<i>Comment: PAOLO GARONNA</i>	35

2

<i>Externalities and the Linkages Between Trade Sector and Manufacturing</i>	43
--	----

ERNESTO FELLI and GIOVANNI TRIA

1. Introduction	43
2. A Model of Externalities	45
3. Data Sample	48
4. Dynamic Specification and Cointegration	49
5. Estimation	53
6. Results	55
7. Conclusions	57

3

Industrial Prices, Service Prices and Unemployment in Italy and Germany

PAOLA MANZINI and MASSIMO TIVEGNA

69

- | | |
|--|----|
| 1. Introduction | 69 |
| 2. The Theoretical Model | 74 |
| 3. Structure and Equations of the Estimated Models | 77 |
| 4. Model Simulation | 78 |
| 5. Concluding Remarks | 79 |
| <i>Comment:</i> GIOVANNI PIERSANTI | 97 |

4

The Growth of Market Service Sector in Italy

ROBERTO MONDUCCI and STEFANO PISANI

103

- | | |
|--|-----|
| 1. Structural Evolution of the Service Sector over the Last 20 Years | 103 |
| 2. The Role of Demand Factors | 120 |
| 3. Acceleration of Service Sector Expansion During the 1980's | 132 |

5

Indirect Productivity of Business Services Through Non-Material Investments

JACQUES DE BANDT

157

- | | |
|-------------------------|-----|
| 1. Introduction | 157 |
| 2. Measurement | 159 |
| 3. Some Major Questions | 171 |

PART II**International and Intersectoral Differences in Productivity: Catching-up or Divergence?****6**

<i>Structure and Change in Distribution System: An Analysis of Seven OECD Member Countries</i>	177
HENRY ERGAS	

1. Introduction	177
2. Distribution in Consumer Markets: The Changing Pattern	178
3. The Implications for Efficiency	194
4. Retailing and Public Policy	207
5. Distribution in Industrial Markets	223
<i>Comment:</i> CARLO PACE	243

7

<i>Does Productivity Converge Across Countries and Across Sectors? Empirical Evidences from Eight OECD Countries</i>	249
VINCENZO ATELLA and FURIO CAMILLO ROSATI	

1. Introduction	249
2. Convergence	253
3. The Database	260
4. Econometric Methodology and Empirical Results	269

8

<i>Productivity Growth in Service and Non-Service Industries: Implications for Convergence</i>	285
HENNING KLODT	

1. Introduction	285
2. Convergence	287
3. Structural Adjustment	290
4. Conclusions	297

9

- The Comparative Performance of Industrial and Service Firms in the Eighties: An Italian Story* 303
PASQUALE L. SCANDIZZO

1. Introduction 303
2. The Measure of Performance 304
3. The Economic Performance 314
4. The Financial Performance 323
5. Some Conclusions 331

10

- The Productivity Differential Between Manufacturing and Services in Italy: Technical Progress or Competition Deficit?* 335
GUIDO PELLEGRINI

1. Introduction 335
2. The Data 341
3. The Model 345
4. The Results 347
5. Conclusions 352
