Preface	ix
List of Tables	xv
List of Figures	xviii
Abbreviations	xxv

PART 1: LIFETIME INCOME AND MICROSIMULATION MODELS 1

CHAPTER 1: INTRODUCTION 3

1.1 Introduction	3
1.2 Simulating Longitudinal Data	7
1.3 Outline of this Book	10
1.4 Summary	12

CHAPTER 2: MICROSIMULATION MODELS 13

2.1 Introduction	13
2.2 Types of Microsimulation Models	15
2.3 Problems of Dynamic Microsimulation Models	28
2.4 Summary	36

CHAPTER 3: KEY CHARACTERISTICS OF THE HARDING MODEL 39

3.1 Introduction	39
3.2 Simulating the Impact of Government	41
3.3 Limitations of the Model	42
3.4 Income and Tax Measures Used in the Model	48
3.5 Summary	55

PART 2: LIFETIME RESULTS 57

CHAPTER 4: LIFETIME INCOME BY EDUCATION, FAMILY STATUS, AND EMPLOYMENT STATUS 59

4.1 Introduction	59
------------------	----

4.2	Lifetime Income by Education Status	60
4.3	Lifetime Income by Family Status	85
4.4	Lifetime Income by Unemployment Status	95
4.5	Summary	102

CHAPTER 5: THE DISTRIBUTION OF LIFETIME INCOME 105

5.1	Introduction	105
5.2	Lifetime Income Distribution of Males	107
5.3	Lifetime Income Distribution of Females	117
5.4	Income Sharing within the Family	125
5.5	Lifetime Income for the Entire Cohort	129
5.6	Summary	130

CHAPTER 6: LIFETIME VS ANNUAL INCOME DISTRIBUTION AND REDISTRIBUTION 135

6.1	Introduction	135
6.2	Annual Income Distribution by Sex	137
6.3	Lifetime vs Annual Distribution	150
6.4	Lifetime vs Annual Tax-Transfer Incidence	157
6.5	Cash Transfers and Adjusted Income Taxes	166
6.6	Lifetime vs Annual Incidence of Education	170
6.7	Summary	174

CHAPTER 7: LIFECYCLE INCOME DISTRIBUTION AND REDISTRIBUTION 177

7.1	Introduction	177
7.2	Lifecycle Income by Lifetime Income	178
7.3	Lifecycle Income by Lifetime Family Status	198
7.4	Lifecycle Income by Lifetime Education Status	210
7.5	Summary	220

PART 3: CONSTRUCTION OF THE MODEL 223

CHAPTER 8: THE DEMOGRAPHIC, DISABILITY AND EDUCATION MODULES 225

8.1	Introduction	225
8.2	Mortality	225
8.3	Disability, Handicap and Invalidity	229
8.4	Primary and Secondary Schooling	233

8.5	Tertiary Education	240
8.6	Family Formation and Dissolution	250
8.7	Fertility	260
8.8	Summary	264
<i>CHAPTER 9: LABOUR FORCE PARTICIPATION AND UNEMPLOYMENT</i>		267
9.1	Introduction	267
9.2	Overview of the Module	268
9.3	Labour Force Participation	275
9.4	Self-Employment Status	282
9.5	Full and Part-Time Status and Annual Hours Worked	283
9.6	Unemployment Status and Hours Unemployed	287
9.7	Full-Time Students and Invalids	294
9.8	Labour Force Profiles of the Cohort	295
9.9	Summary	300
<i>CHAPTER 10: EARNED AND UNEARNED INCOME</i>		303
10.1	Introduction	303
10.2	Simulating Earnings	304
10.3	Investment Income	325
10.4	Superannuation Income	330
10.5	Maintenance Income	335
10.6	Summary	337
<i>CHAPTER 11: GOVERNMENT EXPENDITURES AND TAXES</i>		339
11.1	Introduction	339
11.2	Social Security	341
11.3	Education Outlays	351
11.4	Income Tax	356
11.5	Summary	359
<i>CHAPTER 12: CONCLUSION</i>		361
12.1	Introduction	361
12.2	Lifetime vs Annual Income Distribution	364
12.3	Lifetime vs Annual Tax-Transfer Incidence	365
12.4	Intra vs Inter-Personal Income Redistribution	367
12.5	Relative Position of Men and Women	367
12.6	Lifetime Income by Education	369
12.7	Lifetime Income by Family Status	371

