Preface	5
Vorwort	6
List of Figures	12
List of Tables	16
Abbreviations	17
Response figures	20
Executive summary	21
Zusammenfassung	29
1 Introduction	37
2 Aims and methods	38
3 Basic package and health service provision	40
3.1 Health services	43
3.1.1 Physiotherapy	44
3.1.2 Fertility treatment	45
3.1.3 Spa treatment	45
3.1.4 Outpatient psychotherapy	46
3.1.5 Complementary medicine	46
3.1.6 Massage	47
3.1.7 Summary	47
4 Preventive medicine	49
4.1 Antenatal care	52
4.1.1 Number and interval of recommended antenatal care examinations	53
4.1.2 Minimum and maximum of recommended antenatal care examinations in normal pregnancy	57
4.1.3 Recommended date of first antenatal care examination	58
4.1.4 Recommended number of sonographies in normal pregnancy	59
4.1.5 Tests	62
4.1.5.1 Human immunodeficiency virus (HIV)	62
4.1.5.2 Toxoplasmosis	63

4.1.5.3	Down's syndrome	64
4.1.5.4	Hepatitis B	65
4.1.5.5	Syphilis	65
4.1.5.6	Rubella	66
4.1.5.7	Antibody search test	66
4.1.5.8	Cervical smear	66
4.1.5.9	Other tests	66
4.1.5.10	Discussion	67
4.1.6	Attendance	67
4.1.7	Outcome evaluation and medical birth registries	68
4.1.8	Summary	69
4.2	Child health surveillance	72
4.2.1	Age range and recommended number of examinations	72
4.2.2	Content - tests	75
4.2.3	Attendance	77
4.2.4	Outcome evaluation	78
4.2.5	Summary	79
4.3	Immunisation	80
4.3.1	Diphtheria-Pertussis-Tetanus	80
4.3.1.1	Recommended number of DPT vaccinations from birth to two years	80
4.3.1.2	Age group distribution of recommended DPT vaccinations in first two years	81
4.3.1.3	Booster	81
4.3.1.4	Recommended number of DPT/DT vaccinations from birth to seven years	81
4.3.2	Poliomyelitis	83
4.3.2.1	Number of recommended oral poliomyelitis vaccinations	85
4.3.2.2	Number of recommended inactivated poliomyelitis vaccinations	85
4.3.3	Haemophilus influenzae b	86
4.3.4	Hepatitis B	87
4.3.5	Measles-Mumps-Rubella	88
4.3.6	National immunisation coverage in infants and free availability of vaccinations	88
4.3.7	Summary	89
4.4	Contraceptive services	91
4.4.1	Sexual health education and physical examination	91
4.4.2	Prescription of oral contraceptives	92
4.4.3	Prescription and fitting of intrauterine devices or other contraceptive devices	93
4.4.4	Prescription or provision of condoms	95
4.4.5	Summary	95
4.5	Health promotion/disease prevention	98

4.5.1	Nicotine withdrawal treatment	98
4.5.1.1	Nicotine withdrawal therapy: services provided	99
4.5.2	Alcohol addiction treatment	100
4.5.3	Other programmes in health promotion/disease prevention	101
4.5.4	Summary	101
4.6	General health check-up	103
4.6.1	Availability, age groups and screening intervals of general health check-ups	103
4.6.2	Content: Risk factor profiles and examinations during general health check-ups	105
4.6.3	General health check-up: Service providers, incentives to providers and to target population, coverage and outcome evaluation	106
4.6.4	Summary	107
4.7	Cancer screening programmes	109
4.7.1	Cervical cancer screening	109
4.7.1.1	Implementation of cervical cancer screening programmes	110
4.7.1.2	Recommended age groups and screening intervals	111
4.7.1.3	National percentage of target population reached and outcome evaluation	116
4.7.1.4	Summary	118
4.7.2	Breast cancer screening	119
4.7.2.1	Implementation of breast cancer screening programmes	120
4.7.2.2	Recommended screening methods	121
4.7.2.3	Recommended screening intervals	124
4.7.2.4	Recommended age groups	125
4.7.2.5	Coverage figures and outcome evaluation	127
4.7.2.6	Service providers and incentives to providers and target population	129
4.7.2.7	Summary	130
4.7.3	Prostate cancer	133
4.7.3.1	Recommendations, age groups and screening intervals	133
4.7.3.2	Screening tests, coverage figures, service providers, incentives and outcome evaluation	134
4.7.3.3	Summary	135
4.7.4	Cancer prevention in women and men	136
4.7.4.1	Colorectal cancer	137
4.7.4.2	Summary	138
4.8	Service providers in preventive medicine	141
4.8.1	General practitioners as service providers	141
4.8.2	Specialists as service providers	143
4.8.3	Specially-trained health professionals other than physicians as service providers	145
4.8.4	Shared care - different providers in cooperation, e.g. midwife/nurse, GP and specialist	147

4.8.5	Public health institution or family planning services as service providers	149
4.8.6	Summary	150
4.9	Incentives in preventive medicine	152
4.9.1	Incentives in antenatal care	152
4.9.2	Incentives in child health surveillance	153
4.9.3	Incentives in immunisation	154
4.9.4	Incentives in contraception	155
4.9.5	Incentives in cervical cancer screening	156
4.9.6	Summary	156
5	Rehabilitation	159
5.1	Medical rehabilitation in the admitting hospital	160
5.1.1	Myocardial infarction	161
5.1.2	Other disease groups	163
5.2	Medical rehabilitation in the outpatient or community sector	163
5.2.1	Myocardial infarction	163
5.2.2	Coronary bypass surgery	165
5.2.3	Other disease groups	165
5.3	Medical rehabilitation in specialised in-patient rehabilitation centres or hospitals	165
5.3.1	Myocardial infarction	166
5.3.2	Coronary bypass surgery	167
5.3.3	Hip replacement	167
5.3.4	Stroke	168
5.4	Summary and discussion	169
5.4.1	Summary	169
5.4.1.1	Admitting hospital	170
5.4.1.2	Outpatient sector	170
5.4.1.3	Specialised in-patient rehabilitation centres or hospitals	171
5.4.2	Discussion	172
6	Expensive medical equipment	173
6.1	Computer tomography	173
6.2	Magnetic resonance imaging	177
6.3	Cardiac catheter procedures	179
6.4	Digital subtraction angiography	181
6.5	Lithotripter	183
6.6	Radiotherapy	185
6.6.1	Linear accelerators	185
6.6.2	Cyclotron	187

6.6.3	Telecobalt therapy	188
6.7	Register of expensive medical equipment and regulatory measures	189
6.8	Summary	192
7	Health service constraints	198
7.1	Elective hip replacement	200
7.2	Coronary bypass surgery	203
7.3	Hemodialysis	207
7.4	Criteria for waiting lists - Waiting time, degree of disability and age	210
7.4.1	Waiting time	210
7.4.2	Degree of disability	211
7.4.3	Age as a criterion for waiting lists	211
7.4.4	Summary - Criteria for waiting lists	217
7.5	Summary	218
	References	223
Appendix I	Tables	233
Appendix II	Brief notes on cardiac rehabilitation in England	331
Appendix III	List of expensive medical equipment which must be authorised by the Health Ministry in Luxembourg	335
