Introduction viii

- 1 An Introduction to the Science and Art of Epidemiology** 1
- 2 Water Supply and Distribution** 17
- 3 Drinking Water and Waterborne Disease** 27
- 4 Illness Associated with Recreational Contact with Water** 42
- 5 Dracunculiasis (Guinea Worm Infestation)** 52
- 6 Schistosomiasis** 57
- 7 Giardiasis** 68
- 8 Cryptosporidiosis** 80
- 9 Cyclospora** 91
- 10 Naegleria** 93
- 11 Cyanobacteria** 95
- 12 Cholera and Other Vibrios** 103
- 13 Typhoid and Paratyphoid Fevers and Other Salmonella Infections** 116
- 14 Shigellosis (Bacillary Dysentery)** 124
- 15 Campylobacteriosis** 133
- 16 *Escherichia coli*** 143
- 17 Yersinia Infections** 151
- 18 Plesiomonas Infections** 157
- 19 Aeromonas Infections** 160
- 20 Pseudomonas Infections** 165
- 21 Melioidosis** 172
