
9.3	Two-Tier Exchange Markets and Government Controls	147

CHAPTER 10

<i>Manpower Policy in the Gold Mining Industry</i>	153
10.1 The Industrial Colour Bar: Aspects of Manpower Legislation	153
10.2 The Territorial and Occupational Composition of the Labour Force	156
10.3 Administration, Stabilization and Reform of the Migratory Labour System	162
10.4 Conditions-of-Employment and Wages Policy adopted in the Industry	167

CHAPTER 11

<i>The Institutional Framework Governing Gold Production in South Africa</i>	170
11.1 South African Resource Export Policy	170
11.2 The South African Reserve Bank's Marketing Policy of Gold	175
11.3 The Basis for the Mine Classification, Taxation and Lease Consideration System	180
11.4 The Structure and Reform of Gold Mining Taxation	188
11.5 A Critical Appraisal of Fiscal Policy	193

PART D THE EVIDENCE**CHAPTER 12**

<i>Gold Boom-Induced Spending Effects: The Empirical Evidence</i>	200
12.1 Gold Revenue during the Fixed Price Era of Gold	200
12.2 Hypothesis I - The Real Appreciation	207
12.3 Hypothesis II - The Rise in Gold Output	213

CHAPTER 13

<i>Gold Boom-Induced Factor Movement Effects: The Empirical Evidence</i>	217
13.1 Hypothesis III - Factor Movements and Additional Rises in Gold Output	217

13.2	Hypothesis IV - Direct De-industrialization	225
13.3	Hypothesis V - Output Reduction in the Services Sector	225

CHAPTER 14

	<i>The Boom-Appreciation Effect</i>	232
14.1	Hypothesis VI - The Fall of the Contribution of Manufacturing in Gross Domestic Product (GDP)	232

CHAPTER 15

	<i>The Composite Result</i>	238
15.1	Hypothesis VII - Indirect De-industrialization	238

PART E THE ASSESSMENT

CHAPTER 16

	<i>Conclusion and Evaluation</i>	246

LIST OF TABLES

Number	Title	Page
Table 1.	<i>Contribution of Gold Mining to GDP, 1960-1989</i>	4
Table 2.	<i>The Oil Price and the London Gold Price, 1970-1989</i>	6
Table 3.	<i>Trends in South African Taxation, 1970-1989</i>	55
Table 4A.	<i>The Magnitude of the First Gold Boom, 1973/1974</i>	59
Table 4B.	<i>The Magnitude of the Second Gold Boom, 1979/1980</i>	61
Table 5.	<i>The Supply of Gold in the Western World, 1970-1989</i>	73
Table 6.	<i>South Africa's Share in World Mineral Supply, Reserve Base, 1989</i>	79
Table 7.	<i>The Leading 10 Gold Producers in the World, 1989</i>	80
Table 8.	<i>Historical Overview of Ore Grades Milled by Gold Mines in South Africa, 1920-1989</i>	97
Table 9.	<i>Working Revenue, Costs, Profits and Labour Productivity, 1970-1989</i>	109
Table 10.	<i>Gold Mining Yields and Prices, 1970-1989</i>	114
Table 11.	<i>International Production Cash Costs, 1975, 1980, 1985 and 1989</i>	123
Table 12.	<i>Western World Gold Production, 1970-1989</i>	127
Table 13A.	<i>Multilateral Exchange Rates: Statistical Properties, 1965-1971</i>	142
Table 13B.	<i>Multilateral Exchange Rates: Statistical Properties, 1972-1985</i>	143
Table 14A.	<i>Number of Black Migrant Miners on Gold Mines, 1970-1979</i>	159
Table 14B.	<i>Number of Black Migrant Miners on Gold Mines, 1980-1989</i>	160
Table 15.	<i>Interest Rates and the Rate of Inflation, 1970-1989</i>	201
Table 16.	<i>Spending Effect Magnitudes Directly Generated by Gold Mining Revenue, 1970-1989</i>	203
Table 17.	<i>The Contribution of the Mining Sector to Gross Domestic Product, 1970-1989</i>	207
Table 18.	<i>Effect of Gold on the Balance of Payments and Terms of Trade, 1970-1989</i>	209
Table 19.	<i>Dutch Disease and Real Economic Activity Indicators, 1970-1989</i>	211
Table 20.	<i>Real Gross Domestic Fixed Investment, 1970-1989</i>	213
Table 21.	<i>Sectoral Allocation of Gross Domestic Fixed Investment, 1970-1989</i>	215
Table 22.	<i>All Cash Earnings and Real Wages in the Gold Mining Industry, 1970-1989</i>	218
Table 23.	<i>Employment and the Contribution of Manufacturing and Services to GDP, 1970-1989</i>	222
Table 24.	<i>Differential Inflation and Foreign Exchange Rates, 1970-1989</i>	234
Table 25.	<i>The Spending Effect: Contribution of Gold Mining to Expenditure on the GDP and to Increments in Expenditure on the GDP, 1970-1985</i>	240