Appendix 1: The 1986 Australian Income Distribution Survey	375
Endnotes	381
References	385
Author index	407
Subject index	411

List of Tables

3.1	Example of Impact of Length of Life on Lifetime Income Measures	47
3.2	Income and Tax Measures Used in the Model	50
3.3	Equivalence Scale Used in the Model	52
3.4	Hypothetical Example of Income and Tax Measures Used in Model	54
4.1	Lifetime Measures for Males by Education	61
4.2	Lifetime Measures for Females by Education	68
4.3	Estimates of Lifetime Earnings After Standardising for Differential Labour Force Participation Patterns	80
4.4	Lifetime Disposable, Shared and Equivalent Incomes by Educational Status and Sex	83
4.5	Average Lifetime Income and Tax Measures for Women by Lifetime Family Status	87
4.6	Average Lifetime Income and Tax Measures for Men by Lifetime Family Status	90
4.7	Average Lifetime Income and Tax Measures by Lifetime Unemployment Status for Males	97
4.8	Average Lifetime Income and Tax Measures by Lifetime Unemployment Status for Females	101
5.1	Annualised Lifetime Income of Males, Ranked by Annualised Lifetime Equivalent Disposable Income	108
5.2	Other Characteristics of Males, Ranked by Deciles of Annualised Lifetime Equivalent Disposable Income	109
5.3	Annualised Lifetime Income of Females, Ranked by Annualised Lifetime Equivalent Disposable Income	118
5.4	Other Characteristics of Females, Ranked by Deciles of Annualised Lifetime Equivalent Disposable Income	119
5.5	Lifetime Income Characteristics of the Cohort, Ranked by Annualised Lifetime Equivalent Disposable Income	131
6.1	Characteristics of Decile Groups of Males, Ranked by Deciles of Annual Equivalent Income	139
6.2	Characteristics of Decile Groups of Women, Ranked by Deciles of Annual Equivalent Income	144
6.3	Annual Income and Other Characteristics of the Population, Ranked by Deciles of Annual Equivalent Income	149

6.4	Gini Coefficients and Coefficients of Variation of Selected Annualised Lifetime and Annual Income Measures	151
6.5	Cross Tabulation of Decile of Annual Equivalent Income by Decile of Annualised Lifetime Equivalent Income	156
6.6	Concentration Coefficients and Coefficients of Variation for Lifetime and Annual Distributions of Cash Transfers and Income Taxes	165
7.1	Income and Other Characteristics of Males by Age	179
7.2	Income and Other Characteristics of Females by Age	190
8.1	Impact of Differential Mortality Assumptions	228
8.2	Assumed Probability of Attending School Sectors by Sex at Age Five	236
8.3	Apparent Retention Rates to Years 10 and 12, Produced by the Model and From Other Data Sources	240
8.4	University and CAE Attendance Rates Produced by the Model and by Williams	247
8.5	Proportion of Legally Married and De Facto Couples, Australia 1986	255
8.6	Assumed Percentage of Ex-Nuptial Births in Simulation with Parents in Marriage-Like Relationship in the Model, by Age of Mother	262
8.7	Parity Progression Rates in the Model and in Australia	263
10.1	Regression Coefficients Used for Estimating Log of the Hourly Wage Rate for Males	306
10.2	Regression Coefficients Used for Estimating Log of the Hourly Wage Rate for Females	308
10.3	Mean and Variance of Log Hourly Earnings Rates for Various Groups Found in 1986 Income Distribution Survey and Produced by the Model	322
10.4	Average Absolute Change in Hourly Wage Rates Found in the US Panel Study on Income Dynamics and Produced by the Model	324
10.5	Proportion of Those in Labour Force Remaining in Same Total Earnings Decile or Quintile Found in Other Data Sources and Produced by the Model	325
10.6	Tobit Parameters Used to Estimate Male Superannuation Income	333
10.7	Proportion of Males and Females After Retirement Age Receiving Superannuation Income and Average Income Received by Education, Found in the 1986 IDS and Produced by the Model	336

10.8 Percentage of Sole Parents Receiving Maintenance by Age of Youngest Child, and Average Maintenance Received, Found in the 1986 IDS and Produced by the Model	337
11.1 Rates of Payment of Social Security Cash Transfers Included in Model	350
11.2 Weekly Education Allowance Rates Imputed in the Model	353
11.3 Proportion of Potentially Eligible Groups Receiving Various Education Transfers in the Model and in Australia in 1986	354
11.4 Annual Estimated Cost to Government of a Year of Education Provided to Various Types of Students	356
11.5 1985-86 Income Tax Schedules	357
11.6 1986 Tax Status of Income Components Included in the Model	358

