

INDEX

PLENARY LECTURES

Y. KIM <i>Genetic and environmental effects on the development of asthma</i>	3
M.N. BLUMENTHAL <i>Immunogenetics</i>	9

OPENING SYMPOSIA

Changing prevalence of allergic diseases

S.T. YE <i>Changing prevalence of allergy in China</i>	15
B.W. LEE, F.T. CHEW and D.Y.T. GOH <i>Changing prevalence of childhood allergic diseases in Singapore</i>	17
J.-L. HUANG and K.-H. HSIEH <i>Increasing prevalence of childhood allergic diseases and the risk factors for the development of allergy in Taipei, Taiwan</i>	23

Mortality of bronchial asthma

N. PEARCE, R. BEASLEY and J. CRANE <i>Mortality of bronchial asthma</i>	29
T. NAKAGAWA and T. MATSUI <i>Mortality of bronchial asthma in Japan</i>	37

Common inhalant allergens

R.S. WALLS and D.B. BASS <i>Common inhalant allergens of Australia</i>	41
---	----

MAIN SYMPOSIA

Allergy update

K.F. CHUNG

<i>Nitric oxide in asthma</i>	53
-------------------------------------	----

Environment and allergy

K.Y. KIM

<i>Air pollution in Korea</i>	61
-------------------------------------	----

S. ASAI, J. ARAKI, R. MIZUKANE, Y. FUTSUKI, N. MIURA,
T. SHIMODA and S. KOHNO

<i>Indoor and outdoor allergens</i>	63
---	----

M. CHAN-YEUNG

<i>Does sensitization to inhaled allergens occur in utero?</i>	69
--	----

Genetics in allergy

M.N. BLUMENTHAL

<i>Genetics in allergy: epidemiological studies of asthma and atopy</i>	75
---	----

N.S. THOMAS, J. WILKINSON, P. LIO, I. DOULL,
N.E. MORTON and S.T. HOLGATE

<i>Investigation of the genetic factors underlying asthma and atopy in outbred UK populations</i>	81
---	----

Cytokines in allergy

I. CHOI

<i>Anaphylaxis associated with drugs used in allergic diseases</i>	87
--	----

R.E. REISMAN

<i>Stinging insect allergy</i>	91
--------------------------------------	----

Immunotherapy

K. ITO and M. SUKO

<i>Oral immunotherapy revisited</i>	97
---	----

SATELLITE SYMPOSIA

In vitro diagnosis for allergy

J.Y. RO and K.H. KIM

<i>Signal transduction of mast cells</i>	105
--	-----

C.-S. HONG <i>Identification of patients with allergic diseases</i>	113
S. AHLSTEDT <i>ECP in asthma management</i>	121

Antiallergic drugs

K.F. CHUNG <i>Neurogenic mechanisms in asthma</i>	129
Y.Y. KOH <i>Pathogenesis of exercise induced asthma</i>	137

Antiallergic actions of steroid

T. NAKAGAWA, Y. KOMASE and Y. MIYAKUNI <i>Steroids: the first line therapy?</i>	145
--	-----

Eicosanoid antagonist

K. ITO and S. TAKAFUJI <i>Molecular mechanism of cytokine-eicosanoid interaction</i>	151
---	-----

ORAL COMMUNICATIONS

**Allergens:
characterization and host responses**

H.S. PARK, D.H. NAHM, C.H. SUH, S.M. LEE, S.Y. CHOI and S.Y. LEE <i>Evidence of Hop Japanese pollinosis in Korea: IgE-sensihzation and identifica- tion of allergenic components</i>	159
---	-----

**Adhesion molecules:
expression and regulation in allergic inflammations**

H.-J. CHOI and K. LEE <i>The expression of adhesion molecules on skin following prick test with Dermato- phagoides farinae in patients with atopic dermatitis</i>	165
--	-----

**Mast cells and basophils:
from bench to bedside**

J.Y. RO, B.C. LEE, Y.S. AHN and K.H. KIM <i>A single component of ginsenosides extracted from Korean Red Ginseng Radix has an adjuvant activity</i>	171
--	-----

Genetics:

asthma is a genetic disorder?

F.R. PADUA, R.B. DY, F.T. JIMENEZ and J.S. SORIANO
Human leukocyte antigen distribution among Filipinos: an updated information. 177

**Lymphocytes:
good or bad**

M. HATTA
Characterization of the phenotype and target specificity of the cytotoxic lymphocytes induced by Eubacterium lentum cell wall on tumor bearing rats 183

**Animal models:
cells and smooth muscles**

H.-B. LEE, Y.-C. LEE and Y.-K. RHEE
Changes of sICAM-1, sVCAM-1, and sE-selectin in serum and BALF in TDI-sensitized guinea pig model 187

M. MURAKI, Y. THORN, A. KAWAI, H. KUBO,
M. FUKUOKA and S. NAKAJIMA
The effect of aminophylline on asthmatic reaction and inflammation in guinea-pigs actively sensitized with ovalbumin 191

**Allergic rhinitis:
a manifestation of respiratory hyperresponsiveness**

K. UKAI, M. KOBAYASHI and Y. SAKAKURA
Comparison of nasal responses after allergen and histamine challenge in asthmatic children with allergic rhinitis 195

**Management of asthma:
from education to immunotherapy**

H. SANTOSO
The influence of ascaris infestation on prevalence of asthma in children 201

**Bronchial hyperactivity and sputum:
good tools in the measurement of airway inflammations**

E. FUJITA, Y. NAGASAKA, R. HAZU, K. IKESHITA
and M. FUKUOKA
Comparison of bronchial asthma and emphysema with respect to treadmill exercise test 207

R. HAZU, Y. NAGASAKA, E. FUJITA, K. IKESHITA
and M. FUKUOKA
Relation between peak expiratory flow (PEF) and exercise tolerance in asthmatic patients 211

**Epidemiology and prevalence:
comparison among Asian-Pacific Areas**

K.G. BARATAWIDJAJA, N. SUKMANA, I.R. BARATAWIDJAJA,
A. DARWIS, L. JUSUF and A.P. HENDRATA

A study of latex hypersensitivity among latex glove factory workers 215

POSTERS

B. LEE, S.H. CHOI, W.K. CHANG,
S.O. PARK and E.J. JEONG

*Quantitative determination for inhibition of allergenicity in medicinal plants by
via of passive cutaneous anaphylaxis* 223

F. KOKUBU, S. MATSUKURA, H. KUGA, M. KAWAGOCHI,
T. TOMITA, H. TOKUNAGA, T. IMAI and M. ADACHI

*Cytokine production by human bronchial epithelial cells after influenza virus A
infection* 227

J. VASNEVA, N. TOROPOVA, V. SHARAPOV
and V. TYAVKIN

Applying flow cytometry (FCM) for detection of drug sensitization 237

J.H. KANG and J.S. LEE

The role of Epstein-Barr virus in the development of Kawasaki disease 241

C.K. KIM, C.Y. CHUNG and Y.Y. KOH

*Changes in serum haptoglobin level after allergen challenge test in asthmatic
children* 245
