*Preface* xxx

## **Part 1. The Basis of Global Management Theory and Practice 1**

- Chapter 1. Management: Science, Theory, and Practice 3
- Chapter 2. The Evolution of Management Thought  
and the Patterns of Management Analysis 29
- Chapter 3. Management and Society: The External Environment,  
Social Responsibility, and Ethics 57
- Chapter 4. Global and Comparative Management 82
- Part 1 Closing: The Basis of Global Management 110

## **Part 2. Planning 115**

- Chapter 5. The Nature and Purpose of Planning 117
- Chapter 6. Objectives 142
- Chapter 7. Strategies, Policies, and Planning Premises 167
- Chapter 8. Decision Making 198
- Summary of Major Principles, or Guides, for Planning 224
- Part 2 Closing: Global Planning 226

**Part 3.**  
**Organizing 241**

- Chapter 9. The Nature of Organizing and Entrepreneuring 243  
Chapter 10. Organizational Structure: Departmentation 265  
Chapter 11. Line/Staff Authority and Decentralization 291  
Chapter 12. Effective Organizing and Organizational Culture 317  
Summary of Major Principles, or Guides, for Organizing 344  
Part 3 Closing: Global Organizing 347

**Part 4.**  
**Staffing 353**

- Chapter 13. Human Resource Management and Selection 355  
Chapter 14. Performance Appraisal and Career Strategy 391  
Chapter 15. Managing Change through Manager and  
Organization Development 419  
Summary of Major Principles, or Guides, for Staffing 443  
Part 4 Closing: Global Staffing 445

**Part 5.**  
**Leading 457**

- Chapter 16. Human Factors and Motivation 459  
Chapter 17. Leadership 489  
Chapter 18. Committees and Group Decision Making 514  
Chapter 19. Communication 536  
Summary of Major Principles, or Guides, for Leading 564  
Part 5 Closing: Global Leading 565

**Part 6.**  
**Controlling 575**

- Chapter 20. The System and Process of Controlling 577  
Chapter 21. Control Techniques and Information Technology 599  
Chapter 22. Productivity and Operations Management 630  
Chapter 23. Overall Control and toward the Future  
through Preventive Control 660  
Summary of Major Principles, or Guides, for Controlling 692  
Part 6 Closing: Global Controlling and Global Challenges 696

# Contents

Preface xxx

<b>Part 1.</b>	<b>The Basis of Global Management Theory and Practice</b>	<b>1</b>
	<b>Chapter 1. Management: Science, Theory, and Practice</b>	<b>3</b>
	Definition of Management: Its Nature and Purpose 4	
	<i>The functions of management • Management as an essential for any organization • Managerial functions at different organizational levels and women in management • The goals of managers and organizations • Productivity, effectiveness, and efficiency</i>	
	Managing: Science or Art? 12	
	The Elements of Science 12	
	<i>The scientific approach • The role of management theory • Management techniques • Perspective: Management Techniques or Fads?</i>	
	The Systems Approach to Operational Management 16	
	<i>Inputs and claimants • The managerial transformation process • The communication system • External variables • Outputs • Reenergizing the system</i>	
	The Functions of Managers 20	
	<i>Planning • Organizing • Staffing • Leading • Controlling • Coordination, the essence of managership</i>	
	The Systems Model of Management and the Organization of This Book 22	
	<i>Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps</i>	
	Case 1-1. People Express 24	
	International Case 1-2. McDonald's: Serving Fast Food around the World 25	
	References 26	

## **Chapter 2. The Evolution of Management Thought and the Patterns of Management Analysis**

29

- Frederick Taylor and Scientific Management 30  
*Taylor's major concern • Taylor's principles • Perspective: Taylor's Principles*
- Followers of Taylor 34  
*Henry L. Gantt • Frank and Lillian Gilbreth*
- Fayol: The Father of Modern Operational-Management Theory 36  
*Industrial activities • General principles of management • International Perspective: Fayol's Principles • Elements of management*
- The Emergence of the Behavioral Sciences 39  
*The emergence of industrial psychology • Development of the sociological approach to management • The Hawthorne studies • Chester Barnard and social systems theory*
- Recent Contributors to Management Thought 43
- Patterns of Management Analysis: A Management Theory Jungle? 44  
*The managerial roles approach • Perspective: The Ten Managerial Roles Identified by Mintzberg • McKinsey's 7-S approach • The operational, or management process, approach*
- Summary • Key Ideas and Concepts For Review • For Discussion • Exercises/Action Steps*
- Case 2-1. Fred Denny 53
- Case 2-2. Patterns of Management at IBM 53
- References 54*

