Introduction	1
H.J. DEEG	
I. Pretransplant Considerations	
1. Rationale and Indications for Transplantation	7
H.J. DEEG	
2. Timing of Transplantation	15
H.-G. KLINGEMANN	
3. Stem Cell Sources	27
G. VAN ZANT	
4. Preparation for Stem Cell Transplantation	35
G.L. PHILLIPS	
5. Cost Considerations	47
H.J. DEEG, G.L. PHILLIPS	
II. Transplant Procedure	
1. Conditioning Regimens	53
G.L. PHILLIPS	
2. Collection and Processing of Stem Cells	69
G. VAN ZANT	
3. In Vitro Expansion of Stem Cells	81
G. VAN ZANT	
4. Genetic Manipulation of Hematopoietic Stem Cells	87
G. VAN ZANT, H.J. DEEG	
5. Prevention and Treatment of Relapse	93
H.-G. KLINGEMANN	

III. Transplant-Related Problems

- | | |
|--|-----|
| 1. Side Effects of Conditioning Regimens | 103 |
| G.L. PHILLIPS | |
| 2. Graft Failure | 115 |
| H.J. DEEG | |
| 3. Graft-Versus-Host Disease | 127 |
| H.J. DEEG | |
| 4. Management of Infections | 143 |
| G.L. PHILLIPS | |
| 5. Single and Multi-Organ Failure | 159 |
| H.-G. KLINGEMANN | |
| 6. Chronic Graft-Versus-Host Disease | 183 |
| H.-G. KLINGEMANN | |
| 7. Delayed Complications | 199 |
| H.J. DEEG | |

IV. Long-Term Follow-Up

- | | |
|---|-----|
| 1. Follow-Up After Discharge from the Transplant Center | 211 |
| H.J. DEEG | |
| 2. Rehabilitation | 217 |
| H.J. DEEG | |

- | | |
|-------------------------|-----|
| Quo Vadis? | 219 |
| H.J. DEEG | |
