Part III: Methodology

Data Source and Country Sample	81
Assumptions about the Reliability of the Data Source	84
Methods of Content Analysis	89

Part IV: Empirical Analysis: Results

Introductory Remarks	97
General Issue	99
Development	99
Industrialization	103
Structural Adjustment	105
Trade Issues	108
Non-Commodity Trade	108
GATT	114
Protectionism and Market Access	120
Differential Treatment and Trade Preference Systems	124
Trade in Services	127
Commodity Trade	129
Price Stabilization	133
Integrated Programme for Commodities and Common Fund	137
Money and Finance	143
Money and Finance in General	143
Debt	150
IMF and World Bank	155
Commercial Financing	162
Official Financial Resources	163
Political Issues	171
The New International Economic Order	171
Technology Transfer	177
Business Practices	183

Southern Orientation	187
South-South Cooperation	187
The Group of 77 Position Papers	191
UNCTAD	193
Overall Southern Orientation	200
Solidarity with the Least Developed Countries	202
Globalist Orientation	207
International Cooperation	207
Interdependence	212
The Joint Responsibility	215
Overall Globalist Orientation	218
Other Dimensions	221
Conflictivity	221
Explicitness and Length of Statements	226
Comparing Cognitive Maps	227
Grouping Countries	227
Summarizing the Results	246
Part V: Conclusion and Outlook	
Beyond a Structural Conflict	259
The Future of North-South Relations	266
Appendix	
Appendix I: Coding Rules	275
Appendix II: Category List	279
Bibliography	
Bibliography	285