## **Chapter 3. Management and Society: The External Environment, Social Responsibility, and Ethics**

57

- Operating in a Pluralistic Society 58
- The External Environment: Economic 59  
*Capital • Labor • Price levels • Government fiscal and tax policies • Customers*
- The External Environment: Technological 61  
*The impact of technology: benefits and problems • Categories of technological change*
- The External Environment: Social 62  
*The complexity of environmental forces • Social attitudes, beliefs, and values • Perspective: Where Have All the Yuppies Gone?*
- The External Environment: Political and Legal 64  
*The political environment • The legal environment • Perspective: Power and Responsibility*
- The Social Responsibility of Managers 66  
*Social responsibility and social responsiveness • Arguments for and against business involvement in social actions • The mission of the enterprise • Reaction or proaction? • The role of the government • The influence of values and performance criteria on behavior • The social audit*

Ethics in Managing	70
<i>Ethical theories and a model for political behavior decisions • Institutionalizing ethics • Code of ethics and its implementation through a formal committee • Perspective: Code of Ethics for Government Service • Factors that raise ethical standards • Differing ethical standards of various societies</i>	
<i>Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps</i>	
Case 3-1. Bishops' Pastoral	78
International Case 3-2. To Stay or Not to Stay in South Africa	78
References	79

## **Chapter 4. Global and Comparative Management** **82**

International Management and Multinational Corporations	83
<i>The nature and purpose of international business • Multinational corporations • International Perspective: ABB Asea Brown Boveri: A Geocentric Company? • From multinational to global, or transnational, corporations</i>	
International Management in Selected Countries	88
<i>France: "Le Plan" and the "Cadre" • Germany: authority and codetermination • Korean management • Selected factors influencing managing in other countries • Preparing foreign managers for work in the United States</i>	
Japanese Management and Theory Z	91
<i>Lifetime employment • Decision making in Japan • Theory Z • Japanese companies operating in the United States • International Perspective: Bridgestone Tire Company</i>	
The Managerial Functions in International Business	94
<i>Planning in the multinational corporation • Organizing the multinational corporation • International Perspective: What GE Learned in France • Staffing in the multinational corporation • Leading in the multinational corporation • Controlling in the multinational corporation</i>	
Comparative Management	97
<i>Management as a critical element in economic growth • International Perspective: Porter's Competitive Advantage of Nations • A new management frontier? • The modified Koontz model of comparative management</i>	
<i>Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps</i>	
International Case 4-1. Honda Moves to the United States	105
International Case 4-2. Woman CEO Manages by the Textbook	106
References	106

## **Part 1 Closing. The Basis of Global Management** **110**

International Focus: The New Europe: Preparing for the Next Decade	110
<i>The nature of the European Community 1992 • The objective of EC 1992 • The effects of EC 1992 on selected countries</i>	
Global Car Industry Case: The Car Market in the New Europe	112
References	114

<b>Planning</b>	<b>115</b>
<b>Chapter 5. The Nature and Purpose of Planning</b>	<b>117</b>
The Nature of Planning 118	
<i>The contribution of planning to purpose and objectives • The primacy of planning • The pervasiveness of planning • Perspective: Planning at GM, K-Mart, and RCA • The efficiency of plans</i>	
Types of Plans 121	
<i>Purposes or missions • Objectives or goals • Strategies • Policies • Perspective: A Company's Policy Manual • Procedures • Rules • Perspective: Procedures and Rules Imposed by the Outside • Programs • Budgets</i>	
Steps in Planning 129	
<i>Being aware of opportunities • Perspective: How Problems Became Opportunities at IBM • Establishing objectives • Developing premises • Determining alternative courses • Evaluating alternative courses • Selecting a course • Formulating derivative plans • Numberizing plans by budgeting • Applying the planning steps in preparing for college</i>	
The Planning Process: A Rational Approach to Goal Achievement 134	
<i>The planning period • The commitment principle • International Perspective: Making Commitments in the Republics of the Disintegrated Former Soviet Union • Coordination of short- and long-range plans</i>	
<i>Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps</i>	
Case 5-1. Eastern Electric Corporation 140	
Case 5-2. Planning and Control at Apple Computer 140	
References 141	
<b>Chapter 6. Objectives</b>	<b>142</b>
The Nature of Objectives 143	
<i>A hierarchy of objectives • Perspective: Key Result Areas According to Drucker • The process of setting objectives and the organizational hierarchy • A network of objectives • A multiplicity of objectives • Perspective: Examples of Overall Objectives, or Aims, of a Business • Perspective: Overall Objectives of a University</i>	
Evolving Concepts in Management by Objectives 149	
<i>Early impetus to MBO • Emphasis on performance appraisal • Emphasis on short-term objectives and motivation • Inclusion of long-range planning in the MBO process • The systems approach to MBO</i>	
The Process of Managing by Objectives 151	
<i>Setting preliminary objectives at the top • Clarifying organizational roles • Setting subordinates' objectives • Perspective: Objective Setting at Chrysler • Recycling objectives</i>	
How to Set Objectives 155	
<i>Quantitative and qualitative objectives • Setting objectives in government • Guidelines for setting objectives</i>	

