Kiel Working Paper No. 422

U.S. TRADE POLICY AND THE GLOBAL
TRADING SYSTEM: A VIEW FROM EUROPE

by

Horst Siebert and Frank D. Weiss

May 1990

The authors, not the Kiel Institute of World Economics, are solely responsible for the contents and distribution of each Kiel Working Paper.

Since the series involves manuscripts in a preliminary form, interested readers are requested to direct criticisms and suggestions directly to the author and to clear any quotations with him.
