## Tables

|     |   |     |
|-----|---|-----|
| 1.1 | Unemployment in the G7, 1964–73 and 1983–92   | 4   |
| 1.2 | Overall Productivity Growth: GDP Per Person Employed  | 6   |
| 1.3 | Manufacturing Productivity Growth in the G7   | 6   |
| 1.4 | Growth of Real GDP—The “Slowdown”   | 9   |
| 3.1 | Variations in Growth Rates of Advanced Capitalist Countries Over Time, 1820–1989  | 44  |
| 3.2 | Declining U.S. Technological Hegemony: Some Indicators  | 45  |
| 3.3 | The Ratio of Innovations Pioneered to Innovations Infused: An Example Comparing Convergence and Divergence                        | 51  |
| 5.1 | Indexes of Real Wages and Interest Rates and of the Wage/Interest Rate Ratio, by Decades, 1900–89                                 | 81  |
| 5.2 | Indexes of Average Real Wages, Average Real Prices of Investment Goods, and Their Ratio, by Decades, 1929–87                      | 82  |
| 5.3 | Private Domestic Economy: Average Annual Rates of Growth of Labor Hours, Capital, and Capital Per Labor Hour, by Decades, 1900–90 | 83  |
| 6.1 | Impact of Stagnation on People’s Well-Being   | 92  |
| 6.2 | Components of Decline in Workers’ Employment Earnings Potential   | 97  |
| 6.3 | What Happens to Output Growth? An Exercise in Growth Accounting   | 103 |
| 7.1 | The Golden Age and the Iron Age   | 111 |
| 7.2 | The Economic Records of Democrats and Republicans   | 115 |
| 7.3 | The International “Prisoners’ Dilemma”  | 117 |
| 7.4 | Selected Components of Business Investment  | 122 |
| 7.5 | Taxes on Corporate Profits as a Proportion of Government Receipts   | 125 |
| 8.1 | Average Rates of Unemployment in the United States  | 138 |
| 8.2 | The Changing Measure of Full Employment in the <i>Economic Report of the President</i>  | 141 |

**Figures**

|      |  |     |
|------|--|-----|
| 2.1  | Manufacturing Output: Twenty-Four Years of Stop-Go   | 23  |
| 2.2  | Unemployment Under Stop-Go   | 24  |
| 2.3  | Inflation During Stop-Go   | 25  |
| 2.4  | Pre-Thatcher Manufacturing Output  | 25  |
| 2.5  | Pre-Thatcher Unemployment  | 26  |
| 2.6  | Pre-Thatcher Inflation   | 27  |
| 2.7  | Inflation and Money Growth Lagged Two and a Half<br>Years During the (Pre-Thatcher) Seventies          | 28  |
| 2.8  | Manufacturing Output During Thirty-Three Years   | 29  |
| 2.9  | Unemployment   | 30  |
| 2.10 | Money Supply Growth (Lagged Two and a Half Years)<br>and Inflation: Bang Goes a Theory!                | 30  |
| 2.11 | Manufacturing Output During Forty-Three Years  | 33  |
| 2.12 | Unemployment   | 33  |
| 2.13 | Growth Rate of Money Stock   | 35  |
| 2.14 | Flow of Net Lending to Consumers As Percent of<br>Disposable Income                                    | 35  |
| 2.15 | Percent Change in Consumption in Successive Four-Year<br>Periods                                       | 36  |
| 2.16 | Household Debt as a Percent of Disposable Income   | 36  |
| 2.17 | Flow of Net Lending to Consumers as Percent of<br>Disposable Income                                    | 37  |
| 2.18 | Unemployment   | 37  |
| 2.19 | Manufacturing Investment as a Percent of GDP   | 39  |
| 2.20 | The Current Balance of Payments (as a Percent of GDP)  | 39  |
| 2.21 | The Current Balance of Payments, Oil and Non-Oil   | 40  |
| 3.1  | Intra-Triad Foreign Direct Investment, 1988 and 1989   | 55  |
| 6.1  | Workers' Employment Earnings Potential   | 96  |
| 6.2  | Workers' Employment Earnings Potential with<br>Combined Simulated "Counterfactuals"                    | 99  |
| 7.1  | Historical Growth in Labor Productivity  | 113 |
| 7.2  | Personal Consumption Expenditures  | 118 |
| 7.3  | FIL of Segmented Trend Through Log of Real Gross<br>Private Domestic Investment—Nonresidential 1947–91 | 120 |
| 7.4  | Net Exports  | 123 |
| 7.5  | Federal Government Spending  | 127 |

|     |   |     |
|-----|---|-----|
| 7.6 | Federal Government Purchases, Nonmilitary:<br>Durables, Nondurable, Services                        | 128 |
| 7.7 | Components of Government Spending as a<br>Percent of GNP  | 129 |
| 9.1 | Effects of Productivity Growth and Demand Saturation<br>on Overall Employment                       | 151 |
| 9.2 | Effects of Faster Productivity Growth when Effective<br>Demand is Wage-led                          | 154 |
| 9.3 | Effects of Faster Productivity Growth when Effective<br>Demand is Profit-led                        | 155 |
| 9.4 | Effect of Faster Productivity Growth on the Growth Rate<br>of Potential Output in the Wage-led Case | 157 |
| 9.5 | Wage-cutting vs. Productivity Growth in Reducing<br>Unit Labor Costs                                | 158 |
| 9.6 | A Three-gap Model   | 162 |
| 9.7 | An Adverse External Shock in a Three-gap Model  | 164 |
| 9.8 | A Favorable External Shock in a Three-gap Model   | 166 |
| 9.9 | A High Employment Profit Squeeze  | 169 |
