

# Table of Contents

<i>Preface</i> .....	v
<i>Table of Contents</i> .....	ix
<i>An Optimal Running Policy for Buffered Continuous Production Processes Subject to Random Breakdown</i> .....	1
<b>Russel C. H. Cheng</b>	
<i>On the Greedy Algorithm for Stochastic Optimization Problems</i> .....	19
<b>Masaaki Kijima and Akihisa Tamura</b>	
<i>Using Markov Decision Processes to Optimize a Nonlinear Functional of the Final Distribution, with Manufacturing Applications</i> .....	30
<b>Edmond J. Collins</b>	
<i>Stochastic Petri Net Model of an Ethernet-Based Manufacturing System</i> .....	46
<b>Qun Jin, Yoneo Yano and Yoshio Sugawara</b>	
<i>Games of Production Development in Manufacturing</i> .....	58
<b>Yoshinobu Teraoka and Yasuyoshi Yamada</b>	
<i>Voting Procedure on Stopping Games of Markov Chain</i> .....	68
<b>Krzysztof Szajowski and Masami Yasuda</b>	
<i>Risk and Return Analysis of a Multi-period Strategic Planning Problem</i> .....	81
<b>Cormac Lucas, Enza Messina and Gautam Mitra</b>	
<i>Input/Output Backlog Control and Dynamic Capacity Planning in Versatile Manufacturing Companies</i> .....	97
<b>Brian G. Kingsman</b>	
<i>Algorithms for Allocating Resources to Multi-stage Pharmaceutical Research Projects</i> .....	123
<b>John Gittins</b>	
<i>An Optimal Selection Problem on a Partially Observable Markov Chain</i> .....	140
<b>Tōru Nakai</b>	
<i>Generalizing the Secretary Problem with Rank-dependent Rejection Probability</i> .....	155
<b>Mitsushi Tamaki</b>	
<i>Performance Evaluation of Nonparametric Age Replacement Methods — Survey and Comparison —</i> .....	166
<b>Tadashi Dohi, Takashi Aoki, Naoto Kaio and Shunji Osaki</b>	
<i>Replacement Policies for a Shock Model with Two Kinds of Damage</i> .....	188
<b>Takashi Satow and Toshio Nakagawa</b>
