PREFACE *xi*

PART ONE **CONCEPTUAL UNDERPINNINGS**

1 INTRODUCTION 1

- Defining Sales Promotion 1
- Types of Sales Promotions 3
- Sales Promotions Expenditures 13
- Trends in Sales Promotion Expenditures 15
- Purpose and Organization of the Book 17

2 THEORIES AND CONCEPTS OF CONSUMER BEHAVIOR APPLIED TO SALES PROMOTION 19

- Introduction 19
- Behavioral Learning Theories 19
 - Classical Conditioning 19 Operant Conditioning 22 *The Basic Theory 22*
 - Primary Versus Secondary Reinforcement 23 Reinforcement Schedules 24*
 - Shaping 24 Stimulus Discrimination 25 Summary 26*
- The Hullian Model 27
- Attribution Theory 29
 - Conceptual Underpinnings 29 Empirical Studies 31 Summary 39
- Theories of Price Perception 40
 - Weber's Law 40 Adaptation-Level Theory: The Concept of a Reference Price 41
 - Assimilation-Contrast Theory 45 Evidence of Point-of-Purchase Perceptions 47 Summary 48

Perceived Risk 49

Prospect Theory and Mental Accounting 50

Attitude Models 52

Theory 52 Application 1: Why a Price Reduction Results in Increased Sales 55 Application 2: Coupon Usage 56 Summary 57

The Consumer Decision Process 58

Summary 60

THE DEAL-PRONE CONSUMER 65

Introduction 65

Characterizing the "Deal-Prone" Consumer 65

Motivation 65 Conceptual Issues 66 *Defining Deal Proneness 66 Measures of Deal Proneness 67 What Is a Deal? 70 Theory 70 Explanatory Variables Considered 72 Methods Used 72 Findings 73*

Deal Proneness and Consumer Choice Segments 77

Directions for Future Research 82

ECONOMIC THEORIES OF PROMOTIONS 83

Demand Uncertainty 83

Lazear's Model 84 Further Results from Lazear's Model 85 Summary of Lazear's Results 86

Inventory Cost Shifting 86

Blattberg, Eppen, and Lieberman 87 Other Inventory Cost Models 91

Differential Information 92

Differential Information Causing a Two-Price Equilibrium 93 Randomization to Discriminate Against Uninformed Consumers 94

Price Discrimination 95

Coupons as a Form of Price Discrimination 96 Retailer Promotions as a Price Discrimination Tool 101

Loyals Versus Switchers 102

Loyals, Switchers, and the Deal-Prone Consumer 102 Promotional Strategies for Markets with Switchers and Loyals 102 Trade Deals and the Retailer 105

Competitive Explanations 105

Theory of the Prisoner's Dilemma 106 The Prisoner's Dilemma Applied to Promotions 107

Implications for Marketing Managers 108

HOW PROMOTIONS AFFECT SALES 112

Brand Switching 112

Conceptual Issues 112 Theory 113 Empirical Evidence 115

Repeat Purchasing	118
Conceptual Issues	118
Theory	119
Empirical Evidence	121
<i>Aaker's New Trier Model: The Purchase Effect on Repeat Purchasing</i>	121
<i>Empirical Studies of the Promotion Usage Effect on Repeat Purchases</i>	122
<i>Choice Models and Repeat Purchases: Examining Both the Purchase and Promotion Usage Effects</i>	124
Purchase Acceleration	128
Conceptual Issues	128
Theory	130
Empirical Evidence	130
Category Expansion	133
Conceptual Issues	133
Theory	134
Empirical Evidence	134
The Combined Impact of Separate Sales Effects	135
Discussion and Summary	139

PART TWO

METHODS FOR ANALYZING SALES PROMOTIONS

6 SALES PROMOTION EXPERIMENTS 141

Overview	141
Time Series Quasi-Experiments	141
Design	141
Analysis	142
Problems	143
Implementation	145
Example	146
Two Group Pre-Post Experiments	147
Design	147
Analysis	148
Problems	149
Implementation	150
Example	150
Detailed Discussion of the Precision of the Time Series Quasi-Experiment and the Two-Group Pre-Post Experiment	152
Analysis Using Descriptive Statistics	152
Analysis Using Univariate Regression	155
An Example Using Simulated Data	156
Increasing Precision of the Two-Group Design Through Blocking or Matching	159
Increasing Precision Through Multivariate Regression	160
Experiments That Incorporate More than One Variable	161
Design	161
<i>Randomized Blocks</i>	162
<i>Latin Squares</i>	163
<i>Full and Fractional Factorials</i>	164
Analysis	165
Examples	166
Summary	171

