
CONTENTS

Preface	xiii
CHAPTER 1: Know Where You Are	1
The Dimensions of Business Reengineering.....	2
The Physical/Technical Dimensions.....	3
The Infrastructure Dimensions.....	5
The Value Dimensions	6
When Is Reengineering the Answer?.....	8
Creating the Business Case	14
Critical Success Factors for Business Reengineering Projects.....	15
CHAPTER 2: Lighting the Way	19
Business Process Redesign Principles.....	20
Organize Work Around Outcomes	22
Provide Direct Access to Customers	23
Harness Technology	24
Control Through Policies, Practices, and Feedback	24
Enable Interdependent and Simultaneous Work	25
Give Decision-Making Power to Workers	26
Build in Feedback Channels.....	26

Transformation Principles	27
Assumptions and Biases Shape Behavior	28
People Believe What You Do, Not What You Say.....	29
Involvement Breeds Acceptance.....	30
Just Don't Do Something, Sit There.....	31
Change the Foundation First	32
Change Takes Time, but Not That Much	32
Progress Is Not Linear, nor Is It Smooth.....	33
Continuous Process Improvement Principles	34
Improvement Is Everyone's Responsibility.....	35
Improvement Is Always Desirable	36
Pay Attention to Detail	37
Quality Requires Systemic Work.....	38
Create an Ongoing Exchange and Sharing of Information ...	38
Quality Is Driven by Individuals, Not Organizations	39
CHAPTER 3: Know Where You Are Going	41
Creating the Vision	41
Establishing Goals.....	43
The Visioning and Goal Setting Process	46
Problems Encountered Along the Way.....	46
Vision Idolatry.....	46
Tunnel Vision.....	47
Habitual Thinking	48
Practical Thinking	49
Sizing the Project.....	50
Scoping the Project	50
Setting Project Boundaries	54
Time Available to Complete the Project	56
Resources for the Project.....	57
Project Sizing Critical Factors	58

CHAPTER 4: Don't Walk Alone **71**

The Essential Nature of an Effective
Business Reengineering Team72

- Ability to Learn72
- Political Saavy73
- Committed to Persistence75

IS/IT Role in Business Reengineering75

Business Reengineering Team Structures77

- Business Executive Sponsors77
- Project Director 80
- Core Coordination and Support Team Members..... 80
- Project Champion Team Members..... 81
- Advisory Team Members82
- Implementation SWAT Groups83

A Closer Look at Core Group Roles84

- Project Operations Manager84
- Project Facilitator84
- Business Specialist85
- IS/IT Specialist85
- Financial Specialist86
- Knowledge Coordinator86

Project Team Operational Techniques86

Project Team Evolution to Maturity88

CHAPTER 5: Prepare for the Journey **91**

Step 1: Frame the Project.....94

- Statement of Purpose94
- Step 1 Outcome: Framework Statement.....96
- Step 1 Key Activities96

Contents

Step 1 Tips and Techniques	98
Step 2: Create the Vision, Values, and Goals	99
Statement of Purpose	99
Step 2 Outcome: Vision, Values, and Goals Statement	100
Step 2 Key Activities	100
Step 2 Tips and Techniques	102
Step 3: Redesign the Business Operation	103
Statement of Purpose	103
Step 3 Outcome: Reengineering Blueprint	103
Step 3 Key Activities	115
Step 3 Tips and Techniques	116
Step 4: Conduct Proof of Concept	127
Statement of Purpose	127
Step 4 Outcome: Benefits Statement	131
Step 4 Key Activities	132
Step 4 Tips and Techniques	134
Step 5: Plan the Implementation	134
Statement of Purpose	134
Step 5 Outcome: Implementation Plan	138
Step 5 Key Activities	140
Step 5 Tips and Techniques	141
Step 6: Obtain Implementation Approval	143
Statement of Purpose	143
Step 6 Outcome: Funded Resource Request	144
Step 6 Key Activities	144
Step 6 Tips and Techniques	145
Step 7: Implement the Redesign	145
Statement of Purpose	145
Step 7 Outcome: Measurement Results	146
Step 7 Key Activities	146
Step 7 Tips and Techniques	147

Step 8: Transition to a Continuous Improvement State.....	148
Statement of Purpose.....	148
Step 8 Outcome: Continually Improved Performance.....	148
Step 8 Key Activities.....	148
Step 8 Tips and Techniques.....	149
The Life of a Business Reengineering Project.....	149
CHAPTER 6: Move with Purpose	153
Why These Techniques?.....	154
The Job of the Reengineering Project Facilitator.....	157
What Does It Take to Be a Reengineering Project Facilitator?	159
Focus Group Interviews and Other Data Collection Mechanisms.....	161
Facilitated Meetings and Workshops.....	164
The Jefferson Company Design Department.....	165
Issue Resolution.....	167
Critical Reflection Technique— Continuous Process Improvement.....	168
The Secrets to Successful Reengineering.....	169
Starting a Team.....	169
Facilitating like Attila the Hun.....	170
Making It Real by Writing It Down.....	170
Focus, Focus, Focus.....	170
Putting Process Above Personalities.....	171
The Committed Fanatic.....	171
Practicing What You're Preaching.....	171

Managing Team Bias172

**CHAPTER 7: The Road Is Not Smooth,
Watch for Danger 173**

Leadership Imperfections174
 Defense Strategies for Leadership Imperfections.....177

Terrorists and Saboteurs179
 The Lone Ranger180
 The Game Player181
 The Opportunist182
 The Technocrat183
 The Pretender184
 Working Effectively with Terrorists and Saboteurs185

The Plight of Middle Management.....186
 Defense Strategies for the Plight of Middle Managers.....189

Anguish of Cultural Struggle189
 Mistaken Simplicity of Implementation190
 Logical vs. Political Solutions191
 Misaligned Visions192
 Defense Strategies for the Anguish of Cultural Struggle.....193

Project Paralysis.....195
 Perfectionism.....196
 Impatience196
 Dizziness of Possibilities.....196
 Letting Detail Fall Through the Cracks.....197

CHAPTER 8: Form the Neighborhood Watch 199

Measurement Fundamentals.....202
Collection Fundamentals205

Analytical Technique Fundamentals	207
Problem-solving Methodology Fundamentals.....	210
CHAPTER 9: Characteristics of the Successful Journey	213
Success Characteristics for Business Reengineers	215
Success Characteristic #1: Customers Matter Most	215
Success Characteristic #2: Create and Keep Only What is Value Adding.....	216
Success Characteristic #3: Lead from the Top; Work the Detail from the Bottom	216
Success Characteristic #4: Design the Whole; Implement in Pieces	217
Success Characteristic #5: Be Disciplined and Stick to It	218
Success Characteristic #6: Don't Let Consultants Do It for You or to You	218
Is There an Ideal Reengineered World?	219
Beacon: Business Strategy	219
Beacon: Business Process and Work Flows.....	219
Beacon: Jobs and Organization Structure.....	219
Beacon: Information Technology	220
Beacon: Reward Systems.....	220
Beacon: Management Strategies.....	220
Beacon: Values and Culture	220
The Ideal Business Reengineer.....	221
Bibliography	223
Appendix A: Current Situation Analysis Diagnostic	229

Appendix B: Instructions and Procedures for Focus Group Interviews	235
Appendix C: Designing and Using Facilitated Meetings	239
Appendix D: Designing and Using Facilitated Workshops	253
Appendix E: The Jefferson Company Design Department Vision Workshop Script	273
Index	293