List of Figures

2.1	Structure of Microsimulation Modelling Process	16
2.2	Wage Rates by Age: Longitudinal Cohort Profile	34
2.3	Wage Rates by Age: Cross Section Profile	34
4.1	Frequency Distribution of Total Gross Lifetime Income by Education for Males	62
4.2	Sources of Total Gross Lifetime Income by Education for Males	63
4.3:	Average Amounts of Total Lifetime Income Received by Sex and Education, Using Different Income Concepts	66
4.4:	Frequency Distribution of Total Lifetime Gross Income By Education for Females	69
4.5	Sources of Total Gross Lifetime Income by Education for Females	70
4.6	Components of Total Lifetime Cash Transfers Received by Women with Secondary Qualifications Only	73
4.7	Total and Annualised Lifetime Incomes for Those with Degrees or with Some Tertiary Qualifications, as a Proportion of Comparable Incomes of Those with Only Secondary Qualifications	75
4.8	Lifetime Earnings of Those with Tertiary Qualifications as a Proportion of the Earnings of Those with Only Secondary Qualifications	81
4.9	Annualised Lifetime Original, Gross and Disposable Income of Women by Lifetime Family Status	88
4.10	Annualised Lifetime Original, Gross and Disposable Incomes of Men by Lifetime Family Status	91
4.11	Annualised Lifetime Disposable, Shared and Equivalent Incomes of Women as a Percentage of the Incomes of Ever Married Women Without Children	93
4.12	Annualised Lifetime Disposable, Shared and Equivalent Incomes of Men as a Percentage of the Incomes of Ever Married Men Without Children	95
4.13	Comparison of Annualised Lifetime Original, Gross and Disposable Incomes by Sex and Lifetime Unemployment Status	98

4.14	Annualised Lifetime Original, Gross, Disposable and Equivalent Incomes by Unemployment Status as a Percentage of the Incomes of the Never Unemployed by Sex	100
5.1	Sources of Annualised Lifetime Gross Income for Males, Ranked By Quintile Groups of Annualised Lifetime Equivalent Disposable Income	111
5.2	Frequency Distribution of Annualised Earnings for Males	111
5.3	Annualised Lifetime Cash Transfers Received and Income Tax Paid by Men, Ranked by Deciles of Annualised Lifetime Equivalent Income	114
5.4	Effect of Tax/Transfer System Upon the Lifetime Income of Men, Ranked by Quintile Groups of Annualised Lifetime Equivalent Income	114
5.5	Lorenz Curves of Annualised Lifetime Original, Gross and Disposable Income for Men	116
5.6	Frequency Distribution of Annualised Lifetime Earnings for Females	120
5.7	Sources of Annualised Lifetime Gross Income for Females, Ranked by Quintile Groups of Annualised Lifetime Equivalent Disposable Income	120
5.8	Annualised Lifetime Cash Transfers Received and Income Tax Paid by Women, Ranked by Deciles of Annualised Lifetime Equivalent Income	123
5.9	Effect of Tax/Transfer System Upon the Lifetime Income of Women, Ranked by Quintiles of Annualised Lifetime Equivalent Income	124
5.10	Lorenz Curves of Annualised Lifetime Original, Gross and Disposable Income for Women	125
5.11	Lorenz Curves of the Annualised Lifetime Disposable and Equivalent Incomes of Men and Women	127
5.12	Annualised Lifetime Disposable and Equivalent Incomes of Women, Ranked by Deciles of Annualised Equivalent Income, As Percentage of Comparable Incomes of Men	128
6.1	Sources of Annual Gross Income for Men, Ranked by Quintile Groups of Annual Equivalent Income	138
6.2	Cash Transfers Received and Income Tax Paid by Men, Ranked by Deciles of Annual Equivalent Income	140
6.3	Effect of Tax/Transfer System Upon the Annual Income Distribution of Men, Ranked by Quintiles of Annual Equivalent Income	141
6.4	Lorenz Curves of Annual Original, Gross and Disposable Income for Men	142