LIST OF DIAGRAMS AND FIGURES

Number	Title	Page
Diagram 1A.	<i>The First Gold Boom, 1973/1974</i>	14
Diagram 1B.	<i>The Second Gold Boom, 1979/1980</i>	15
Diagram 1C.	<i>The Volatility of the Gold and Oil Prices, 1970-1989</i>	47
Diagram 2.	<i>The Effect of a Temporary Trade Windfall</i>	24
Diagram 3A.	<i>Gold Boom Effects on the Labour Market Under Full Employment</i>	39
Diagram 3B.	<i>Gold Boom Effects on the Labour Market Under Unemployment</i>	45
Diagram 4.	<i>Gold Boom Effects on the Commodity Market</i>	42
Diagram 5.	<i>Gold Revenue Index, 1970-1988</i>	48
Diagram 6A.	<i>Barter Terms of Trade Index, 1972-1977</i>	59
Diagram 6B.	<i>Barter Terms of Trade Index, 1978-1983</i>	61
Diagram 7.	<i>The Flow of the Indirect Contribution of Gold Mining to GDP</i>	88
Diagram 8.	<i>Fine Gold Output and Long-Term Production Trends, 1910-1970</i>	99
Diagram 9.	<i>Actual and Extrapolated Values for Ore Grades and Fine Gold Output, 1970-1989</i>	100
Diagram 10.	<i>The Profitability of South African Gold Mines (1), 1970-1989</i>	102
Diagram 11.	<i>A Comparison of Gold Output, Ore Grades and the Rand Gold Price, 1970-1989</i>	103
Diagram 12.	<i>Gold Yield Index, 1970-1989 (Base Year=1980)</i>	110
Diagram 13.	<i>Index of Labour Productivity in Gold Mining, 1970-1989 (Base Year=1980)</i>	111
Diagram 14.	<i>Unit Working Costs in Relation to the Production Price Index, 1970-1989</i>	116
Diagram 15.	<i>Index of Capital Productivity in Gold Mining, 1970-1989 (Base Year=1985)</i>	118
Diagram 16.	<i>Gold Production Cash Costs in International Comparison, 1975-1989</i>	124
Diagram 17.	<i>Working Revenue, Costs and Profits, 1970-1989</i>	126
Diagram 18.	<i>Components of Working Costs on South African Gold Mines, 1989</i>	134
Diagram 19.	<i>Foreign and South African Black Migrants on the Gold Mines, 1970-1989</i>	161
Diagram 20.	<i>Gold Mining Taxation as a Percentage of Total Government Revenue, 1970-1989</i>	204
Diagram 21.	<i>Gold/Oil Price Correlations, 1970-1989</i>	208
Diagram 22.	<i>All Cash Earnings in the Gold Sector and the Rate of Inflation (CPI), 1970-1989</i>	219

Diagram 23.	<i>Gross Domestic Fixed Investment (GDFI) and Government Consumption Expenditure (GCE), 1970-1989</i>	226
Diagram 24.	<i>Short-Term Interest Rates, 1970-1989</i>	233
Diagram 25.	<i>The rand/dollar Nominal and Purchasing Power Parity (PPP) Exchange Rates, 1970-1989</i>	236