7 REGRESSION ANALYSIS APPLIED TO SALES PROMOTION 172

Overview	172
Data	172
Experimental Versus Nonexperimental Data	172
Panel Data Versus Aggregate Sales	173
Retail Sales Versus Warehouse Withdrawals Versus Factory Shipments	175
Omitted Variables Bias	175
The Problem	175
An Example	177

Level of Aggregation 181

Aggregating over Time 181 Aggregating and Pooling Data Across Stores 182

Aggregating and Pooling Across Brand Size/Style/Flavor 185 Aggregating and Pooling Across Consumers 186

Dependent Variables 186

Independent Variables 188

Interaction Terms 188 Lagged Variables 190

Functional Forms 193

Estimation Procedures 194

Multicollinearity 195

An Example of Model Building 197

CHOICE AND PURCHASE TIMING MODELS 205

Choice Models 206

Stochastic Brand Choice Models 206 *Order of the Process* 206

Heterogeneity 207 *Stationarity* 208 *Bernoulli Models* 208 *Markov Models* 209

The Linear Learning Model 210 *The Basic Model* 210 *Kuehn and Rohloff's*

Application of the Linear Learning Model 212 *Lilien's Modified Linear Learning*

Model 213 The Bargain Value Model 215

Incorporating Marketing Mix Variables into Choice Models 217

The Logit Model 217 *The Basic Model* 217 *Using the Logit Model to Study*

Promotions 220 *Loyalty* 221 *Promotional Variable* 221 *Last Purchase*

Variables 223 *Competitive Effects in the Logit Model* 226 *Markov Models*

226 *Fader and McAlister's Noncompensatory Model* 227

Purchase Incidence Models 228

Poisson Purchase Incidence Model 228 *Quantity Decision* 231

Tobit Model 232 *Application of the Tobit Model* 233 *Brand Choice and Tobit*

Models 233

Summary 234

TIME SERIES ANALYSIS APPLIED TO SALES PROMOTION 235

Overview 235

Univariate Time Series Analysis 237

The Basic Time Series Decomposition Model 237 *The Model* 237 *Ratio-to-*

Moving-Average Method 238 *Regression Method* 239 *ARIMA Models* 240

Cautions in Applying Univariate Time Series Analysis 243 *An Example of*

Using Univariate Time Series Analysis to Evaluate a Promotion 244

The PROMOTER Methodology 250

Transfer Function Analysis 254

The Method 254 *Examples of Transfer Function Models* 256

Intervention Analysis	259
The Method	259
Examples of Intervention Analysis	260
Summary	262

PART THREE

SUBSTANTIVE FINDINGS AND ISSUES

X	10	COUPONS	264
		Introduction	264
		Distribution Trends	264
		Types of Coupon Distribution Vehicles	265
		Objectives Served by Couponing	268
		Direct Sales Impact	268
		<i>Attract New Triers</i>	268
		<i>Attract Brand Switchers</i>	269
		<i>Increase Category Consumption</i>	270
		<i>Maintain or Enhance Repeat Purchase Rates</i>	270
		<i>Defend Market Share</i>	271
		Retail Trade Related	272
		<i>Gain In-Store Promotional Support</i>	272
		<i>Increase Distribution</i>	273
		<i>Motivate the Sales Force</i>	273
		<i>More Directly Control Retail Price</i>	273
		Integrate with Advertising and Other Promotions	274
		<i>Reinforce or Enhance Print Media Advertising</i>	274
		<i>“Synergize” with Other Marketing Instruments</i>	276
		Use as a Strategic Tool	276
		<i>Preempt the Competition</i>	276
		<i>Price Discriminate</i>	277
		<i>Cushion a Price Increase</i>	277
		<i>Reach the Appropriate Target Group</i>	278
		<i>Gain Trial for Another Product</i>	278
		Summary	279
		Coupon Profitability	280
		Calculating Profit	280
		Managing the Costs of Couponing	283
		The Problem of Misredemption	283
		Coupon Redemption	286
		The Redemption Decision	286
		Who Redeems Coupons?	289
		Average Redemption Levels	290
		Forecasting Coupon Redemption Rates	292
		<i>The Problem</i>	292
		<i>Identify Factors Determining Redemption Rate</i>	293
		<i>Specify the Model</i>	293
		<i>Collect Data</i>	294
		<i>Estimate the Model</i>	295
		<i>Validate the Model</i>	297
		<i>Implementation</i>	298
		Summary	299
		The Timing of Coupon Redemptions	299
		The Effect of Coupons upon Brand Sales	301
		Experiments Involving Coupons	302
		Profiles of Coupon Redeemers	304
		Baseline Extrapolation Studies	307
		Econometric Studies	307
		Summary and Discussion	309
		Why Are There Coupons? The Consumer Viewpoint	310
	11	TRADE DEALING	313
		Introduction	313
		Objectives of Trade Deals	314

