Introduction ix

PART I

Examination and Diagnosis

Lesson 1 **When Endodontic Surgery Should Be Considered** 3
Surgical Considerations

Lesson 2 **Preclinical Evaluation of the Patient** 5
Objective/Note/Problems

Lesson 3 **Medical Considerations** 11
Objective/Note/Major Risk Conditions/
Minor Risk Conditions/
Situations Requiring Professional Judgment/
A Legal Perspective on Antibiotic Prophylaxis

Lesson 4 **Clinical Considerations** 17
Objective/Instruments and Materials/Examination

Lesson 5 **Radiographic Considerations** 19
Objective/Instruments and Equipment/
Interpretation of Radiographic Information

Lesson 6 **Case Presentation** 23
Objective/Background Information/Technique/Problems

Lesson 7 **Patient Consent** 27
Objective/Note/Responsibilities

PART II

Preparation for Surgery

- Lesson 8** **Operatory and Surgical Equipment Preparation** 33
Objective/Note/Instruments and Materials/
Sterilization Techniques
- Lesson 9** **Preparation of the Patient** 37
Objective/Materials and Equipment/Technique
- Lesson 10** **Preparation of Surgeon and Surgical Assistant** 39
Objective/Note/Materials and Techniques/Problems
- Lesson 11** **Patient Care Management** 41
Objective/Note/Conscious Sedation Techniques/
Problems
- Lesson 12** **Surgical Instrument Selection** 45
Objective/Surgical Hand Instruments/
Selected Adjunctive Instruments/Handpieces/
Root End Instruments/Microsurgical Instruments/
Illumination

PART III

Surgical Techniques

- Lesson 13** **Flap Design** 51
Objective/Note/Considerations/Techniques
- Lesson 14** **Incision** 57
Objective/Note/Instruments/Techniques/Problems
- Lesson 15** **Elevation** 65
Objective/Instruments/Techniques/Problems
- Lesson 16** **Retraction** 75
Objective/Retractors/Technique/Problems
- Lesson 17** **Osteotomy** 79
Objective/Instruments/Technique/Problems
- Lesson 18** **Curettage** 83
Objective/Instruments/Technique/Problems
- Lesson 19** **Biopsy** 89
Objective/Note/Instruments and Materials/Technique/
Problems

Lesson 20**Apicoectomy 93**

Objective/Instruments/Technique/Problems

Lesson 21**Apical Approach to the Palatal Root 99**Objective/Technique Adjustments/
Transantral Surgical Technique**Lesson 22****Retrograde Instrumentation: Root End Preparation 105**Objective/Note/Ultrasonic Root End Preparation/
Instruments/Technique/Problems**Lesson 23****Hemorrhage Control 117**

Objective/Materials and Techniques/Problems

Lesson 24**Root End Filling Materials 121**

Objective/Note/Materials/Conclusion

Lesson 25**Root End Filling Procedure 125**Objective/Instruments and Materials/Technique/
Problems**Lesson 26****Suture Materials 133**

Objective/Instruments

Lesson 27**Suturing 135**

Objective/Note/Techniques/Suggestions

Lesson 28**Microsurgery 145**Objective/Note/Instruments/Operating Positions/
Techniques**PART IV****Postsurgical Care****Lesson 29****Immediate Postsurgical Care 151**

Objective/Techniques

Lesson 30**Postsurgical Instructions 153**

Objective/Note/Suggestions

Lesson 31**General Antibiotic Management 155**Objective/Note/Indications/Antibiotic Recommendations/
Problems**Lesson 32****Postsurgical Pain 159**

Objective/Note/Analgesic Techniques/Problems

- Lesson 33** **Postsurgical Bleeding 163**
Objective/Materials/Technique/Problems
- Lesson 34** **Postsurgical Swelling 167**
Objective/Note/Prevention/Healing/Problems/Guidelines
- Lesson 35** **Postsurgical Flap Problems 171**
Objective/Note/Instruments and Materials/
Technique/Considerations
- Lesson 36** **Postsurgical Evaluation and Suture Removal 173**
Objective/Note/Instruments and Materials/
Technique/Problems

PART V

Surgical Management of Difficult Endodontic Conditions

- Lesson 37** **Incision for Drainage 177**
Objective/Note/Instruments and Materials/Evaluation/
Treatment/Problems
- Lesson 38** **Perforation 187**
Objective/Note/Techniques/Problems
- Lesson 39** **Root Amputation, Hemisection, and Radectomy 191**
Objective/Note/Instruments/Techniques
- Lesson 40** **Periodontics and Endodontics 199**
Objective/Clinical Considerations/Instruments/
Techniques/Problems
- Lesson 41** **Atypical and Exploratory Surgery 203**
Objective/Note/Technique/Problems
- Lesson 42** **Extraction and Replantation 209**
Objective/Indications/Instruments/Technique/
Problems
