

Table of Contents/Table des matières

Chapter/Chapitre 1

Introduction

Bertil Bucht

1. The Rationale for Network B	16
2. The Relevance to Policy	17
3. A Conceptual Model	17
4. The Network's Background and Process of Work	18
5. The Domain of Study	19
6. The Indicators	19
7. The Contents of this Volume	20
References	21

Chapter/Chapitre 2

Indicators of Network B

Indicateurs du Réseau B

Olof Jos and Kenny Petersson

1. Overview of Indicators	24
2. Short Descriptions of the Indicators	25
Indicators within the Cluster "Context of Education"	25
Indicators within the Cluster "Results of Education"	26
Indicators within the Cluster "Costs, Resources and School Processes"	27
3. Some Indicators under Development	27
4. Data Availability and Data Collection Strategy	27
References	28

Chapter/Chapitre 3

Concepts and Definitions
Concepts et définitions

Thomas J. Healy and Allan Nordin

1. Introduction	30
2. International Standard Classification of Education (ISCED)	31
Changing Structures of Education	31
Measuring Education	32
Proposed Changes in the ISCED Classification	34
Data Sources	34
3. International Standard Classification of Occupations (ISCO-88)	35
The Design and Structure of ISCO-88	35
Data Collection	36
4. The Standard ILO/OECD Definitions of Labour Force Concepts	37
5. International Standard Classification of Industry (ISIC)	38
6. Definitions Developed by Network B	39
School Leavers	39
Continuing Education and Training (CET)	39
Relative Earnings from Work	40
7. Special Indices Used by Network B	41
Index of Educational Attainment	41
8. Conclusion	42
<i>Annex: Description of ISCED</i>	<i>43</i>
References	44

Chapter/Chapitre 4

Contextual Factors Surrounding Transitions from Education to the Labour Market
Facteurs contextuels influant sur le passage de la formation à la vie active

Kenneth D. Bennett

1. The General Indicators Model	47
2. Demography	48
3. Geographical Factors	49
4. Economic Factors	50
5. Socio-cultural Factors	50
6. Additional Social Factors	51
7. Goals and Values	53
8. Historical and Political Issues	54
9. Conclusion	54
References	54

Chapitre/Chapter 5

La transition entre l'école et l'emploi
Transition from School to Employment

Michel-Henri Gensbittel et Christine Mainguet

1. Le concept de transition	56
2. Les enjeux politiques de l'analyse de la transition entre l'école et l'emploi	57
3. Les facteurs influant sur la transition entre l'école et l'emploi	58
4. Les indicateurs disponibles sur la transition entre l'école et l'emploi	60
5. Les indicateurs en cours de développement	63
6. Priorités pour le développement de futurs indicateurs	66
Références	67

Chapter/Chapitre 6

Education, Employment and Unemployment
Formation, emploi et chômage

Birgitte Bovin

1. Introduction	70
2. Three Key Indicators	72
3. Results	73
4. Related Indicators	78
5. Some Weaknesses and Possible Improvements	79
6. Summary	79
References	81

Chapter/Chapitre 7

The Rate of Return to Education: A Proposal for an Indicator
Le taux de rendement de la formation : proposition d'indicateur

Nabeel Alsalam and Ronald Conley

1. Introduction	84
2. Individual and Social Rates of Return	86
Distribution of Benefits and Costs	87
Marginal Rates of Return	89
Problems in Estimating Rates of Return	89
Findings from International Comparisons of Rates of Return	91
3. Experimental Rate of Return to Education Indicator	93
Sensitivity of Results to Assumptions about Missing or Limited Data	95
4. Conclusions and Recommendations	95

Annexes:

1. Procedure of the Rate of Return Calculations	98
---	----

2. Limitations of the Rate of Return Calculations	101
3. Sensitivity Analysis of Rates of Return	102
References	108

Chapter/Chapitre 8

Gender Disparities in Labour Market Outcomes of Education *Différences dans la situation des hommes et des femmes sur le marché du travail à l'issue de leur formation*

Nicholas Pole

1. The Context for Labour Market Analysis of Gender Disparities	112
2. Gender as a Unit of Analysis in the INES Project	114
3. ISCED and the Analysis of Gender	114
4. Gender Differences in Educational Attainment	115
5. An Index of Gender Differences in Education	116
The Dissimilarity Index	116
The Advantage Index	117
6. Educational Attainment and Labour Market Participation	118
7. Labour Market Segregation	120
8. Gender Differences in Unemployment	120
9. Education and Earnings	121
10. Conclusion	122
References	123

Chapter/Chapitre 9

Methodological Issues in the Calculation of an Index of Gender Differences *Problèmes méthodologiques posés par le calcul d'un indice des disparités entre les hommes et les femmes*

Luc Van de Poele

1. Introduction	126
2. Criteria for Measures of Gender Differences in Educational Attainment	127
3. Ratio Values	127
4. The Dissimilarity Index	128
5. The Advantage Index	130
6. The Years of Schooling Index	134
7. Conclusion	136
References	137

Chapter/Chapitre 10
Indicators of Continuing Education and Training
Indicateurs de la formation continue
Anna Borkowsky, Maurice van der Heiden and Albert Tuijnman

1. The Changing Policy Context	140
2. The Orientation of Continuing Education and Training (CET)	142
3. Why Develop CET Indicators?	143
4. Previous and On-going Work on Training Statistics	144
5. What CET Indicators Might be Proposed?	145
Cost, Expenditure and Finance	145
Duration	146
Providers	146
Participation	146
Appraisal and Certification	147
Individual and Social Returns to CET	147
6. The Development of CET Indicators	147
7. Preliminary Results	148
8. Some Critical Observations	149
9. Proposed Further Work on CET Indicators	154
Duration of CET	154
Social Background of Participants	154
Characteristics of the Providers	155
Institutional Statistics	155
10. Conclusions	155
References	156

Chapter/Chapitre 11

Conclusions

Bertil Bucht

1. Weaknesses and Strengths	159
2. Options for the Future	159
