

# Table of Contents

Haptic Feedback: A Brief History from Telepresence to Virtual Reality ..... 1  
*Robert J. Stone*

## **Haptic Interfaces for Blind People**

Design Principles for Tactile Interaction ..... 17  
*Ben P. Challis, Alistair D.N. Edwards*

The Haptic Perception of Texture in Virtual Environments: An Investigation with  
Two Devices ..... 25  
*Paul Penn, Helen Petrie, Chetz Colwell, Diana Kornbrot, Stephen Furner,  
Andrew Hardwick*

Haptic Display of Mathematical Functions for Teaching Mathematics to Students  
with Vision Disabilities: Design and Proof of Concept ..... 31  
*Frances L. Van Scoy, Takamitsu Kawai, Marjorie Darrah, Connie Rash*

Haptic Graphs for Blind Computer Users ..... 41  
*Wai Yu, Ramesh Ramloll, Stephen Brewster*

Web-Based Touch Display for Accessible Science Education ..... 52  
*Evan F. Wies, John A. Gardner, M. Sile O'Modhrain, Christopher J. Hasser,  
Vladimir L. Bulatov*

## **Collaborative Haptics**

Communicating with Feeling ..... 61  
*Ian Oakley, Stephen Brewster, Philip Gray*

Improved Precision in Mediated Collaborative Manipulation of Objects by Haptic  
Force Feedback ..... 69  
*Eva-Lotta Sallnäs*

Hand-Shaped Force Interface for Human-Cooperative Mobile Robot ..... 76  
*Riku Hikiji, Shuji Hashimoto*

## Psychological Issues and Measurement

Can the Efficiency of a Haptic Display Be Increased by Short-Time Practice in Exploration?.....	88
<i>Gunnar Jansson, Anna Ivås</i>	
Implicit Accuracy Constraints in Two-Fingered Grasps of Virtual Objects with Haptic Feedback .....	98
<i>Frank E. Pollick, Chris Chizk, Charlotte Hager-Ross, Mary Hayhoe</i>	
Interaction of Visual and Haptic Information in Simulated Environments: Texture Perception.....	108
<i>Steven A. Wall, William S. Harwin</i>	
The Effective Combination of Haptic and Auditory Textural Information .....	118
<i>Marilyn Rose McGee, Phil Gray, Stephen Brewster</i>	
Cursor Trajectory Analysis.....	127
<i>Hilde Keuning-Van Oirschot, Adrian J.M. Houtsma</i>	
What Impact Does the Haptic-Stereo Integration Have on Depth Perception in Stereographic Virtual Environment? A Preliminary Study .....	135
<i>Laroussi Bouguila, Masahiro Ishii, Makoto Sato</i>	
A Shape Recognition Benchmark for Evaluating Usability of a Haptic Environment .....	151
<i>Arthur E. Kirkpatrick, Sarah A. Douglas</i>	

## Applications of Haptics

A Horse Ovary Palpation Simulator for Veterinary Training.....	157
<i>Andrew Crossan, Stephen Brewster, Stuart Reid, Dominic Mellor</i>	
Tactile Navigation Display .....	165
<i>Jan B.F. van Erp</i>	
Tactile Information Presentation in the Cockpit.....	174
<i>Henricus A.H.C. van Veen, Jan B. F. van Erp</i>	
Scaleable SPIDAR: A Haptic Interface for Human-Scale Virtual Environments ....	182
<i>Laroussi Bouguila, Masahiro Ishii, Makoto Sato</i>	
The Sense of Object-Presence with Projection Augmented Models.....	194
<i>Brett Stevens, Jennifer Jerrams-Smith</i>	

Virtual Space Computer Games with a Floor Sensor Control – Human Centred Approach in the Design Process .....	199
<i>Jaana Leikas, Antti Väätänen, Veli-Pekka Rätty</i>	
Sensing the Fabric: To Simulate Sensation through Sensory Evaluation and in Response to Standard Acceptable Properties of Specific Materials when Viewed as a Digital Image .....	205
<i>Patricia Dillon, Wendy Moody, Rebecca Bartlett, Patricia Scully, Roger Morgan, Christopher James</i>	
<b>Author Index</b> .....	219
