

# Contents

<b>Preface</b> .....	IX
<b>I. Introduction and Summary of the Results</b> .....	1
<b>II. On the Definition and Interpretation of Net External Asset Positions</b> .....	4
<b>1. A Basic Two-Country Model</b> .....	4
<b>2. Determinants of Net External Asset Positions</b> .....	8
a. Determinants of Saving Activity.....	11
b. Determinants of Investment Activity.....	14
c. Adjustment of Net External Asset Positions to External Shocks: The Example of Norway.....	18
d. Conclusion.....	21
<b>3. The Evolution of Net External Assets over Time: The "Stages in the Balance of Payments" Hypothesis</b> .....	22
<b>4. Conclusion: Avoiding Pitfalls in the Interpretation of Net External Asset Positions</b> .....	30
a. The Fallacy of the Single Agent.....	30
b. The Fallacy of Unsustainability.....	31
c. The "Stages" Fallacy.....	32
d. The Mercantilist Fallacy.....	33
<b>III. Net External Asset Positions since 1970: A Summary of the Results</b> .....	34
<b>1. Creditor and Debtor Countries: A Survey of the Evidence</b> .....	38
a. Industrial Countries: Major Creditors and Debtors.....	38
b. Developing Countries.....	40
c. Centrally Planned Economies.....	43

2. Net External Asset Positions of Major Regions.....	43
a. Industrial Countries.....	45
b. Developing Countries.....	47
c. The Global Net External Asset Position.....	50
3. Current Account Balances and Changes in Net External Asset Positions: What Do Correlations Suggest?.....	52
4. Compiling Net External Asset Positions: Selected Problems	56
a. The Impact of Price Changes on the Net External Asset Position.....	56
b. Estimating Capital Flight.....	63
<b>IV. Net External Asset Positions of Individual Countries: Statistical     Sources and Estimation Techniques.....</b>	<b>66</b>
1. Statistical Sources.....	66
a. Industrial Countries.....	68
b. Developing Countries.....	68
c. Centrally Planned Economies.....	70
2. Explanatory Notes on the Country Tables.....	71
a. General Notes on Individual Items of the External Balance Sheet of Developing Countries.....	71
b. Macroeconomic Indicators.....	78
3. Country Tables.....	79
<b>Appendices.....</b>	<b>202</b>
Appendix A.....	202
Appendix B.....	203
<b>Bibliography.....</b>	<b>206</b>

## List of Tables

Table 1 - A Hypothetical Wealth Account of England.....	7
Table 2 - A Hypothetical Wealth Account of English Residents.....	7
Table 3 - Share of People between the Ages of 45-65 in the Total Population of West Germany, Japan, and OECD-Countries, 1970-1986.....	13
Table 4 - The "Stages in the balance of Payments" Hypothesis: The Standard Four-Stage Classification.....	24
Table 5 - Frequency Distribution of Countries Classified According to Balance of Payments Stage, 1970 and 1985.....	28
Table 6 - Net External Asset Positions of 145 Countries, 1970-1987.....	34
Table 7 - Consolidated Current Account Balances and Changes in the Net External Asset Position: Regression Results for Selected Country Groups, 1971-1987.....	53
Table 8 - Capital Flight Estimates for the Highly Indebted Countries, 1970-1987.....	64
Table 9 - Estimating Bank Deposits Held with Foreign Banks by Nonbanks in Developing Countries.....	76
Summary Table 1 - Current Account Balances and Changes in the Net External Asset Position: Regression Results for Individual Countries, 1971-1987.....	55
Summary Table 2 - National Statistics on External Asset Positions	67
Summary Table 3 - Net External Asset Positions of Developing Countries - Major Data Sources.....	70
Table A1 - Balance of Payments Stage and Per Capita Income of 55 Countries, 1970-1985 .....	202

## List of Figures

Figure 1 - Optimality in Consumption and Production with and without International Capital Mobility.....	9
Figure 2 - Saving, Investment, and the Current Account: The Case of the Net Creditor Country.....	16
Figure 3 - Current Account Balance and Net External Asset Position of Norway, 1970-1985.....	19
Figure 4 - Investment, Private Saving, and Public Saving in Norway, 1970-1985.....	20
Figure 5 - The "Stages in the Balance of Payments" Hypothesis	23
Figure 6 - Net External Asset Positions of Japan, Switzerland, the United Kingdom, and the United States, 1869-1987.....	26
Figure 7 - The "Stages in the Balance of Payments" Hypothesis: Evidence from 55 Countries.....	28
Figure 8 - Major Creditor Countries among Industrial Countries, 1970-1987.....	39
Figure 9 - Major Debtor Countries among Industrial Countries, 1970-1987.....	40
Figure 10 - Major Creditor Countries among Developing Countries, 1970-1987.....	41
Figure 11 - Net External Asset Positions and Public External Debt of Highly Indebted Countries, 1987.....	42
Figure 12 - Net External Liabilities of Centrally Planned Economies, 1970-1987.....	44
Figure 13 - Consolidated Net External Asset Position of the Industrial Countries, 1970-1987.....	46
Figure 14 - Consolidated Net External Asset Positions of Selected Groups of Industrial Countries, 1970-1987.....	47
Figure 15 - Consolidated Net External Asset Position of the Developing Countries, 1970-1987.....	48
Figure 16 - Consolidated Net External Asset Positions of Selected Groups of Developing Countries, 1970-1987.....	49
Figure 17 - Global Net External Asset Position, 1970-1987.....	51
Figure 18 - Net External Asset Position and Net Investment Income of the United States, 1869-1987.....	62