Benefits and Weaknesses of Management by Objectives and Some  
Recommendations 158

*Benefits of management by objectives • Weaknesses of management by  
objectives*

*Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps*

Case 6-1. Developing Verifiable Goals 163

International Case 6-2. Scandinavian Airlines Systems 164

References 165

## **Chapter 7. Strategies, Policies, and Planning Premises 167**

The Nature and Purpose of Strategies and Policies 168

*Strategy and policy • The key function: giving direction to plans • The guide:  
furnishing the framework for plans • The need for operational planning: tactics •  
The effect on all areas of managing*

The Strategic Planning Process 170

*Inputs • Enterprise profile • Perspective: Top-Management Choices •  
Orientation of top managers • Purpose and major objectives • External  
environment • Internal environment • Development of alternative strategies •  
Evaluation and choice of strategies • Medium- and short-range planning,  
implementation, and control • Consistency and contingency*

The TOWS Matrix: A Modern Tool for Analysis of the Situation 174

*Four alternative strategies • Time dimension and the TOWS Matrix*

The Portfolio Matrix: A Tool for Allocating Resources 177

Major Kinds of Strategies and Policies 178

*Growth • Finance • Organization • Personnel • Public relations • Products or  
services • Marketing*

Industry Analysis and Generic Competitive Strategies by Porter 180

*Industry analysis • Overall cost leadership strategy • Differentiation strategy •  
Focused strategies*

Effective Implementation of Strategies 181

*Strategic planning failures and some recommendations • International  
Perspective: GM's Strategy • Successful implementation of strategies*

Premising and Forecasting 185

Environmental Forecasting 185

*Values and areas of forecasting • Forecasting with the Delphi technique*

The Sales Forecast: Key Plan and Premise 186

*The nature and use of the sales forecast • Methods of sales forecasting •  
Combination of methods*

Effective Premising 190

*Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps*

Case 7-1. American Flies High 193

International Case 7-2. Opportunities and Threats in Former East Germany after the Unification 194

References 196

## **Chapter 8. Decision Making**

**198**

The Importance and Limitations of Rational Decision Making 199

*Rationality in decision making • Limited, or “bounded,” rationality • Perspective: Compaq vs. IBM*

The Search for Alternatives 201

Evaluation of Alternatives 201

*Quantitative and qualitative factors • Marginal analysis • Cost effectiveness analysis*

Selecting an Alternative: Three Approaches 203

*Experience • Experimentation • Perspective: Experimentation in Building an Airplane • Research and analysis*

Programmed and Nonprogrammed Decisions 206

Decision Making under Certainty, Uncertainty, and Risk 207

Modern Approaches to Decision Making under Uncertainty 207

*Risk analysis • Perspective: Investment in a New Product • Decision trees • Preference theory*

Evaluating the Importance of a Decision 211

Decision Support Systems 212

Creativity and Innovation 213

*The creative process • Techniques to enhance creativity • Limitations of traditional group discussion • Perspective: How 3M Fosters Innovation • The creative manager*

The Systems Approach and Decision Making 217

*Perspective: Investment Decisions in a Hospital*

*Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps*

Case 8-1. Olympic Toy Company 221

International Case 8-2. Going Global: No Sure Way to Success for Federal Express 221

References 222

## **Summary of Major Principles, or Guides, for Planning**

**224**

*The purpose and nature of planning • The structure of plans • The process of planning*

## **Part 2 Closing. Global Planning**

**226**

Planning Practices in Japan, the United States, and the People's Republic of China 226

*Planning in Japan • Planning in the United States • Planning in China • Decision making in Japan • Decision making in the United States • Decision making in China*

- International Focus: Planning in the New Europe 229  
*The opportunities • Threats and battles • The different impacts of the EC on industries*
- Global Car Industry Case: How Can Daimler-Benz Prepare for the Twenty-first Century? 233  
*Daimler's profile in 1990 • Purpose or mission of Daimler • The need to formulate a strategy • The strategic fit • Summary of the Daimler case*
- References 237

**Part 3.****Organizing****241****Chapter 9. The Nature of Organizing and Entrepreneurship****243**

- Formal and Informal Organization 245  
*Formal organization • Informal organization*
- Organizational Division: The Department 246
- Organization Levels and the Span of Management 246  
*Choosing the span • Problems with organization levels • Operational-management position: a situational approach*
- Factors Determining an Effective Span 249  
*Training of subordinates • Clarity of delegation of authority • Clarity of plans • Use of objective standards • Rate of change • Communication techniques • Amount of personal contact needed • Variation by organization level • Other factors • Need for balance*
- An Organizational Environment for Entrepreneurship and Intrapreneuring 254  
*The intrapreneur and the entrepreneur • Creating an environment for entrepreneurship • Innovation and entrepreneurship • Perspective: Post-it Note Pads*
- The Structure and Process of Organizing 257  
*The logic of organizing • Some misconceptions*
- Basic Questions for Effective Organizing 259  
*Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps*
- Case 9-1. Measurement Instruments Corporation 261
- International Case 9-2. Can the New Executive Team Turn Apple Around? 262
- References 263

