

# Contents

Contributors .....	viii
Foreword .....	xi
Preface .....	xiii
Acknowledgments of Reviewers .....	xv

## I. Behavioral Processes

1. Drug Reinforcement in Animals .....	3
<i>Marilyn E. Carroll and Adande J. Mattox</i>	
2. Human Drug Self-Administration: A Review and Methodological Critique ..	39
<i>Ralph Spiga and John D. Roache</i>	
3. Behavioral Economics of Drug Consumption .....	73
<i>Rudy E. Vuchinich</i>	
4. Measures of Interoceptive Stimulus Effects: Relationship to Drug Reinforcement .....	91
<i>Kenzie L. Preston, Sharon L. Walsh, and Christine A. Sannerud</i>	
5. Role of Conditioned Stimuli in Addiction .....	115
<i>Peter B. Silverman and Peter L. Bonate</i>	

## II. Neurobiological Processes

6. Neurobiological Basis of Drug Reinforcement .....	137
<i>Scott E. Hemby, Bankole A. Johnson, and Steven I. Dworkin</i>	
7. Neuropharmacological Basis for Tolerance and Dependence .....	171
<i>David J. Nutt</i>	
8. The Behavioral Genetics of Addiction .....	187
<i>Frank R. George</i>	
9. Search for Biological Markers .....	205
<i>Martin A. Javors, John T. Pichot, Thomas S. King, and Raymond F. Anton</i>	
10. Neurobehavioral Abnormalities Following Exposure to Drugs of Abuse During Development .....	233
<i>Linda Patia Spear</i>	

## III. New Horizons in Neuroscience

11. Topographical Brain Mapping During Drug-Induced Behaviors .....	259
<i>Scott E. Lukas</i>	

12. Structural and Functional Brain Imaging .....	277
<i>David J. Lyons, Sharon R. Letchworth, James B. Daunais, and Linda J. Porrino</i>	
13. Molecular Cloning and Characterization of Receptors for Drugs of Abuse ..	295
<i>Jia Bei Wang and Christopher K. Surratt</i>	
14. Substance Abuse and Gene Expression .....	317
<i>Sheila L. Vrana and Kent E. Vrana</i>	
15. Single and Ensemble Neuron Spike Train Analysis in Studies of Drugs of Abuse .....	339
<i>Donald J. Woodward, Barry D. Waterhouse, Jing-Yu Chang, Joseph M. Paris, John J. Rutter, and Errol M. Gould</i>	
<b>IV. Treatment Applications</b>	
16. Applying Learning and Conditioning Theory to the Treatment of Alcohol and Cocaine Abuse .....	367
<i>Stephen T. Higgins</i>	
17. Clinical Efficacy of Pharmacotherapy .....	387
<i>Ismene L. Petrakis and Thomas R. Kosten</i>	
18. Integrating Behavioral and Pharmacological Treatments .....	403
<i>Kimberly C. Kirby, Joy M. Schmitz, and Maxine L. Stitzer</i>	
19. Medicational Aids to Treat Alcohol Problems .....	421
<i>Raye Z. Litten and John P. Allen</i>	
Subject Index .....	435
