| <b>SUMMARY</b>   | 5           |
| <b>I. BACKGROUND</b>   | 7           |
| <b>II. REVIEW OF EARLIER DEVELOPMENT DECADES</b>                               | 9           |
| <b>III. UNMET NEEDS OF CHILDREN</b>  | 15          |
| <b>IV. UNPRECEDENTED OPPORTUNITIES</b>   | 19          |
| <b>V. GOALS FOR CHILDREN AND DEVELOPMENT IN THE 1990s</b>                      | 23          |
| Major goals for child survival, development and protection<br>by the year 2000 | 24          |
| Specific/sectoral goals  | 25          |
| Maternal health  | 25          |
| Child health   | 26          |
| Nutrition  | 26          |
| Safe water supply and environmental sanitation                                 | 28          |
| Basic education  | 28          |
| Literacy   | 29          |
| Early childhood development  | 29          |
| Children in especially difficult circumstances                                 | 30          |
| <b>VI. STRATEGIC PRIORITIES FOR REACHING THE GOALS</b>                         | 31          |
| Going to scale   | 32          |
| Reaching the unreached and hard to reach                                       | 32          |
| Disparity reduction  | 33          |
| Community participation  | 33          |
| Area-based programme approaches  | 33          |
| Research and development   | 34          |
| Empowerment of women for development   | 34          |
| Advocacy and social mobilization   | 35          |
| Development with a human face  | 36          |
| Environmental soundness and sustainability                                     | 37          |
| Monitoring and evaluation  | 37          |

|  |           |
|--|-----------|
| National capacity-building   | 38        |
| Building the economic base for meeting human goals   | 38        |
| Alleviation of critical poverty  | 38        |
| Debt relief  | 39        |
| Trade and commodity agreements   | 39        |
| Increased resource flows for development   | 40        |
| Growth in industrialized countries   | 41        |
| <br>   |           |
| <b>VII. PROGRAMME APPROACHES IN DIFFERENT COUNTRY SITUATIONS</b>   | <b>43</b> |
| Least developed countries  | 44        |
| Low- and middle-income countries   | 45        |
| Higher-income developing countries   | 45        |
| Land-locked and small island countries   | 47        |
| Large developing countries   | 48        |
| Industrialized countries   | 48        |
| <br>   |           |
| <b>VIII. KEY OPERATIONAL STRATEGIES FOR UNICEF</b>   | <b>51</b> |
| Programme strategies   | 51        |
| External relations strategies for programme advocacy and resource mobilization                                   | 53        |
| Organizational and management strategies   | 56        |
| <br>   |           |
| <b>IX. UNICEF EXECUTIVE BOARD DECISION 1990/2</b>  | <b>59</b> |
| <br>   |           |
| <b>List of figures</b>   |           |
| I. Annual number of deaths of children under five by main causes   | 17        |
| II. Global estimated deaths and lives saved, children under five years of age, 1980-2000                         | 21        |
| <br>   |           |
| <b>List of tables</b>  |           |
| I. A review of selected goals and achievements of the first, second and third United Nations development decades | 10        |
