<i>Preface</i>	x
1 Output Collapse and Economic Recovery in Central and Eastern Europe <i>Hansjörg Herr, Silke Tober and Andreas Westphal</i>	1
2 Endogenous Budget Deficits During Transition: The Mechanism and Policy Response <i>Dariusz K. Rosati</i>	45
3 Macroeconomic Transformation in Eastern Europe: The Role of Monetary Policy Reconsidered <i>Peter Bofinger</i>	77
4 Economic Transformation in the Visegrád Countries: A Comparison <i>László Csaba</i>	96
5 The Visegrád Economies in Transition: The Comparative Perspective of the Macroeconomic Stabilization Pentagon. A Comment on Csaba <i>Grzegorz W. Kolodko</i>	115
6 Exchange versus Production as the Basis for the Design of Monetary, Fiscal and Exchange Rate Policies for the Transformation Process <i>Jan A. Kregel</i>	124
7 A Comment on Kregel <i>Hajo Riese</i>	137
8 Stability and Credibility in the Transition Process of the Previously Centrally Planned Economies: A Comparison with the Post-War Italian Experience <i>Biagio Bossone and Francesco Papadia</i>	141

9	Wage Determination and Incomes Policy During Economic Transitions in Eastern Europe <i>Robert J. Flanagan</i>	176
10	Privatization in Comparative Perspective: An Overview of Key Issues <i>Paul G. Hare</i>	192
11	On the Limits of Dual Sector Models of Post-Socialist Economies: A Comment on Hare <i>David Stark</i>	215
12	Determinants of Privatization Strategies: The Hungarian and German Experiences <i>Thomas Schmid-Schönbein</i>	222
13	The Exchange Rate and Transition: The Case of the Former Czechoslovakia <i>Miroslav Hrnčíř</i>	228
14	The Central and East European Countries and the EC <i>Richard Portes</i>	256
15	The European Monetary System and Development Strategies for Countries in Central and Eastern Europe <i>Jürgen Kröger and Manfred Teutemann</i>	273
16	From Stabilization to Growth: Reconsidering Trade and Foreign Investment <i>Stefan Collignon</i>	289
	<i>Name Index</i>	306

Tables and Figures

TABLES

1.1	Gross domestic product (at constant prices)	1
1.2	Industrial production	2
1.3	Prices and nominal wages	3
1.4	Deposit rates, lending rates, CPI and foreign currency deposits	9
1.5	Gross fixed investment (at constant prices)	13
1.6	Unemployment rates	17
1.7	General government budget, balance in % of GDP	19
1.8	Current account, foreign debt and international reserves	33
2.1	The budget in transition economies, 1990–2	50
2.2	The state budget in Poland, 1988–92	51
2.3	Cumulative change in the real money stock and in GDP in 1990–2, selected transition economies (%)	62
2.4	Initial foreign exchange adjustments in transition economies	64
2.5	Changes in nominal and real exchange rates in selected transition countries, 1991–2	65
2.6	Selected items of budget revenue in transition countries 1990–2 (% of total revenue)	72
2.7	Tax regimes in transition economies, as of 1 January 1993 (tax rates in %)	73
3.1	Budget balances in the CSFR, Hungary and Poland (general government, in % of GDP)	79
3.2	Development of real credit in the CSFR, Hungary and Poland (credit to the enterprise sector deflated by the producer price index)	79
3.3	Macroeconomic data for the CSFR, Hungary and Poland in 1992	80
3.4	Real wages	86
5.1	MSP: macroeconomic stabilization 1990–2	118
8.1	Italy's government budget in 1938–52 (balance, on a cash basis, in % of GNP)	148
8.2	Italy's money, deposit/loan ratio, GNP 1938–52	148
8.3	Italy's prices and wages, 1938–52	149
8.4	Italy's invisible trade, 1947–50 (in % of GNP)	153
8.5	Italy's balance of payments, 1947–50 (in % of GNP)	158
8.6	Italy's trade balance with the US dollar area, 1947–50 (in % of GNP)	158
8.7	Stabilization and reform programmes in Central-Eastern Europe and in 1947 Italy	161

8.8	Macroeconomic performance	163
9.1	Employment in the state and private sectors (percent distribution)	178
9.2	Minimum wage relative to average gross wage (%)	185
10.1	The rate of privatization (varying α and p)	201
10.2	The rate of privatization (variations in f and s_w)	201
10.3	The rate of privatization (variations in tax rates (r) and government spending (g))	202
11.1	Enterprise forms in Hungary, 1988–92	219
13.1	Balance of payments in convertible currencies (in US\$ million)	235
13.2	Balance of payments development in 1992 – convertible currencies (in US\$ million)	236
13.3	Official exchange rate, purchasing power parity and parallel market rate of the Czechoslovak koruna in 1989–92 (Kcs per US\$, average per period)	240
13.4	Effective exchange rates DM 0.65 + US\$ 0.35 per Kcs (indices January 1990 = 100)	243
13.5	Consumer prices in Czechoslovakia, Hungary and Poland in 1986–92 (average annual percentage change)	245
13.6	Inflation differential with respect to market economies (CPI, 1985 = 100)	245
13.7	Unit labour costs (ULC) in Czechoslovak industry in 1990–2 (percentage changes, January 1990 = 100)	246
13.8	Unit labour costs (ULC) and their components (January 1990 = 100)	247

FIGURES

3.1	Command economy	80
3.2	Adjustment without friction	85
3.3	Labor market in East Germany	89
5.1	Macroeconomic stabilization pentagon: Czechoslovakia 1990–2	119
5.2	Macroeconomic stabilization pentagon: Hungary 1990–2	120
5.3	Macroeconomic stabilization pentagon: Poland 1990–2	121
13.1	Official exchange rate, purchasing power parity and parallel market rate of Kcs	239
13.2	Effective exchange rate DM 0.65 + US\$ 0.35 per Kcs	242
13.3	Unit labour costs in Czechoslovak industry, 1990–2	246
16.1	Sectoral return on capital	301
16.2	Sectoral rates of return and labour–capital ratios: Czechoslovakia	303
