

# Table of Contents

## Part I: New Paradigms in Scientific Discovery

|   |    |
|---|----|
| Science at the Speed of Thought .....   | 1  |
| <i>Judith E. Devaney, S.G. Satterfield, J.G. Hagedorn, J.T. Kelso,<br/>    A.P. Peskin, W.L. George, T.J. Griffin, H.K. Hung, and R.D. Kriz</i> |    |
| Computational Biology and Language .....  | 25 |
| <i>Madhavi Ganapathiraju, Narayanas Balakrishnan, Raj Reddy,<br/>    and Judith Klein-Seetharaman</i>   |    |
| Interactive Comprehensible Data Mining .....  | 48 |
| <i>Andy Pryke and Russell Beale</i>   |    |
| Scientific Discovery Within Data Streams .....  | 66 |
| <i>Andrew J. Cowell, Sue Havre, Richard May, and Antonio Sanfilippo</i>   |    |

## Part II: Ambient Cognition

|  |     |
|--|-----|
| Shape as Memory Storage .....  | 81  |
| <i>Michael Leyton</i>  |     |
| Spatial Cues in 3D Visualization .....                                     | 104 |
| <i>Geoffrey S. Hubona and Gregory W. Shirah</i>                            |     |
| Textual Genre Analysis and Identification .....                            | 129 |
| <i>David Kaufer, Cheryl Geisler, Suguru Ishizaki, and Pantelis Vlachos</i> |     |
| Cognitive Artifacts in Complex Work .....                                  | 152 |
| <i>Peter H. Jones and Christopher P. Nemeth</i>                            |     |

## Part III: Ambient Intelligence Systems

|   |     |
|---|-----|
| Multi-modal Interaction in Biomedicine .....                        | 184 |
| <i>Elena V. Zudilova and Peter M.A. Sloot</i>                       |     |
| Continuous Body Monitoring .....                                    | 202 |
| <i>Jonathan Farringdon and Sarah Nashold</i>                        |     |
| Ambient Diagnostics .....   | 224 |
| <i>Yang Cai, Gregory Li, Teri Mick, Sai Ho Chung, and Binh Pham</i> |     |
| Wireless Local Area Network Positioning.....                        | 248 |
| <i>Ophir Tanz and Jeremy Shaffer</i>                                |     |

XIV Table of Contents

|  |            |
|--|------------|
| Behavior-Based Indoor Navigation .....   | 263        |
| <i>Julio Abascal, Elena Lazcano, and Basilio Sierra</i>  |            |
| Ambient Intelligence Through Agile Agents .....  | 286        |
| <i>Gregory M.P. O'Hare, M.J. O'Grady, R. Collier, S. Keegan,<br/>    D. O'Kane, R. Tynan, and D. Marsh</i> |            |
| <b>Author Index .....</b>  | <b>311</b> |