**Chapter 10. Organizational Structure: Departmentation****265**

- Departmentation by Simple Numbers 266
- Departmentation by Time 267  
*Advantages • Disadvantages*
- Departmentation by Enterprise Function 268  
*Advantages • Disadvantages*
- Departmentation by Territory or Geography 270  
*Extent of use • Advantages • Disadvantages*

## Contents

Customer Departmentation	272
<i>Advantages • Disadvantages</i>	
Process or Equipment Departmentation	274
Departmentation by Product	274
<i>Advantages • Some notes of caution • Disadvantages</i>	
Matrix Organization	277
<i>Why matrix management is used • Variations in practice • Problems with matrix management • Guidelines for making matrix management effective</i>	
Strategic Business Units (SBUs)	281
Perspective: Restructuring at AT&T	
Organization Structures for the Global Environment	284
Choosing the Pattern of Departmentation	284
<i>The aim: achieving objectives • Mixing types of departmentation • International Perspective: Organizational Structure at Unilever</i>	
<i>Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps</i>	
Case 10-1. Agricultural Fertilizer Division of the Northern Chemical Corporation	287
International Case 10-2. Siemens, the Sleeping Giant	288
References	289

## **Chapter 11. Line/Staff Authority and Decentralization** **291**

Authority and Power	292
Line and Staff Concepts	293
<i>The nature of line and staff relationships • Perspective: Line or Staff? What Is Your Career Goal? • Line and staff relationships or departmentation?</i>	
Functional Authority	295
<i>Delegation of functional authority • Restricting the area of functional authority</i>	
Benefits of Staff	298
Limitations of Staff	299
<i>Danger of undermining line authority • Lack of staff responsibility • Thinking in a vacuum • Managerial problems</i>	
Decentralization of Authority	300
<i>The nature of decentralization • Different kinds of centralization • Decentralization as a philosophy and policy</i>	
Delegation of Authority	301
<i>How authority is delegated • Splintered authority • Perspective: Splintered Authority at the Railroad • Recovery of delegated authority</i>	
The Art of Delegation	303
<i>Personal attitudes toward delegation • Guides for overcoming weak delegation</i>	
Factors Determining the Degree of Decentralization of Authority	305
<i>Costliness of the decision • Desire for uniformity of policy • Size and character of the organization • History and culture of the enterprise • Management philosophy • Desire for independence • Availability of managers • Control</i>	

*techniques • Decentralized performance • Business dynamics: the pace of change • Environmental influences*

Recentralization of Authority and Balance as the Key to Decentralization 311

*Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps*

Case 11-1. ABC Airlines 314

International Case 11-2. Ford's Global Strategy: Centers of Excellence 315

*References* 316

## **Chapter 12. Effective Organizing and Organizational Culture 317**

Some Mistakes in Organizing 318

*Failure to plan properly • Failure to clarify relationships • Failure to delegate authority • Failure to balance delegation • Confusion of lines of authority with lines of information • Granting authority without exacting responsibility • Holding people responsible who do not have authority • Careless application of the staff device • Misuse of functional authority • Multiple subordination • Misunderstanding of the function of service departments • Overorganization and underorganization*

Avoiding Mistakes in Organizing by Planning 323

*Planning for the ideal • Modification for the human factor • Advantages of organization planning*

Avoiding Organizational Inflexibility 324

*Signs of inflexibility • Avoiding inflexibility through reorganization • Perspective: Restructuring IBM • The Need for readjustment and change • Perspective: Managing for the 1990s at United Technologies*

Making Staff Work Effective 327

*Understanding authority relationships • Making line listen to staff • Keeping staff informed • Requiring completed staff work • Making staff work as a way of organizational life*

Avoiding Conflict by Clarification 329

*Organization charts • Position descriptions*

Ensuring Understanding of Organizing 332

*Teaching the nature of organizing • Recognizing the importance of informal organization and the grapevine*

Promoting an Appropriate Organization Culture 333

*Defining organization culture • The influence of the leader on organization culture • Perspective: General Motors' Mission and Culture*

Contingencies in Organizing 336

*Studies by Burns and Stalker • Studies by Woodward • Studies by Lawrence and Lorsch*

*Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps*

Case 12-1. Organization Culture at IBM 339

International Case 12-2. Restructuring at Korea's Daewoo 341

*References* 341

**Summary of Major Principles, or Guides, for Organizing 344**

*The purpose of organizing • The cause of organizing • The structure of organization: authority • The structure of organization: departmentized activities • The process of organizing*

**Part 3 Closing. Global Organizing 347**

Organizing Practices in Japan, the United States, and the People's Republic of China 347

*Organizing in Japan • Organizing in the United States • Organizing in China*

International Focus: Organizing for Quality Service in Europe, the United States, and Japan 349

*Overall findings • Customer satisfaction • Organizing for service excellence • Implications of the survey*

Global Car Industry Case: How the Lexus Was Born 351

References 352

**Staffing 353**

**Chapter 13. Human Resource Management and Selection 355**

Definition of Staffing 356

Defining the Managerial Job 357

The Systems Approach to Human Resource Management: An Overview of the Staffing Function 357

*Factors affecting the number and kinds of managers required • Determination of available managerial resources: the management inventory • Advantages and limitations of the manager inventory chart • Analysis of the need for managers: external and internal information sources • Other important aspects in the systems approach to staffing*

Situational Factors Affecting Staffing 364

*The external environment • Perspective: Career Opportunities for Women • International Perspective: Workweek Differences in Various Countries • The internal environment • Perspective: Companies with Policies of Promotion from Within*

Selection: Matching the Person with the Job 370

Systems Approach to Selection: An Overview 370

Position Requirements and Job Design 372

*Identifying job requirements • Job design*

Skills and Personal Characteristics Needed by Managers 374

*Analytical and problem-solving abilities • Personal characteristics needed by managers • International Perspective: Global Orientation at P&G*

Matching Qualifications with Position Requirements 377

*Recruitment of managers • Information exchange contributing to successful selection • Selection, placement, and promotion • Perspective: Meet the Young*

Work Force • <i>The Peter Principle</i> • Perspective: People Express: An Illustration of the Peter Principle? • <i>Responsibility for selection</i>	
Selection Process, Techniques, and Instruments 380	
<i>The selection process • Interviews • Tests • Assessment centers • Limitations of the selection process</i>	
Orienting and Socializing New Employees 385	
<i>Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps</i>	
Case 13-1. Belden Electronics Company 387	
International Case 13-2. Job Design at Volvo in Sweden 388	
References 388	

## **Chapter 14. Performance Appraisal and Career Strategy**

391

The Purposes and Uses of Appraisal 393	
<i>The Conference Board study • The General Electric studies</i>	
The Problem of Management Appraisal 394	
Choosing the Appraisal Criteria 394	
<i>Performance in accomplishing goals • Performance as managers</i>	
Traditional Trait Appraisals 395	
<i>Weaknesses of trait appraisals • Attempts to strengthen trait rating</i>	
Appraising Managers against Verifiable Objectives 397	
<i>The appraisal process • Three kinds of reviews • Strengths of appraisal against verifiable objectives • Weaknesses of appraisal against verifiable objectives</i>	
A Suggested Program: Appraising Managers as Managers 400	
Perspective: Sample Questions for Appraising Managers as Managers • <i>Advantages of the new program • Weaknesses of the new program • Perspective: Performance Appraisal: An Illustration</i>	
A Team Evaluation Approach 403	
Rewards and Stress of Managing 403	
<i>Rewards of managing • International Perspective: Are U.S. CEOs Overpaid and Other U.S. Managers Underpaid? • Stress in managing • Fitting the needs of the individual to the demands of the job</i>	
Formulating the Career Strategy 408	
<i>Preparation of a personal profile • Development of long-range personal and professional goals • Analysis of the environment: threats and opportunities • Analysis of personal strengths and weaknesses • Development of strategic career alternatives • Consistency testing and strategic choices • Development of short-range career objectives and action plans • Development of contingency plans • Implementation of the career plan • Monitoring progress • Dual-career couples</i>	
<i>Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps</i>	
Case 14-1. Hardstone Corporation 416	
Case 14-2. Foresite Incorporated 416	
References 417	

**Chapter 15. Managing Change through Manager and Organization Development** **419**

- Manager Development Process and Training 420
  - Present job • Next job • Future needs • Perspective: Systematic Training and Development at IBM*
- Approaches to Manager Development: On-the-Job Training 423
  - Planned progression • Job rotation • International Perspective: Japanese Carmakers in America • Creation of “assistant-to” positions • Temporary promotions • Committees and junior boards • Coaching*
- Approaches to Manager Development: Internal and External Training 426
  - Sensitivity training, T-groups, and encounter groups • Conference programs • University management programs • International Perspective: M.B.A. Degrees for Japanese? • Readings, television, and video instructions • International Perspective: Management Development at China Resources • Business simulation, experiential exercises, and expert systems • Special training programs • Evaluation and transfer*
- Managing Change 430
  - Changes that affect manager and organization development • Techniques for initiating change • Resistance to change*
- Organizational Conflict 432
  - Sources of conflict • Managing conflict*
- Organization Development 433
  - The organization development process • OD in action*
- Bridging the Gap between Academia and Industry 435
  - Perspective: Making Management Education Relevant*
- Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps*
- Case 15-1. Management Education at the Harvard Business School 439
- Case 15-2. Consultant Hugh Wills 440
- References 440

