

# Table of Contents

<b>About the Author/Editor</b> .....	<b>xv</b>
<b>Contributors</b> .....	<b>xvii</b>
<b>Preface</b> .....	<b>xxi</b>
<b>Acknowledgments</b> .....	<b>xxiii</b>
<b>PART I—ORGANIZATION OF THE HOSPITAL</b> .....	<b>1</b>
<b>Chapter 1—History of Hospitals</b> .....	<b>3</b>
<i>Lawrence F. Wolper and Jesus J. Peña</i>	
Medicine and Hospitals As Political Factors .....	3
Mesopotamia .....	3
Greek Hospitals .....	4
Indian Hospitals .....	4
Roman Hospitals .....	4
Islamic Hospitals .....	4
The Middle Ages .....	5
Hospitals during the Renaissance .....	6
Hospitals on the American Continent .....	6
Hospitals in the Seventeenth, Eighteenth, and Nineteenth Centuries .....	8
The Modern Hospital and Health Systems .....	10
Classification of Hospitals .....	11
<b>Chapter 2—Hospital Organization and Management</b> .....	<b>16</b>
<i>I. Donald Snook, Jr.</i>	
How Large Is the Hospital Industry? .....	16
Growth in the Hospital Industry .....	16

What Kind of Services Does the Hospital Industry Provide? . . . . .	17
Organization . . . . .	17
The Medical Staff . . . . .	27
Strengthening Hospital and Physician Ties in the Future: New Partnerships . . .	30
<b>Chapter 3—The Medical Staff . . . . .</b>	<b>32</b>
<i>Martin Paris</i>	
Functions . . . . .	32
Historical Development . . . . .	32
Medical Staff Structure . . . . .	34
Committee Structure . . . . .	35
Medical Staff Departments . . . . .	37
Categories of Medical Staff Membership . . . . .	37
Legal Considerations . . . . .	38
Dynamics of Medical Staff/Hospital Interactions . . . . .	39
Changing Trends . . . . .	41
<b>Chapter 4—Nursing Administration: Practice, Education, and Research . . . . .</b>	<b>47</b>
<i>Barbara J. Brown and Beverly Henry</i>	
Development of Nursing into a True Profession . . . . .	47
Nursing Administration Education, 1900-1980 . . . . .	51
Nursing Administration Education in the 1980s . . . . .	56
Functions of the Nurse Executive . . . . .	57
Nursing in the Future . . . . .	82
<b>Chapter 5—Radiology . . . . .</b>	<b>88</b>
<i>Raleigh J. Hamilton, James A. Patton, and Sture V. Sigfred, Jr.</i>	
Physical Facilities . . . . .	88
Support Systems . . . . .	91
Specialty Areas . . . . .	93
Organization of the Radiology Department . . . . .	100
Records and Reports . . . . .	103
Billings, Collections, and Reimbursement . . . . .	104
Equipment Maintenance . . . . .	106
Marketing . . . . .	107
Total Quality Management . . . . .	107
Major Supply Items . . . . .	107
Radiology in the Twenty-First Century . . . . .	108
<b>Chapter 6—Laboratories . . . . .</b>	<b>110</b>
<i>Paul J. Brzozowski and Ellen A. Moloney</i>	
Service Levels . . . . .	110
Organization . . . . .	111
Staffing . . . . .	113

Information Systems .....	116
Physical Plant and Equipment .....	119
Laboratory Regulation .....	121
Strategic Planning .....	124
Conclusion .....	125
Appendix 6–A .....	126
Appendix 6–B .....	131
Appendix 6–C .....	132
<b>Chapter 7—Patient Access Services (Admitting): Into, Through, and Out of the Health Care Process</b> .....	<b>135</b>
<i>John Woerly</i>	
Areas of Responsibilities .....	135
Departmental Functions .....	137
Management Responsibilities .....	144
Staff Responsibilities .....	145
Emerging Technologies and Trends .....	145
Conclusion .....	146
<b>Chapter 8—Clinical Information Services</b> .....	<b>147</b>
<i>Joan Gratto Liebler</i>	
Centralized Clinical Information Service .....	147
Organizational Placement and Interdepartmental Relationships .....	148
Staffing Patterns and Job Titles .....	148
Legal, Regulatory, Accrediting, and Professional Requirements .....	149
The Patient /Client Record .....	150
The Content and Sequence of the Medical Record Document .....	150
The Functions of the Clinical Information System .....	154
Discharge Processing .....	156
Medical Dictation, Transcription, and Word Processing .....	157
Retention, Storage, and Retrieval Function .....	159
Conclusion .....	164
<b>Chapter 9—Inpatient Hospital Reimbursement</b> .....	<b>166</b>
<i>Michael J. Dalton</i>	
Cost Finding .....	166
Medicare Prospective Payment System .....	168
Conclusion .....	184
<b>Chapter 10—Outpatient Hospital Reimbursement</b> .....	<b>185</b>
<i>Michael J. Dalton</i>	
Bundling of Outpatient Services .....	186
Non-Cost-Based Outpatient Reimbursement .....	187
The Future .....	191

