

## Table of Contents

<b>Koenig, Kurbel, Mertens, Pressmar:</b> Managing Distributed Information Systems.....	1
<i>Theoretical Section</i> .....	15
<b>Oberweis, Scherrer, Stucky:</b> INCOME/STAR: Facing the Challenges for Cooperative Information System Development Environments.....	17
<b>Stickel, Hunstock, Ortman, Ortman:</b> A Business Process Oriented Approach to Data Integration.....	35
<b>Wendt, Rittgen, Koenig:</b> Solving Decision Problems by Distributed Decomposition and Delegation --- Foundations of a Theory and its Application within a Normative Group Decision Support System Framework .....	55
<b>Zwicker, Rottenbacher:</b> Distributed Cooperative Budget-planning and -control.....	73
<b>Mertens, Falk, Spieck, Weigelt:</b> Decentralized Problem Solving in Logistics with Partly Intelligent Agents and Comparison with Alternative Approaches.....	87
<b>Unland, Kirn, Wanka, O'Hare, Abbas:</b> Organizational Multi-Agent Systems: A Process Driven Approach .....	105
<b>Holthaus, Rosenberg, Ziegler:</b> Development and Simulation of Methods for Scheduling and Coordinating Decentralized Job Shops Using Multi-Computer Systems.....	123
<b>Kopfer, Utecht, Bierwirth:</b> Distributed Environments for Evolutionary Algorithms by means of Multi-Agent Applications .....	139
<i>Application Section</i> .....	157
<b>Ferstl, Sinz:</b> Multi-Layered Development of Business Process Models and Distributed Business Application Systems - An Object-Oriented Approach .....	159
<b>Elgass, Krcmar, Ludwig, Schoenwaelder:</b> Computer Support for Distributed Information Management Tasks (CUVIMA) .....	181
<b>Nastansky, Hilpert:</b> The <i>GroupFlow</i> Framework: Enterprise Model and Architecture of the Workflow System .....	201
<b>Einsfeld, Roemer, Roszbach, Sandbill, Will:</b> ALLFIWIB: Customer Consulting in Financial Services with Distributed Knowledge Based Systems .....	213

<b>Heissel, Krallmann, Meyer, Mueller-Wuensch, Schopf, Woltering:</b> A Generic Approach for Computer-Assistance of Complex Decision Processes .....	229
<b>Suhl, Reinecke, Pape:</b> Group Scheduling - Methods and Tools for Distributed Scheduling Processes in a Corporate Environment .....	253
<b>Kurbel, Jung, Pietsch:</b> Modeling Knowledge about Long-term IS Integration and Integration-oriented Reengineering with KADS .....	273
<i>Addresses of the Authors</i> .....	291
<i>Index</i> .....	297