**Summary of Major Principles, or Guides, for Staffing** **443**

*The purpose of staffing • The process of staffing*

**Part 4 Closing. Global Staffing** **445**

- Staffing Practices in Japan, the United States, and the People’s Republic of China 445
  - Staffing in Japan • Staffing in the United States • Staffing in China*
- International Focus: Training and Development for the Global Market: The German/European Model 448
  - Combination of internal and external training: the apprenticeship system • The Vocational Academy (VA) • The new European manager • What business schools should do • Summary and conclusion about the German/European model of manager development*

Global Car Industry Case: Meet the Carmakers' CEOs	452
<i>Soichiro Honda, CEO at Honda • Lee Iacocca, CEO at Chrysler • Edzard Reuter, CEO at Daimler-Benz</i>	
References	455

**Part 5.****Leading****457****Chapter 16. Human Factors and Motivation****459**

Human Factors in Managing	460
<i>Multiplicity of roles • No average person • The importance of personal dignity • Consideration of the whole person • Perspective: Disillusioned Middle Managers</i>	
Motivation and Motivators	462
<i>Motivation • Perspective: Self-Motivation • The need-want-satisfaction chain • Complexity of motivation</i>	
Motivation: The Carrot and the Stick	465
An Early Behavioral Model: McGregor's Theory X and Theory Y	466
<i>Theory X assumptions • Theory Y assumptions • Clarification of the theories</i>	
The Hierarchy of Needs Theory	468
<i>The needs hierarchy • Questioning the needs hierarchy</i>	
The Motivation-Hygiene Approach to Motivation	469
The Expectancy Theory of Motivation	470
<i>The Vroom theory and practice • The Porter and Lawler model • Implications for practice</i>	
Equity Theory	473
Reinforcement Theory	474
McClelland's Needs Theory of Motivation	475
<i>Need for power • Need for affiliation • Need for achievement • How McClelland's approach applies to managers</i>	
Special Motivational Techniques	476
<i>Money • Perspective: The Other Side of the Coin • Participation • Quality of working life (QWL) • Perspective: QWL in Action</i>	
Job Enrichment	479
<i>The claims of job enrichment • Limitations of job enrichment • Problems with job enrichment • Making job enrichment effective</i>	
A Systems and Contingency Approach to Motivation	482
<i>Dependence of motivation on organizational climate • Motivation, leadership and managership</i>	
<i>Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps</i>	
Case 16-1. Managing the Hewlett-Packard Way	485
International Case 16-2. The Human Factor at Olivetti in Italy	485
References	486

**Chapter 17. Leadership**

Defining Leadership 490

Perspective: Leadership at Southwest Airlines

Ingredients of Leadership 491

Perspective: Can Leadership Be Taught?

Trait Approaches to Leadership 493

International Perspective: Gorbachev

Leadership Behavior and Styles 494

*Styles based on use of authority* • Perspective: Do Women Lead Differently? •  
*Likert's four systems of management* • *The managerial grid* • *Leadership as a continuum* • International Perspective: Leadership at Italian ITALTEL

Situational, or Contingency, Approaches to Leadership 503

*Fiedler's contingency approach to leadership* • *The path-goal approach to leadership effectiveness*

*Summary* • *Key Ideas and Concepts for Review* • *For Discussion* • *Exercises/Action Steps*

Case 17-1. Who Are the Effective Leaders? 510

International Case 17-2. Leadership at Lufthansa 511

References 512

**Chapter 18. Committees and Group Decision Making**

514

The Nature of Committees 515

*Group processes in committees* • *Functions and formality of committees* • *The use of committees in different organizations*

Reasons for Using Committees 517

*Group deliberation and judgment* • *Fear of too much authority in a single person* •  
*Representation of interested groups* • *Coordination of departments, plans, and policies* • *Transmission and sharing of information* • *Consolidation of authority* •  
*Motivation through participation* • *Avoidance of action*

Disadvantages of Committees 520

Perspective: What People Say about Committees • *High cost in time and money* •  
*Compromise at the least common denominator* • *Indecision* • *Tendency to be self-destructive* • *Splitting of responsibility* • *Tyranny by a few persons*

The Plural Executive and the Board of Directors 523

*Authority of the board of directors* • *Role of the plural executive in policy-making* • International Perspective: Worker Participation in the New Europe •  
*Role of the plural executive in policy execution* • Perspective: Trends in the Composition of Boards

