| <i>Postscript</i> | xiv |
| 1 Introduction | 1 |
| 1.1 The significance of the automotive industry | 1 |
| 1.2 The European automobile components industry: a study of two supply chains | 5 |
| 1.3 Methodology | 8 |
| 2 Globalisation | 11 |
| 2.1 Introduction | 11 |
| 2.2 Aggregate measures of globalisation | 13 |
| 2.3 Hierarchies | 14 |
| 2.4 The multinational and the international division of labour | 16 |
| 2.5 Costs and markets: the death of the multinational? | 17 |
| 2.6 Corporate structure and strategy | 19 |
| 2.7 The firm and its environment | 21 |
| 2.8 Fordism, post-Fordism, flexibility and spatial development | 23 |
| 2.9 The lean firm | 28 |
| 2.10 Conclusions | 32 |
| 3 Restructuring in the European Automotive Industry | 34 |
| 3.1 Introduction | 34 |
| 3.2 Growth and decline in European markets and production: the global context | 36 |
| 3.3 Growth and decline within Europe: a national level comparison | 42 |
| 3.4 Restructuring within Europe: the corporate level | 46 |
| 3.5 Japanese inward investment | 58 |

| | | |
|----------|---|------------|
| 3.6 | Eastern Europe and the EC periphery | 62 |
| 3.7 | European automobile firms: How global? How lean? | 63 |
| 4 | The European Components Industry: An Overview | 69 |
| 4.1 | Introduction | 69 |
| 4.2 | Scale, scope and structure | 69 |
| 4.3 | Changing procurement regimes in the automotive sector | 78 |
| 4.4 | Procurement regimes and spatial structure | 91 |
| 4.5 | Spatial restructuring in the European components industry | 92 |
| 4.6 | Conclusions | 96 |
| 5 | The Steel Supply Sector | 97 |
| 5.1 | Introduction | 97 |
| 5.2 | Steel usage in the European automotive sector | 97 |
| 5.3 | The steel production and supply sector | 99 |
| 5.4 | Technological change in steel | 103 |
| 5.5 | Procurement regimes in steel supply | 108 |
| 5.6 | Conclusions | 112 |
| 6 | The Presswork Sector | 115 |
| 6.1 | Introduction | 115 |
| 6.2 | The automotive presswork supply chain | 116 |
| 6.3 | Press technology | 118 |
| 6.4 | Die design | 121 |
| 6.5 | Presswork by the vehicle assemblers | 122 |
| 6.6 | The presswork components sector | 126 |
| 6.7 | New procurement regimes in presswork | 131 |
| 6.8 | Restructuring the automotive presswork components sector | 133 |
| 6.9 | Conclusions | 134 |
| 7 | Friction Materials | 136 |
| 7.1 | Introduction | 136 |
| 7.2 | The friction materials supply chain | 136 |
| 7.3 | The structure of the friction materials supply sector | 138 |

| | | |
|-----------|--|------------|
| 7.4 | New product, materials and process technology | 144 |
| 7.5 | Procurement regimes in the friction materials supply sector | 147 |
| 7.6 | Conclusions | 149 |
| 8 | Clutches and Brakes | 150 |
| 8.1 | Introduction | 150 |
| 8.2 | Structure of the sector | 152 |
| 8.3 | Clutches | 153 |
| 8.4 | Brakes | 157 |
| 8.5 | Technological change in brakes and clutches | 163 |
| 8.6 | Procurement regimes in the brakes and clutches sector | 165 |
| 8.7 | Conclusions | 171 |
| 9 | Foreign Direct Investment, Investment Agencies and the Restructuring of the European Automotive Components Industry | 173 |
| 9.1 | Introduction | 173 |
| 9.2 | The automotive components industry and FDI | 175 |
| 9.3 | The United Kingdom | 178 |
| 9.4 | Former East Germany | 181 |
| 9.5 | The Irish Republic | 185 |
| 9.6 | FDI and the key sectors | 188 |
| 9.7 | Conclusions | 189 |
| 10 | Conclusions | 191 |
| 10.1 | Globalisation and new procurement regimes | 191 |
| 10.2 | Procurement regimes, vertical integration and the vehicle assemblers | 192 |
| 10.3 | Technological change in product and process | 194 |
| 10.4 | The new European automotive components industry | 196 |
| 10.5 | National automotive components industries and the globalisation process | 199 |