<b>Chapter 11—Pharmacy</b> .....	<b>192</b>
<i>Charles D. Mahoney and Anthony J. Kubica</i>	
Department Operations .....	193
Organization .....	199
Financial Management .....	200
Legal Requirements .....	203
Conclusion .....	203
<b>Chapter 12—Health Care Facilities Food Service</b> .....	<b>205</b>
<i>Ruby P. Puckett</i>	
Food Service System .....	206
Clinical Nutrition System .....	206
Systems Approach .....	206
Subsystems .....	208
Other Service Methods .....	214
Financial Controls .....	218
Layout and Design .....	218
Clinical Nutrition Services .....	219
Documentation of Care .....	220
Contract Management versus Self-Operation .....	220
Conclusion .....	221
<b>Chapter 13—Materials Management</b> .....	<b>223</b>
<i>William L. Scheyer</i>	
Supply Chain .....	224
Managing the Core Functions .....	228
Appendix 13–A .....	243
Appendix 13–B .....	246
<b>Chapter 14—Facilities Management</b> .....	<b>253</b>
<i>V. James McLarney</i>	
Maintenance .....	254
Environmental Safety .....	254
Energy Management .....	255
Fire Safety .....	256
Technology Evaluation and Acquisition .....	257
Security .....	257
Telecommunications Management .....	258
Grounds Management and Special Attention to the Facility’s Appearance .....	258
Biomedical Equipment Management .....	259
Disaster Preparedness .....	259
Staffing Requirements .....	260
Diversification of Facilities Management .....	261
Entrepreneurial Opportunities in Facilities Management .....	261

<b>Chapter 15—Environmental Services</b> .....	<b>263</b>
<i>Janice M. Kurth</i>	
Areas of Responsibility .....	263
Management .....	268
Hallmarks of a Well-Run Department .....	269
Conclusion .....	271
<b>Chapter 16—The Health Sciences Library</b> .....	<b>273</b>
<i>Eloise C. Foster, Anne Carbery Fox, and Sara Anne Beazley</i>	
Historical Perspective .....	273
Organizational Position .....	274
Clientele .....	275
Standards .....	275
Planning and Evaluating Library Functions .....	276
Personnel .....	277
Financial Management .....	277
Facilities .....	278
Collection .....	279
Services .....	280
Conclusion .....	282
<b>PART II—OPERATIONAL AND FUNCTIONAL ASPECTS OF THE HEALTH CARE INDUSTRY</b> .....	<b>287</b>
<b>Chapter 17—Strategic Planning for Health Care Provider Organizations</b> .....	<b>289</b>
<i>E. Gordon Whyte and John D. Blair</i>	
Strategic Planning Requires Strategic Thinking .....	289
Beginning the Strategic Planning Process .....	290
The Strategic Planning Process .....	292
The Role of the Planning Director and Department .....	300
Conclusion .....	300
<b>Chapter 18—Strategic Stakeholder Management for Health Care Executives</b> .....	<b>302</b>
<i>John D. Blair, Timothy M. Rotarius, Karolyn B. Shepherd, Carlton J. Whitehead, and E. Gordon Whyte</i>	
Identifying Organizational Stakeholders .....	305
Diagnosing Key Stakeholders in Terms of Potential for Threat and Potential for Cooperation .....	308
Emerging Levels of Integration in Health Care Delivery .....	311
Classifying Different Types of Stakeholders .....	312
Formulating Generic Strategies for Stakeholder Management .....	315
Strategy Implementation and Outcomes of Effective Strategic Stakeholder Management .....	320
Identifying Managerial Responsibility for Different Stakeholders .....	323
Conclusion .....	324