Misuse of Committees 525

*As replacement for a manager* • *For research or study* • *For unimportant decisions* • *For decisions beyond participants' authority* • *To consolidate divided authority*

Successful Operation of Committees 526

*Authority* • *Size* • *Membership* • *Subject matter* • *Chairperson* • *Minutes* •  
*Cost effectiveness*

- Other Groups in Managing 528  
*Characteristics of groups* • Perspective: Pressure toward Conformity—How Would You Respond? • *A special kind of group: the focus group* • *Functions and advantages of groups* • *Disadvantages of groups*
- Summary* • *Key Ideas and Concepts for Review* • *For Discussion* • *Exercises/Action Steps*
- Case 18-1. The Humboldt Retail Chain 533
- Case 18-2. Committee Management at the University of California 534
- References* 534

## Chapter 19. Communication

536

- The Communication Function in Organizations 537  
*The importance of communication* • Perspective: Management by Walking Around (MBWA) • *The purpose of communication*
- The Communication Process 539  
*The sender of the message* • *Use of a channel to transmit the message* • *The receiver of the message* • International Perspective: Cross-Cultural Barriers • *Noise hindering communication* • *Feedback in communication* • *Situational and organizational factors in communication*
- Communication in the Organization 542  
*The manager's need to know* • *The communication flow in the organization* • Perspective: Lack of Upward Communication Can Be Disastrous • *Written, oral, and nonverbal communication*
- Barriers and Breakdowns in Communication 547  
*Lack of planning* • *Unclear assumptions* • *Semantic distortion* • *Poorly expressed messages* • *Communication barriers in the international environment* • International Perspective: Explicit and Implicit Communications Differ in Various Countries • *Loss by transmission and poor retention* • *Poor listening and premature evaluation* • *Impersonal communication* • Perspective: The Closed-Circuit Television Failure • *Distrust, threat, and fear* • *Insufficient period for adjustment to change* • *Information overload* • *Other communication barriers*
- Toward Effective Communication 552  
*The communication audit* • *Guidelines for improving communication* • *Listening: a key to understanding* • *Some tips for improving written communication* • *Some tips for improving oral communication*
- Electronic Media in Communication 557  
*Telecommunication* • *Teleconferencing* • *The use of computers for information handling*
- Summary* • *Key Ideas and Concepts for Review* • *For Discussion* • *Exercises/Action Steps*
- Case 19-1. Haynes Fashion Stores, Incorporated 560
- Case 19-2. Could the Challenger Accident Have Been Avoided? 561
- References* 561

**Part 5 Closing. Global Leading 565**

Leading Practices in Japan, the United States, and the People's Republic of China 565  
*Leading in Japan • Leading in the United States • Leading in China*

International Focus: Leading in Different Cultures 567  
*Culture and managerial behavior • The importance of understanding the culture while doing business in Japan*

Global Car Industry Case: Can Ford and General Motors Regain Their Leadership? 570  
*Management by teamwork at Ford • GM's gamble with the Saturn*

*References 573*

**Controlling 575**

**Chapter 20. The System and Process of Controlling 577**

The Basic Control Process 578  
*Establishment of standards • Measurement of performance • Correction of deviations • Special considerations in controlling international companies*

Critical Control Points and Standards 581  
*Questions for selecting critical points of control • Types of critical-point standards*

Control as a Feedback System 583  
*Perspective: Examples of Feedback Systems*

Real-Time Information and Control 584

Feedforward Control 586  
*Techniques of future-directed control • Feedforward in human systems • Feedforward versus feedback systems • Feedforward in management • Requirements for feedforward control*

Requirements for Effective Controls 591  
*Tailoring controls to plans and positions • Tailoring controls to individual managers • Making sure that controls point up exceptions at critical points • Seeking objectivity of controls • Ensuring flexibility of controls • Fitting the control system to the organizational culture • Achieving economy of controls • Establishing controls that lead to corrective action*

*Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps*

Case 20-1. The Kappa Corporation 596

International Case 20-2. Controlling Decentralized Unilever 596

*References 597*

**Chapter 21. Control Techniques and Information Technology 599**

Control Techniques: The Budget 599  
*The concept of budgeting • The purpose of budgeting • Types of budgets • Dangers in budgeting • Perspective: "It's Not in My Budget" • Variable budgets • Perspective: Example of a Variable Budget • Alternative and supplementary budgets • Zero-base budgeting • Effective budgetary control*

