# Table of Contents

Invited Talk: Practical Aspects of Knowledge Management in Industry .......................... 1 
Angelika Mittelmann

KMap: Providing Orientation for Practitioners When Introducing Knowledge Management ......................................................... 2 
Stefanie Lindstaedt, Markus Strohmaier, Herwig Rollett, Janez Hrastnik, Karin Bruhnsen, Georg Droschl, Markus Gerold

Knowledge Maps of Knowledge Management Tools – Information Visualization with BibTechMon ........................................ 14 
Margit Noll, Doris Fröhlich, Edgar Schiebel

Implementing KM Solutions in a Public Research Institution: The CNRS Case ................................................................. 28 
Gérard Lelièvre, Jacques Souillot

Knowledge Management in Enterprises: A Research Agenda .......................... 37 
Konstantinos Ergazakis, Konstantinos Karnezis, Konstantinos Metaxiotis, Ioannis Psarras

Spatial Subgroup Discovery Applied to the Analysis of Vegetation Data ................................................................. 49 
Michael May, Lemonia Ragia

Knowledge Management Case-Toolkit for the Support of ERP Modelling and Optimal Adaptation Procedure ......................................... 62 
Kostas Karnezis, Kostas Ergazakis, Konstantinos Metaxiotis, Dimitris Askounis, John Psarras

Readiness to Adopt Data Mining Technologies: An Exploratory Study of Telecommunication Employees in Malaysia .................. 75 
Noormina Dahlan, T. Ramayah, Looi Lai Mei

Creating Incentive-Driven Tasks to Improve Knowledge Management in Sales Chain Relationships ........................................ 87 
Flavia Morello

Employing the Unified Process for Developing a Web-Based Application – A Case-Study ......................................................... 97 
Renate Motschnig-Pitrik
Enhancing Experience Management and Process Learning with Moderated Discourses: The indiGo Approach .......................... 114
  Angi Voss, Klaus-Dieter Althoff, Ulrike Becker-Kornstaedt, Björn Decker, Andreas Klotz, Edda Leopold, Jörg Rech

Decisio-Epistheme: An Integrated Environment to Geographic Decision-Making .................................................. 126
  Manuel de Castro, Jonice Oliveira, Julia Strauch, Jano M. Souza

The General Motors Variation-Reduction Adviser: An Example of Grassroots Knowledge Management Development .................... 137

From Speech Acts to Multi-agent Systems: The MAYBE Method ........ 144
  Sophie Gouardères, Guy Gouardères, Philippe Delpy

Design Issues for Agent-Based Resource Locator Systems .............. 156
  Gary Wills, Harith Alani, Ronald Ashri, Richard Crowder, Yannis Kalfoglou, Sanghee Kim

Analysis of Clustering Algorithms for Web-Based Search ............... 168
  Sven Meyer zu Eissen, Benno Stein

An Agent Based Approach to Finding Expertise .......................... 179
  Richard Crowder, Gareth Hughes, Wendy Hall

OntoWeb – A Semantic Web Community Portal ............................ 189
  Peter Spyns, Daniel Oberle, Raphael Volz, Jiujian Zheng, Mustafa Jarrar, York Sure, Rudi Studer, Robert Meersman

Web Information Tracking Using Ontologies .............................. 201
  Alexander Maedche

A Domain-Specific Formal Ontology for Archaeological Knowledge Sharing and Reusing ............................................. 213
  Chunxia Zhang, Cungen Cao, Fang Gu, Jinxin Si

Metasearch. Properties of Common Documents Distributions ............ 226
  Nikolai Buzikashvili

End-User Access to Multiple Sources – Incorporating Knowledge Discovery into Knowledge Management .......................... 232
  Katharina Morik, Christian Hüppe, Klaus Unterstein

Data Integration for Multimedia E-learning Environments with XML and MPEG-7 ....................................................... 244
  Marc Spaniol, Ralf Klamma, Matthias Jarke
Managing Business Models for Business Application Development ........ 256
Koichi Terai, Masahiko Sawai, Naoki Sugiura, Noriaki Izumi,
Takahira Yamaguchi

A Process for Acquiring Knowledge while Sharing Knowledge .......... 268
Harald Kjellin, Terese Stenfors

Knowledge in an Electronic World? .................................. 281
Johann Ortner

A Framework for Analysis and a Review of Knowledge
Asset Marketplaces .................................................. 301
Kostas Kafentzis, Dimitris Apostolou, Gregory Mentzas,
Panos Georgolios

