| Foreword | |
| <i>Y Christen</i> | ix |
| <i>List of Contributors</i> | xi |
| <i>Ginkgo biloba</i> extract (EGb 761) and vasomotor adaptation | |
| <i>M Auguet, F Clostre</i> | 1 |
| Effects of <i>Ginkgo biloba</i> extract (EGb 761) on vascular regulation | |
| <i>O Stücker, C Pons, JP Duverger, P d'Arbigny, K Drieu</i> | 9 |
| <i>Ginkgo biloba</i> extract (EGb 761) and adaptation to radiation | |
| <i>I Emerit, A Alaoui-Youssefi, L Cernjavski, A Levy, N Oganessian, A Pogossian, R Arutyunyan, T Sarkisian</i> | 21 |
| <i>Ginkgo biloba</i> extract (EGb 761) and mountain sickness adaptation | |
| <i>JP Roncin, F Schwartz, P d'Arbigny</i> | 31 |
| Effects of <i>Ginkgo biloba</i> extract (EGb 761) on recovery from peripheral vestibular deafferentation (vestibular compensation) | |
| <i>CL Darlington, PF Smith, K MacLennan</i> | 47 |
| <i>Ginkgo biloba</i> extract, a metabolic regulator of hypoxia-induced ATP decrease in endothelial cells | |
| <i>D Janssens, C Michiels, K Drieu, J Remacle</i> | 59 |
| Cognitive dysfunction induced by cranial irradiation: effect of <i>Ginkgo biloba</i> extract (EGb 761) in 4-month-old male rats | |
| <i>I Lamproglou, G Boisserie, R Vranckx, F Baillet, B Bok, K Drieu</i> | 73 |
| Chronic mild stress-induced dysregulation of decision-making in mice: regulatory effect of long-term treatment with <i>Ginkgo biloba</i> extract (EGb 761) | |
| <i>MC Pardon, E Lepicard, F Perez-Diaz, Y Christen, C Cohen-Salmon</i> | 89 |
| Serotonergic system and <i>Ginkgo biloba</i> extracts | |
| <i>G Fillion, MP Fillion, F Bolaños-Jiménez</i> | 99 |

| | |
|--|-----|
| Regulation of peripheral benzodiazepine receptor, glucocorticoid synthesis and neuroprotection by the <i>Ginkgo biloba</i> extract (EGb 761) and isolated ginkgolide B <i>H Amri, K Drieu, V Papadopoulos</i> | 117 |
| <i>Ginkgo biloba</i> extract (EGb 761) anti-stress effects on hippocampal glucocorticoid receptors: comparison with diazepam <i>JR Rapin, P Provost, K Drieu</i> | 129 |
| From pharmacology to clinic: how adaptive responses could lead to therapeutic applications of <i>Ginkgo biloba</i> extract (EGb 761) <i>A Marchand, D Bonnot, MT Droy-Lefaix</i> | 139 |
| <i>Index</i> | 149 |