- Traditional Nonbudgetary Control Devices 608  
*Statistical data • Special reports and analyses • Operational audit • Personal observation*
- Time-Event Network Analyses 610  
*Gantt charts • Milestone budgeting • Perspective: Planning and Control in Engineering • Program Evaluation and Review Technique (PERT)*
- Program Budgeting 615  
*What program budgeting is • Problems in applying program budgeting in government*
- Procedures Planning and Control 616  
*How procedures get out of control • Guidelines for effective procedures • Procedures analysis and electronic data processing*
- Information Technology 618  
*Expansion of basic data • Information indigestion • International Perspective: Telecommunications Battles in Europe • Intelligence services*
- The Use of Computers in Handling Information 621  
*The impact of computers on managers at different organizational levels • The application and impacts of microcomputers • Perspective: Apple's Move into the Corporate Office*
- Challenges Created by Information Technology 623  
*Resistance to computer application • Speech recognition devices • Telecommuting • Computer networks*
- Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps*
- Case 21-1. The Wholesale Drug Company 626
- Case 21-2. Information Technology at American Airlines 627
- References 628

## **Chapter 22. Productivity and Operations Management 630**

- Productivity Problems and Measurement 631  
*Productivity problems • Measurement of productivity of knowledge workers • Perspective: Approaches to Productivity Improvement*
- Production and Operations Management 633
- Operations Management Systems 633  
*Planning operations • International Perspective: Maquiladora: Alternative Plant Locations • Operating the system • Controlling operations with emphasis on information systems • Perspective: How an Information System Facilitates Operations*
- Operations Research for Planning, Controlling, and Improving Productivity 639  
*The concept of operations research • The essentials of operations research • Operations research procedure • Linear programming • Inventory planning and control • Just-in-time inventory system • Perspective: To Make or Buy, That Is the Question for GM • Distribution logistics • Limitations of operations research*
- Other Tools and Techniques for Improving Productivity 648  
*Time-event networks • Value engineering • Work simplification • Quality circles •*

International Perspective: Quality Circles in Japan • *Total quality management (TQM)* • Perspective: Quality Control Leadership at Kodak • *CAD/CAM and MAP* • Perspective: IBM's PC Convertible and Laser Printer

The Future of Operations Management 652

*Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps*

Case 22-1. Lampert & Sons Company 655

International Case 22-2. General Electric Is "Enlightening" Hungary 655

*References* 656

## **Chapter 23. Overall Control and toward the Future through Preventive Control**

660

Control of Overall Performance 661

Budget Summaries and Reports 662

Profit and Loss Control 663

*The nature and purpose of profit and loss controls • Perspective: Kodak's Challenges in a Dynamic Environment • Limitations of profit and loss control*

Control through Return on Investment (ROI) 666

*The return-on-investment system in action • Application of ROI to product lines • Advantages of ROI • Limitations of ROI • International Perspective: Renault's Dramatic Turnaround*

Direct Control versus Preventive Control 671

Direct Control 672

*Causes of negative deviations from standards • Questionable assumptions underlying direct control*

The Principle of Preventive Control 674

*Assumptions of the principle of preventive control • Advantages of preventive control*

The Management Audit and the Enterprise Self-Audit 676

*The management audit • The enterprise self-audit*

Developing Excellent Managers 679

*Instilling a willingness to learn • Accelerating management development • Planning for innovation • Measuring and rewarding management • Tailoring information • Expanding research and development in tools and techniques • Developing more managerial inventions • Creating strong intellectual leadership*

Toward a Unified, Global Theory of Management 682

*The empirical approach: distilling basics • Systems thinking—not a separate approach • Situational and contingency approaches—not new or separate • The confluence of motivation and leadership theories • The new, managerially oriented "organization development" • The impact of technology: researching an old problem • Perspective: The Organization of the Future • The merger of theory and practice • Research supporting the operational, or management process, approach • Clarification of semantics: some hopeful signs • The internationalization of management*

*Summary • Key Ideas and Concepts for Review • For Discussion • Exercises/Action Steps*

Case 23-1. BankAmerica Corporation 688

International Case 23-2. Planning and Control at Volkswagen 689

*References* 690

## **Summary of Major Principles, or Guides, for Controlling** 692

*The purpose and nature of control • The structure of control • The process of control*

## **Part 6 Closing. Global Controlling and Global Challenges** 696

Controlling Practices in Japan, the United States, and the People's Republic of China 696

*Controlling in Japan • Controlling in the United States • Controlling in China • Conclusions about managerial practices in different countries*

International Focus: Implications of EC 1992 for Managers in the New Europe 698

*The external environment • The internal environment of companies • Choice of strategy • Future challenges in the New Europe*

Global Car Industry Case A: Quality and Continuous Improvement—The Competitive Edge? 702

*A new quality concept • New product development and continuous improvement • Improvement of operating efficiency and effectiveness • Toyota's global strategy • Can U.S. carmakers compete in the global environment?*

Global Car Industry Case B: Competitive Challenges for Carmakers 705

*Challenges and opportunities • Strategies and tactics of carmakers • The Japanese car market*