6.5	Sources of Annual Gross Income for Women, Ranked by Quintile Groups of Annual Equivalent Income	143
6.6	Cash Transfers Received and Income Tax Paid by Women, Ranked by Deciles of Annual Equivalent Income	145
6.7	Effect of Tax/Transfer System Upon the Annual Income Distribution of Women, Ranked by Quintiles of Annual Equivalent Income	146
6.8	Lorenz Curves of Annual Original, Gross and Disposable Income for Women	147
6.9	Lifetime and Annual Incidence of Cash Transfers by Sex	159
6.10	Concentration Curves of Lifetime and Annual Cash Transfers Received for Men and Women	161
6.11	Lifetime and Annual Incidence of Income Tax for Men and Women	163
6.12	Concentration Curves of Lifetime and Annual Income Tax Paid by Men and Women	164
6.13	Difference Between Average Annualised Cash Transfers Received and Average Annualised Adjusted Income Taxes Paid By Sex	167
6.14	Difference Between Average Annualised Cash Transfers Received and Average Annualised Adjusted Income Taxes Paid For Entire Cohort	169
6.15	Difference Between Average Annual Cash Transfers Received and Average Annual Adjusted Income Taxes Paid For Whole Population	170
6.16	The Lifetime and Annual Incidence of Education Cash Transfers and Imputed Education Services Income by Sex	172
6.17	The Lifetime Incidence of Education Cash Transfers and Imputed Education Services Income	173
7.1	Average Amounts of Income Received Each Year by Age by Males	178
7.2	Average Amounts of Income Received Each Year by Age by Males Placed in the Lowest Decile of Annualised Lifetime Equivalent Income	181
7.3	Average Amounts of Income Received Each Year by Age by Males Placed in the Highest Decile of Annualised Lifetime Equivalent Income	181
7.4	Average Income Tax Paid or Cash Transfers Received by Age by Males	183
7.5	Average Income Tax Paid or Cash Transfers Received by Age by Males Placed in the Lowest Decile of Annualised Lifetime Equivalent Income	184

7.6	Average Income Tax Paid or Cash Transfers Received by Age by Males Placed in the Highest Decile of Annualised Lifetime Equivalent Income	184
7.7	Cumulative Gain or Loss from Taxes and Transfers During the Lifecycle for Males	186
7.8	Annual Equivalent Income by Age for Males, Ranked by Quintile of Annualised Lifetime Equivalent Income	187
7.9	Average Amounts of Income Received Each Year by Age by Females	189
7.10	Average Amounts of Income Received Each Year by Age by Females Placed in the Lowest Decile of Annualised Lifetime Equivalent Income	192
7.11	Average Amounts of Income Received Each Year by Age by Females Placed in the Highest Decile of Annualised Lifetime Equivalent Income	192
7.12	Average Income Tax Paid or Cash Transfers Received by Age by Females	193
7.13	Average Income Tax Paid or Cash Transfers Received by Age by Females in the Lowest Decile of Annualised Lifetime Equivalent Income	194
7.14	Average Income Tax Paid or Cash Transfers Received by Age by Females in the Highest Decile of Annualised Lifetime Equivalent Income	194
7.15	Cumulative Gain or Loss from Taxes and Transfers During the Lifecycle for Females	196
7.16	Annual Equivalent Income by Age for Females, Ranked by Quintile of Annualised Lifetime Equivalent Income	197
7.17	Average Income Received Each Year by Age by Never Married Males	199
7.18	Average Income Received Each Year by Age by Ever Married Males Who Spent 21 Or More Years in a Family with Dependent Children	199
7.19	Average Income Tax Paid or Cash Transfers Received by Age by Never Married Males	200
7.20	Average Income Tax Paid or Cash Transfers Received by Age by Ever Married Males Who Spent 21 Or More Years with Dependent Children	200
7.21	Cumulative Gain or Loss From Adjusted Taxes and Transfers During the Lifecycle for Never Married Males and Married Males with More Than 20 Years in Families with Dependent Children	201
7.22	Annual Equivalent Income by Age for Males by Lifetime Family Status	203