List of Tables

| | | |
|------|---|----|
| 2.1 | Comparative total labour costs, selected countries, 1980, 1985 and 1990 | 22 |
| 2.2 | Comparative performance, automobile assemblers in Japan, USA and Europe | 29 |
| 3.1 | Global production of motor vehicles, 1946, 1970 and 1985 | 37 |
| 3.2 | Global markets for automobiles, 1960–85 | 37 |
| 3.3 | German car exports to the USA, 1982–91 | 38 |
| 3.4 | The proportion of new car registrations accounted for by imports, 1968–89, selected countries | 39 |
| 3.5 | The proportion of production directed to exports, selected countries, 1975–89 | 40 |
| 3.6 | Japanese market penetration, selected countries, 1981–9 | 41 |
| 3.7 | Automobile production in Europe by country, 1960–90 | 43 |
| 3.8 | Employment in the motor industry, UK, 1987 | 45 |
| 3.9 | Investment plans for the 1990s, EC firms outside Europe | 49 |
| 3.10 | Investment plans for the 1990s within the EC, greenfield and existing facilities | 50 |
| 3.11 | Illustrative new model development costs | 52 |
| 3.12 | Rationalisation in the European automobile industry, 1991 and 1992 | 55 |
| 3.13 | Ford of Europe labour productivity and vehicle costs, 1989–91 | 57 |
| 3.14 | Japanese automobile assemblers in the UK | 59 |
| 3.15 | Total possible automobile, light commercial vehicle, leisure and utility vehicle production by Japanese firms in Europe by 1999 | 60 |
| 3.16 | Investment in Eastern Europe and the EC periphery (excludes former Yugoslavia), 1989–92 | 64 |
| 3.17 | Proportion of production outside parent country, 1985–9 | 66 |
| 4.1 | Value added in the vehicle supply chain, Europe | 71 |
| 4.2 | Size distribution of the European automotive components industry, 1989 | 71 |

| | | |
|------|--|-----|
| 4.3 | Ownership and principal production location for leading European automobile components firms | 72 |
| 4.4 | Production, value added and employment in the leading European automobile components countries, 1988 | 72 |
| 4.5 | The numbers of automotive components firms in European countries | 73 |
| 4.6 | The numbers of automotive components firms by country | 74 |
| 4.7 | Comparative levels of vertical integration | 81 |
| 4.8 | Numbers of direct suppliers, 1992 | 83 |
| 4.9 | Traditional and post-Japanese procurement regimes | 86 |
| 4.10 | The Ford uniform supplier quality rating system | 87 |
| 4.11 | Resolving production problems prior to volume production: an example from a new parking brake assembly line | 88 |
| 4.12 | Volume of purchasing by major assemblers in the UK, 1990 | 93 |
| 4.13 | Japanese automobile components firms in Europe, 1989 | 94 |
| 5.1 | Composition of the average automobile by weight | 98 |
| 5.2 | Estimated steel consumption in the EC automotive presswork sector, 1991 | 98 |
| 5.3 | Main European suppliers of wide strip to the automotive sector, 1989 | 100 |
| 5.4 | Proportion of total turnover attributable to steel production, flat products and the automotive sector, 1991 | 101 |
| 5.5 | British Steel markets for prime deliveries, wide strip, 1990 | 102 |
| 5.6 | British Steel sales, steel, flat products, 1990 | 102 |
| 5.7 | Voest Alpine sheet and strip production, 1991 | 103 |
| 5.8 | Hot dipped metallic-coated strip used in the automotive sector | 104 |
| 5.9 | Electroplated steels used in the automotive sector | 105 |
| 5.10 | Organic coated steels used in the automotive sector | 105 |
| 5.11 | Illustrative developments in coated steel capacity in the European steel industry | 107 |
| 5.12 | Steel prices, Europe, average real price, DM per tonne, 1986-92 | 110 |
| 5.13 | Spatial distribution of sales, selected steel companies, 1991 | 111 |

