Floor Plans as Graphs	26
Measures of Scale, Integration, and Complexity	31
Scale	31
Integration	32
Complexity	33
Selection of the Sample of Houses and Communities	37
China	42
Japan, Vietnam, Thailand, and Java	44

South Asia	45
Southwest Asia	46
Mesoamerica	49
Scale, Integration, and Complexity:	
A Preliminary Comparison across Regions	50
Scale	51
Integration	55
Complexity	58
Scale, Integration, and Complexity Illustrated	64
Chapter 3 • Household Social Reproduction and the Canonical Communication of Habitus	77
China	80
Java	88
Japan	89
Thailand	89
Vietnam	90
South Asia	91
Southwest Asia	95
Mesoamerica	101
Explaining Variation in Canonical Communication	102
Results of the Analysis	107
Interhousehold Canonical Communication	110
Additional Notes on Household Social Reproductive Strategy	110
Household Social Reproduction and Curatorial Consumption	112
Chapter 4 • Indexical and Social Boundary Communication	115
Social Boundary Communication	124
Indexical Communication	137
Household Economic Strategies and Indexical Communication	140

Chapter 5 • A Macroregional Approach	149
Cores and Peripheries in Macroregions	152
An Evaluation of a Macroregional Theory	154
“Closed” and “Open” Communities	157
Core versus Periphery Houses and Households	161
Comments on Core–Periphery Distinctions in the House Data Set	169
Household Composition and Social Reproductive Strategy	172
Network Interactions versus Market Structure	176
Evaluating the Model	179
 Chapter 6 • Conclusion	 183
Steps toward a Method of Wealth Comparison	185
Cross-Cultural Analysis and Peasant Studies	190
Housing, Social History, and the Political Economy of Complex Societies—A Hypothesis for Future Consideration	192
I. China and Adjacent Areas (Japan, Northern Thailand, Vietnam, Himalayas)	192
II. Hindu India	192
III. Southwest Asia Main Series	193
IV. Southwest Asia “Other”	193
V. Mesoamerica	193
 Appendixes	 199
