I PRICING AND TELECOMMUNICATIONS

1 Introduction 3
  1.1 Telecommunications pricing 3
  1.2 Theory and practice 4
  1.3 Overview 6

2 Telecommunications production, costs, and pricing 7
  2.1 Stylized telecommunications technology 7
  2.2 The US context 15
  2.3 Major tariff developments 17

II RECENT DEVELOPMENTS IN THE NORMATIVE ECONOMIC THEORY OF TARIFFS

3 Types of tariffs 23
  3.1 The context 23
  3.2 Normative framework 26
  3.3 Overview of tariff types 34

4 Linear tariffs 38
  4.1 Marginal-cost prices 38
  4.2 Ramsey pricing (demand-oriented tariffs) 43
  4.3 Ramsey pricing with competition 48
  4.4 Ramsey pricing with consumption externalities 55
  4.5 Definition of services 61
  4.6 Customer-class pricing 64
5 Nonlinear tariffs
5.1 The consumption framework
5.2 Two-part tariffs
5.3 Two-part tariffs with consumption externalities
5.4 Discriminatory two-part tariffs
5.5 Smooth nonlinear tariffs
5.6 Discrete multipart and optional two-part tariffs
5.7 Tying/bundling versus unbundling
5.8 Nonlinear tariffs in oligopoly
5.9 Second-best piecemeal policy

6 Cost-based tariffs
6.1 Subsidy-free pricing
6.2 Cost-axiomatic pricing
6.3 Fully distributed-cost pricing
6.4 Special issues of carrier rates
6.5 Second-best piecemeal policy revisited

III TELEPHONE RATE STRUCTURES IN THE UNITED STATES

7 Regulation and US retail rates
7.1 The impact of regulation on rate setting
7.2 Basic US retail rates
7.3 Price caps

8 Optional calling plans
8.1 Theory of optional tariffs reconsidered
8.2 Development of AT&T's optional calling plan
A  US telephone price indexes  264
   Bibliography  287
   Index  301
   Selected list of RAND books  308

List of figures

9.1 AT&T bulk rates (1000 mi.) 206
10.1 Switched access and bypass arrangements 218
11.1 US telephone penetration 227
A.1 Interstate and state prices 265
A.2 CPI price indexes 267
A.3 MTS and WATS prices 269
### Tables

#### 2.1 Market shares, 1989

#### 2.2 The US telephone market

#### 7.1 Average monthly local rates

#### 7.2 Average connection charges

#### 7.3 Retail rates for cellular service in California

#### 7.4 Average intrastate toll rates (5-minute daytime calls)

#### 7.5 AT&T interstate MTS rate structure

#### 7.6 AT&T tariff filings requiring remapping of base demand

#### 7.7 Tariffs excluded from AT&T price cap regulation

#### 7.8 Revenue shares for AT&T by price cap basket

#### 7.9 AT&T price cap and BLS index values

#### 8.1 AT&T experimental plans, 1983

#### 8.2 Changes in usage and revenues under experimental rate plans

#### 8.3 Growth in optional calling plans

#### 8.4 Customer distribution by night/weekend usage, 1984-5

#### 8.5 AT&T Reach-Out America plans

#### 8.6 MCI optional calling plans

#### 8.7 US Sprint optional calling plans

#### 9.1 AT&T PRO WATS I, II, and III

#### 9.2 AT&T PRO WATS tariff

#### 9.3 High-volume AT&T WATS tariffs

#### 9.4 AT&T 800-service rates

#### 9.5 AT&T private line interoffice transport rates

#### 10.1 Interstate carrier access charges (cents per minute)

#### 10.2 Distribution of monthly usage

#### 10.3 Two nonuniform-pricing access rates
List of tables

11.1 Telephone penetration in US households (percent) 225
11.2 Eligibility in Lifeline and Link-up programs 231
11.3 Enrollment in social tariffs 240
11.4 Reimbursements to local exchange companies 242
11.5 Administrative costs of state programs, 1989 243
A.1 Differences between CPI and PPI telephone indexes 271
A.2 Consumer Price Index data 272
A.3 Producer Price Index data 273
A.4 Interstate and state share of total minutes 276
A.5 Consumer Price Index: annual growth rates (percent) 277
A.6 Producer Price Index: annual growth rates (percent) 278
A.7 Changes in AT&T price cap indexes and BLS indexes, July 1988 to July 1989 281