<b>Chapter 19—Human Resources Management</b> .....	<b>327</b>
<i>Norman Metzger</i>	
Human Resources Management: Historical Background .....	327
Functions and Responsibilities of the Human Resources Department .....	329
Placement of the Human Resources Department in the Institution’s Organizational Structure .....	343
Future Direction of Human Resources Management .....	358
The Growth of Mergers, Affiliations, and Multidivisional Health Care Organizations .....	360
Conclusion .....	360
 <b>Chapter 20—Planning Health Care Facilities and Managing the Development     Process</b> .....	 <b>363</b>
<i>James E. Hosking</i>	
Background .....	363
Facilities Planning and Design .....	364
Implementation Planning .....	367
General Facility Planning Principles .....	368
Space Determination .....	371
Internal Planning Team .....	372
External Planning Team .....	375
Design and Construction Approaches .....	379
Future Facility Planning Trends .....	381
 <b>Chapter 21—The Shifting Nature of Management Accounting Practices in the     Health Sector</b> .....	 <b>384</b>
<i>Mark A. Covalesski</i>	
Accounting and Private Sector Rationality .....	385
Strategic Profit Model .....	393
Conclusion .....	396
 <b>Chapter 22—Financing of Health Care Facilities</b> .....	 <b>398</b>
<i>Geoffrey B. Shields and Debra J. Schnebel</i>	
Tax-Exempt Financings .....	399
Pooled Financing .....	407
Taxable Bonds .....	408
Equity Financing As a Capital-Raising Technique .....	409
Joint Venture Structures .....	410
Legal Issues: Control and Liability Exposure .....	410
Federal Income Taxation of a Business Corporation .....	411
Federal Income Taxation of a Partnership .....	412
Sale As a Capital-Raising Technique .....	413
Conversion .....	413
Private Placements and Public Offerings of Securities .....	414
Conclusion .....	414

<b>Chapter 23—Health Care Information Systems</b> .....	<b>416</b>
<i>Sheldon I. Dorenfest</i>	
Introduction .....	416
Acute-Care Community Hospital Environment .....	418
Concept of Core and Departmental Systems .....	419
Major Health Care Issues Having an Impact on Acute-Care Hospital	
Automation .....	420
Other Components of the Health Care Information Systems Market .....	423
Government and Nongovernment Health Care Reform Initiatives .....	424
What Is Needed for Success? .....	427
<b>Chapter 24—Quality Assurance to Quality Improvement: The Transition</b> .....	<b>429</b>
<i>Lois J. Bittle</i>	
Industrial Influences on Defining Quality .....	429
The Impact of the Current Environment .....	430
The Regulatory Environment .....	431
Managed Competition and Single Payor Defined .....	431
The Legal Environment .....	433
TQM/CQI Concepts Applied to the Health Care Industry .....	434
Traditional Approaches .....	435
The Framework for a TQM/CQI System in a Health Care Organization .....	435
Elements of a CQI Process .....	435
The Structured Use of Data and Information .....	438
The Cost/Quality Education .....	439
The Impact of Poor Quality .....	439
Economic and Productivity Monitoring .....	439
Customer Satisfaction .....	440
Basic Steps in Establishing a CQI Process .....	440
Application to Managed Care .....	442
Analytical Tools To Support Process Analysis/Improvement .....	443
Conclusion .....	445
<b>Chapter 25—Management Engineering: Role in Increasing Productivity</b> .....	<b>447</b>
<i>Karl G. Bartscht</i>	
History .....	448
Cost Containment .....	450
Productivity Management .....	452
Quality Control Program .....	460
Management Engineering for Future Operations .....	469
<b>Chapter 26—Marketing Health Care Services</b> .....	<b>473</b>
<i>Roberta N. Clarke</i>	
Marketing Mission and Objectives .....	473
Defining the Competition .....	474
Industrial Marketing .....	475

