Foreword	1
CHAPTER 1 Introduction to risk management	3
What is risk management?	3
Types of risk	3
Strategic risk	4
Market risk	5
Credit risk	6
Operational risk	7
Risk management perspectives and terminology	13
CHAPTER 2 Introduction to operational risk	16
Identifying risk	16
Threats	21
Opportunities	25
Risk / opportunity matrix	26
Quantifying risks	28
Probability theory	29
Probability distributions	39
Monte Carlo analysis	47
Latin hypercube sampling	53
Net present value	53
Management information systems and monitoring	58
Risk modelling techniques	60
Event tree analysis	60
Dynamic event tree analysis method	61
Decision tree analysis	61
Fault tree analysis	63
Cause consequence analysis	66
Management oversight risk tree	67

Safety management organization review techniques	67
Failure mode and effects analysis	68
Failure mode and effects criticality analysis	69
Hazard and operability analysis (HAZOP)	70
Dynamic event logic analytical methodology	71
Bayesian belief networks	71
CHAPTER 3 An applied risk management approach	77
Optimising risk controls	77
Value at risk (VaR)	77
Potential gain/loss	79
Expected gain/loss	80
Required profit	82
Maximum acceptable loss	84
Large/small company differences	85
Capital adequacy	87
Risk management strategies	88
Level of protection	88
Cost of protection	91
Cost of losses	92
Optimum level of protection	94
Total expected gain/loss	98
Risk profiles	99
Management strategy	107
Human resources	108
Physical resources	112
Technology resources	113
Financial resources	113
Human error	114
Managing retained risks	115
Business continuity planning	115
Contingency planning	121
Disaster recovery planning	122

CHAPTER 4 Security	123
Traditional security	123
The risk management approach	123
Threats	123
Risk identification	124
Security management	128
Deterrence	129
Detection	129
Delay	130
Response	130
Verification	131
Physical protection	133
Procedures and human resources	142
Technology	146
Information security	148
CHAPTER 5 Fire	163
Background	163
Risk identification	163
Building codes	165
Fire management	166
Fire risk model	166
Managing fire risks	167
Prevention	167
Detection	170
Delay	173
Response	175
Contingency planning	185

CHAPTER 6 Occupational health and safety	186
Background	186
A structured approach	186
Level of risk	187
Risk identification	189
Assessing the risks	190
Management	193
Policy	193
Procedures	196
Safety committees	197
Training	198
Hazard identification and reporting	200
Incident reporting	201
Risk management	202
First aid	202
Hazardous substance handling and storage	202
Noise control	203
Fire safety procedures	203
Security procedures	204
Machinery and equipment operation	205
Contractor management	205
Procedures specific to the environment or organization	206
CHAPTER 7 Equipment and system failures	207
Background	207
Mean time between failure (MTBF)	208
Application of analytical techniques	212
Maintenance	213
Contingency planning	215
Information technology and telecommunications	217

CHAPTER 8 Natural Disasters	222
General	222
Earthquake	224
Flood	225
Hail damage	226
Storms	226
Forest fires	227
Community disaster planning	228
CHAPTER 9 Industrial relations	230
CHAPTER 10 Litigation	236
CHAPTER 11 Specific industry risks	243
General	243
Health Care	243
Agriculture	246
Mining and Oil	248
Manufacturing and Processing	248
Nuclear production	249
Banking	251
Correctional detention facilities	255
CHAPTER 12 Business activities	259
Background	259
Contract risk	259
Third party risks	268

Cost risks	269
Time risks	271
Legislative and Regulatory Compliance	271
Organization and portfolio risk	272
CHAPTER 13	
Implementing risk management	276
CHAPTER 14	
Financial risk management	286
Financial risk management tools (Derivatives)	286
Using derivatives to manage risk	290
Managing the risks associated with derivatives	292
CHAPTER 15	
Common standards and guide lines	296
Australia and New Zealand:	
AS/NZS 4360:1999 - Australian and New Zealand Risk Management Standard	297
Prudential Statement C1 - Capital Adequacy of Banks Australian Prudential Regulation Authority (APRA), September 1999	300
Draft Prudential Standard - Risk Management for General Insurers - Australian Prudential Regulation Authority (APRA), September 2000	305
Canada	
CAN/CSA-Q850-96, Risk Management: Guideline for Decision Makers	307
United Kingdom	
Framework for the Management of Health, Safety and Environmental Risks - UK Ministry of Defence	309

United States

Operational Risk Management (ORM) - US Military	310
--	-----

International

Operational Risk Management - Basle Committee on Banking Supervision 1998 - Basle, Bank for International Settlements	315
Risk Management for Electronic Banking and Electronic Money Activities - Basle Committee on Banking Supervision 1998 - Basle, Bank for International Settlements	316