| | | |
|------|--|-----|
| 6.1 | Comparative performance measures for three main types of press-shop technology | 119 |
| 6.2 | European automobile assembler's press-shop activities in Europe | 124 |
| 6.3 | National comparisons of industry structure in the automotive presswork components sector | 131 |
| 6.4 | Restructuring in the European presswork components sector, 1991-3 | 133 |
| 7.1 | Vertical integration in friction materials, brakes and clutches | 138 |
| 7.2 | Spatial distribution of T & N friction material sales, 1991 | 140 |
| 7.3 | Spatial distribution of T & N employment, 1985-91 | 140 |
| 7.4 | Sales and operating profit, BBA group automotive segment, 1981-91 | 141 |
| 7.5 | Allied-Signal Group turnover, employment and automotive turnover and profits, 1988-91 | 142 |
| 7.6 | Allied-Signal spatial distribution of sales to 1991 | 143 |
| 7.7 | Allied-Signal automotive sales worldwide, 1990 | 143 |
| 7.8 | Constituent ingredients of friction materials | 145 |
| 8.1 | Number of suppliers by general category of part, typical brake manufacturer | 151 |
| 8.2 | Distribution of spending on components and materials, typical brake manufacturer | 152 |
| 8.3 | LUK production structure | 154 |
| 8.4 | Valeo sales and employment by major product area, 1989 | 155 |
| 8.5 | Lucas Automotive Division and product structure | 158 |
| 8.6 | The spatial and sectoral distribution of Lucas sales, 1992 | 158 |
| 8.7 | Lucas employment figures 1985-91 | 159 |
| 8.8 | Vehicles launched since 1990 fitted with Lucas brakes | 160 |
| 8.9 | Teves, main indicators, 1989 | 161 |
| 8.10 | Vehicles fitted with Teves ABS MkII and MkIV | 162 |
| 8.11 | Teves in the UK, 1986-90 | 162 |
| 8.12 | Estimated market shares with the major vehicle assemblers, the European clutch firms | 166 |
| 9.1 | Regional distribution of automotive components FDI into the UK, 1989-93 | 179 |
| 9.2 | Acquisitions in the former East Germany | 182 |

| | | |
|-----|--|-----|
| 9.3 | Treuhandanstalt privatisations to foreign investors, by country, June 1992 | 183 |
| 9.4 | The geographical distribution of exports of automotive components from the Republic of Ireland | 185 |
| 9.6 | The largest automotive components FDI projects in the Republic of Ireland | 187 |

List of Figures

| | | |
|-----|---|-----|
| 4.1 | Alternative sourcing strategies | 84 |
| 5.1 | An example of coated steel | 106 |
| 6.1 | The presswork supply chain | 117 |
| 7.1 | The clutch, brakes and friction materials supply chain | 137 |
| 8.1 | Aftermarket component supply routes, Germany, 1950 | 168 |
| 8.2 | Aftermarket component supply routes: the growth of wholesale buying groups, Germany | 169 |
| 8.3 | Aftermarket component supply routes: bypassing the retail outlets, Germany | 169 |
| 8.4 | Aftermarket component supply routes: the growth of the 'Fachmarkt', Germany | 170 |
| 8.5 | Aftermarket component supply routes: new supply routes from the 'Manufacturer's representatives', Germany | 170 |