Derived Demand .....	476
Consumer Choice and Purchase Behavior .....	478
Retention .....	482
Data-Driven Marketing .....	484
<b>PART III—HEALTH CARE PROVIDER AND DELIVERY SYSTEMS .....</b>	<b>487</b>
<b>Chapter 27—Multiprovider Systems .....</b>	<b>489</b>
<i>Myron D. Fottler and Donna Malvey</i>	
Health Care System Development .....	490
System Performance .....	497
Distinguishing Characteristics of Systems .....	498
Horizontal and Vertical Integration .....	505
Antitrust Concerns .....	507
Conclusion .....	510
Recommendations .....	511
<b>Chapter 28—Integrated Delivery Systems .....</b>	<b>516</b>
Management Services Organizations .....	516
<i>Paul R. DeMuro</i>	
Nonprofit Medical Care Foundations .....	522
<i>Robert A. Waterman</i>	
Tax Exemption and Integrated Delivery Systems .....	527
<i>William J. Aseltyn and Gerald R. Peters</i>	
Mercy Medical Foundation of Sacramento: A Case Study .....	533
<i>Derek F. Covert</i>	
Case Study: The Integration of a Medical Foundation and an Independent Practice Association .....	541
<i>Robert A. Waterman and M. Lawrence Bonham</i>	
<b>Chapter 29—Ambulatory Care .....</b>	<b>547</b>
<i>Kevin W. Barr and Charles L. Breindel</i>	
Ambulatory Care Services—Past and Present .....	548
Organization and Management of Ambulatory Care Services .....	558
Reimbursement .....	561
Future Considerations .....	569
Conclusion .....	571
<b>Chapter 30—Physician Practice .....</b>	<b>574</b>
<i>Michael J. Kelley</i>	
Forms of Physician Practice .....	574
Alternative Health Care Delivery Systems and Physician Organization .....	576
Operational Aspects of Physician Practice .....	579
Insurance Sources .....	586
The Future .....	587

<b>Chapter 31—Legal Structure of Health Care Delivery Systems</b> .....	<b>589</b>
<i>J. D. Epstein and Susan Feigin Harris</i>	
Competition and Structural Changes within the Industry .....	589
New Alternatives in Health Care Delivery .....	590
Conclusion .....	597
<b>Chapter 32—Business Combinations in the Health Care Field: Legal Implications</b> ....	<b>600</b>
<i>Norton L. Travis and Loreen A. Schneider</i>	
Hypothetical .....	600
Federal Medicare/Medicaid Fraud and Abuse and Antikickback Regulations ..	601
Physician Self-Referral—The Stark Law .....	604
Antitrust in the Health Care Industry .....	606
Tax Exemption Issues .....	608
Other Legal Considerations .....	609
Conclusion .....	609
<b>Chapter 33—Corporate Cost Containment</b> .....	<b>611</b>
<i>Frederick C. Lee</i>	
Increase in Costs .....	611
Third-Party Reimbursement .....	612
The Hospital Consumer .....	613
Limitless Resources .....	613
Trust and Faith .....	613
Business of Health Care .....	614
Data As Leverage for Employers .....	614
Hospital Cost Management by Business .....	616
Alternative Delivery Systems .....	620
Conclusion: Future of Business Involvement .....	626
<b>Chapter 34—Managed Health Care</b> .....	<b>627</b>
<i>Peter R. Kongstvedt</i>	
Introduction .....	627
Definition of Managed Health Care .....	627
Types of Health Plans .....	628
Provider Reimbursement .....	632
Utilization Management .....	636
Quality Management .....	638
Other Operational Aspects of Managed Care .....	639
Management and Financial Criteria .....	639
Conclusion .....	641
<b>Chapter 35—International Health Care: A Comparison of the U.S., Canada, and     Western Europe</b> .....	<b>643</b>
<i>Grant T. Savage and Elizabeth W. Michael</i>	
The Organization and Financing of Health Care .....	644
The Outcomes Associated with Various Health Care Systems .....	645

Common Problems Facing the United States and Other Western Nations . . . . .	648
Health Care in Canada . . . . .	650
Health Care in Sweden . . . . .	653
Health Care in Germany . . . . .	655
Health Care in the United Kingdom . . . . .	661
Health Care in the Netherlands . . . . .	666
Lessons Learned and Future Concerns . . . . .	670
<b>Epilogue—The Future of an Industry in Transition . . . . .</b>	<b>680</b>
<b>Index . . . . .</b>	<b>695</b>