7.23	Average Income Received Each Year by Age by Ever Married Females with No Children	204
7.24	Average Income Received Each Year by Age by Ever Married Females with Three or More Children	204
7.25	Average Income Tax Paid or Cash Transfers Received by Age by Ever Married Females with No Children	205
7.26	Average Income Tax Paid or Cash Transfers Received by Age by Ever Married Females with Three or More Children	205
7.27	Cumulative Gain or Loss from Adjusted Income Tax and Cash Transfers During the Lifecycle, for Females Ranked by Family Status	207
7.28	Annual Equivalent Income by Age for Females Ranked by Lifetime Marital and Child Status	209
7.29	Average Income Received Each Year by Age by Males with Secondary School Qualifications Only	211
7.30	Average Income Received Each Year by Age by Males with Degrees	211
7.31	Average Income Tax Paid or Cash Transfers Received by Age by Males with Secondary School Qualifications Only	212
7.32	Average Income Tax Paid or Cash Transfers Received by Age by Males with Degrees	212
7.33	Cumulative Gain or Loss From Adjusted Income Tax and Cash Transfers During the Lifecycle for Males by Highest Educational Qualification Achieved	213
7.34	Annual Equivalent Income by Age for Males by Highest Educational Qualification Achieved	214
7.35	Average Income Received Each Year by Age by Females With Secondary School Qualifications Only	216
7.36	Average Income Received Each Year by Age by Females with Degrees	216
7.37	Average Income Tax Paid or Cash Transfers Received by Age by Females with Secondary School Qualifications Only	217
7.38	Average Income Tax Paid or Cash Transfers Received by Age by Females with Degrees	217
7.39	Cumulative Gain or Loss From Adjusted Income Tax and Cash Transfers During the Lifecycle, for Females Ranked by Highest Educational Qualification Achieved	219
7.40	Annual Equivalent Income by Age for Females by Highest Educational Qualification Achieved	220
8.1	Population Age Structure of the Simulated Population	230

8.2	Population Age Structure of Australia, 1986	230
8.3	Structure of the Disability Status Module	232
8.4	Structure of the Schooling Module	238
8.5	Schooling Records of Eight Individuals in the Model	239
8.6	Structure of the Full-Time University Education Module	246
8.7	Lifetime Educational Qualifications of the Pseudo-Cohort by Sex	250
8.8	Tertiary Education Records of Eight Individuals in the Model	251
8.9	Number of Marriages During the Lifetimes of Males and Females in the Model	257
8.10	Number of Divorces During the Lifetimes of Males and Females in the Model	259
8.11	Structure of the Family Formation and Dissolution Module	260
8.12	Number of Children Born to Cohort Females	264
8.13	Lifetime Family Formation, Dissolution and Fertility Records of Fourteen Individuals in the Model	265
9.1	Structure of the Labour Force Participation Model for Males	272
9.2	Structure of the Labour Force Participation Model for Females	273
9.3	Annual Labour Force Participation Rates of Males, by Age and Education, Found in the 1986 IDS and Simulated in the Model	278
9.4	Annual Labour Force Participation Rates of Females, by Age and Education, in the 1986 IDS and Simulated in the Model	281
9.5	Proportion of Those in the Labour Force Who Are Self-Employed, by Age and Sex, Found in the 1986 IDS and Simulated in the Model	284
9.6	Proportion of Non-Self-Employed Males in the Labour Force Experiencing Any Unemployment During Year, by Age and Education, Found in the 1986 IDS and Simulated in the Model	292
9.7	Proportion of Non-Self-Employed Females in the Labour Force Experiencing Any Unemployment During Year, by Age and Education, Found in the 1986 IDS and Simulated in the Model	294
9.8	Frequency Distribution of Number of Years Spent in the Labour Force by Sex	297
9.9	Frequency Distribution of Years Unemployed by Sex	299

9.10	Frequency Distribution of Years of Self-Employment by Sex	300
9.11	Frequency Distribution of Age of Final Labour Force Exit, by Sex	301
10.1	Fitted Log Hourly Wage Rates for Non-Self Employed Males Working Full-Time by Education and Age	312
10.2	Fitted Log Hourly Wage Rates for Non-Self-Employed Females Working Full-Time by Education and Age	312
10.3	Structure of the Investment Income Module	329
10.4	Mean Yearly Investment Income by Age and Education for Males Found in the 1986 IDS and Produced by the Model	331
10.5	Mean Yearly Investment Income by Age, Education and Marital Status for Females Found in the 1986 IDS and Produced by the Model	332
11.1	1985-86 Australian Federal Government Budget Outlays by Function	340
11.2	1985-86 Australian Federal Government Receipts by Source	341
11.3	Outlays on Income Maintenance Cash Benefits by the Department of Social Security, 1985-86	349
11.4	Outlays on Education by the Commonwealth by Function, 1985-86	351