KM for Public Administration: Focusing on KMS Feature Requirements . 314
Roland Traummüller, Maria Wimmer

Towards a Framework for Mobile Knowledge Management ............. 326
Matthias Grimm, Mohammad-Reza Tazari, Dirk Balfanz

A Situation-Oriented and Personalized Framework for Role Modeling .... 339
Irene Süßmilch-Walther

Instruments to Visualize Design Engineering Working Methods in
Automotive Supplier Companies .................................. 347
Regine W. Vroom, Imre Horváth, Wilfred F. van der Vegte

Applications of a Lightweight, Web-Based Retrieval, Clustering,
and Visualisation Framework ...................................... 359
V. Sabol, W. Kienreich, M. Granitzer, J. Becker, K. Tochtermann,
K. Andrews

Facilitating Comprehension of Normative Documents by
Graphical Representations ......................................... 369
Marite Kirikova

A Fuzzy-Graph-Based Approach to the Determination of
Interestingness of Association Rules ................................. 377
B. Shekar, Rajesh Natarajan

Collaborative Knowledge Flow – Improving Process-Awareness and
Traceability of Work Activities .................................... 389
Schahram Dustdar

Process-Oriented Knowledge Management Systems Based on
KM-Services: The PROMOTE® Approach ............................ 398
Robert Woitsch, Dimitris Karagiannis
# Table of Contents

Knowledge Management for Industrial Research Processes of an Industrial Research Center .......................... 413
  Christian Frank, Mickael Gardoni

  Anthony Papargyris, Angeliki Poulymenakou, Kostas Samiotis

Web Based Knowledge Management Community for Machine and Plant Construction Industries Technical After-Sales Service ............... 437
  Florian Kupsch, Silvia Mati, Richard Schieferdecker

Dynamic Generation of User Communities with Participative Knowledge Production and Content-Driven Delivery ..................... 447
  Sinuhé Arroyo, Juan Manuel Dodero

Knowledge Sharing in Cyberspace: Virtual Knowledge Communities ....... 457
  Angela M. Dickinson

Are the Knowledge Management Professionals Up to the Job? ............. 472
  Ivana Adamson, Donna Handford

KEx: A Peer-to-Peer Solution for Distributed Knowledge Management .... 490
  M. Bonifacio, P. Bouquet, G. Mameli, M. Nori

An Expertise System for Supporting the Sales and Distribution Process of a Software Vendor .................................................. 501
  Philip Hartmann, Reimer Studt, Attila Kral

More Efficient Searching in a Knowledge Portal – An Approach Based on the Analysis of Users’ Queries ................................. 513
  Nenad Stojanovic, Ljiljana Stojanovic, Jorge Gonzalez

A Generic Framework for Web-Based Intelligent Decision Support Systems ................................................................. 525
  Vladimir Simenović, Jelena Jovanović, Milan Sarić, Sanja Vraneš

Mining Knowledge from Text Collections Using Automatically Generated Metadata ......................................................... 537
  John M. Pierre

Challenges and Directions in Knowledge Asset Trading .................... 549
  Dimitris Apostolou, Gregory Mentzas, Andreas Abecker,
  Wolf-Christian Eickhoff, Wolfgang Maas, Panos Georgolios,
  Kostas Kafentzis, Sophia Kyriakopoulou

A Methodological Basis for Bringing Knowledge Management to Real-World Environments ............................................. 565
  Mark Hefke, Ralf Trunko
Table of Contents

Openness and Cross-Functional Risk Reduction – The Key to a Successful Development Project? – “Hindsight in Advance” within and between Organizations ........................................ 571
Geir J. Husoy, Edgar Karlsen, Arnt Hugo Lund

Atsuo Hazeyama

Knowledge Reuse: CE²-Focused Training ........................................ 595
Keren Mishra, Rajkumar Roy, Petros Souchoroukov, Victor Taratoukhine

Management of Intellectual Capital by Optimal Portfolio Selection ...... 613
Hennie Daniels, Henk Noordhuis

Integrating Knowledge Management, Learning Mechanisms, and Company Performance ..................................................... 620
James A. Sena, Abraham B. Shani

The Value of Knowledge Doesn’t Exist (A Framework for Valuing the Potential of Knowledge) ............................................ 632
Paul Iske, Thijs Boekhoff

Author Index ............................................................................. 639