Inducing Retailer Merchandising Activities 314 Retail Sales Force
Incentives 315 Loading the Retailer 315 Gaining or Maintaining
Distribution 315 Avoiding Price Reductions 316 Competitive Tool 316
Types of Trade Deals 316
Description of Trade Deals for Consumer Durable Goods 317 Description of
Trade Deals for Consumer Nondurable Goods 318
Measurement of Trade Deal Effectiveness 322
Before-After Analysis 322 Statistical Models 323 *Blattberg-Levin Model 323*
PROMOTER 328 Baseline Methods versus Consumer/Shipment Models 329
Analysis of the Frequency of Retail Promotions 330
Findings Regarding Passthrough 336
Forward Buying 337 Passthrough 337 Profitability of Trade Deals 338
Conclusions Regarding Passthrough 340
Strategies for Trade Dealing 340
When Manufacturers Should Trade Deal 340 Tactics for Improving Trade
Promotion Results 341
Summary 343

RETAIL PROMOTIONS 344

Types of Promotions Offered by Retailers 345
Price Discounts 345 Displays 347 Retail Newspaper Advertising 348 Other
Promotions 348
Empirical Evidence About Retail Promotional Effects 349
Psychological Pricing 349 Shape of Deal Response 350 Deal Elasticities and
Cross-elasticities 351 Price versus Promotional Elasticities 355 Feature
Advertising and Display Elasticities 357 Promotional Elasticities Across
Markets 357 Stockpiling 358 Deal Decay 360 Deal Carry-over Effect 360
Price Tiers 363 Summary 363
Measuring the Effects of Retailer Promotions 364
Data to Measure the Effectiveness of Retail Promotions 364 Before-After
Measurement of Retail Promotions 365 Example of the Methodology 365
Advantages and Limitations of the "Before-After" Promotional Analysis 366
Statistical Modeling of Store-Level Scanner Data 367 *Blattberg and Wisniewski*
*Model 367 SCAN*PRO 369 Modeling Issues 371 Models Fit to Scanner Panel*
Data 372
Profitability Model for Retail Promotions 374
Sales and Promotion Models 374 Financial Model 375 Implications of
Profitability Model for the Retailer and Manufacturer 376
Future Research Topics 378
Summary 378

PART FOUR

SALES PROMOTION PLANNING

13 THE MANUFACTURER PROMOTION PLANNING PROCESS 380

The Manufacturer's Planning Process 380
 Overview 380 Corporate and Division Objectives 382 Situation Analysis 382
 Corporate and Division Policy/Philosophy 383 Marketing Objectives and
 Strategy, Sales Promotion Objectives and Strategy 384 Promotion
 Tactics 386 *Generating Alternatives 386 Screening Alternatives 388 The
 Promotion Calendar 389 Performance Criteria 389 Implementation 389
 Evaluation 390 Budgeting 391 The Marketing Expenditure Decision 391 The
 Allocation to Promotion Versus Other Marketing Elements 391 Budgets for Individual
 Events 392*
 Examples of Promotion Planning 392
 Devising a Promotion Calendar 393 Implementing a Particular Promotion
 Event 397
 Planning Models 398
 BRANDAID 398 *Model Formulation 398 Application 400 A Model for
 Planning Coupon Promotions 401 Model Formulation 401 Application 403 An
 Optimization Model 406 Planning a Single Promotion 407 Planning Multiple
 Promotions 409 Survey Methods for Planning Promotions 410 Multidimensional
 Scaling 410 Conjoint Analysis 412 Summary 414*
 Future Research Directions 415
 Appendix: A Compendium of Materials Needed to Implement a Promotion
 Campaign 417

14 THE RETAILER PROMOTION PLANNING PROCESS 430

The Retailer's Planning Process 430
 Marketing Strategy 430 Sales Promotion Objectives 432 Promotion
 Tactics 433 *Event Planning 433 Items to Promote 433 Discount Level 433
 Merchandising and Feature Advertising 433 Forward Buying 433 Executing
 Promotional Tactics 434 Coordinating the Selling Effort 434 Availability of
 Merchandise 434 Poor Pricing 434*
 Example of the Retail Planning Process 435
 Description of the Retailer 435 Design of the August Promotion 435
 Execution of the August Promotion 436 Postpromotion Evaluation 437
 Promotional Tactics 437
 Event Planning 438 Margin Planning 438 *Markup and Markdown Planning 438
 Decision Calculus Model 441 Selecting Items to Promote 442 A Decision
 Calculus Model for Planning Individual Retail Promotions 450 Statistical*
