PART I	State of the Profession, the Engagement, and the Basic Theory	1
1.	Business Valuation Standards and Credentials	3
	Growing Consensus on Business Valuation Standards. The Appraisal Foundation. <i>Background and Organization. Uniform Standards of Professional Appraisal Practice (USPAP)</i> . Standards Published by Business Valuation Professional Organizations. Other Organizations That Have Offered Guidance on Business Valuation Issues. <i>Internal Revenue Service. Department of Labor. Association for Investment Management and Research. The ESOP Association</i> . Recognition of Professional Standards by Courts. International Acceptance of U.S. Standards and Practices. Professional Organizations Offering Accreditation in Business Valuation. <i>American Society of Appraisers. Institute of Business Appraisers. National Association of Certified Valuation Analysts. American Institute of Certified Public Accountants. The Canadian Institute of Chartered Business Valuators</i> . Summary. Bibliography.	
2.	Defining the Assignment	19
	Basic Elements of the Valuation Assignment. Definition of Who Offered and Who Accepted the Assignment. Description of the Legal Interest or Interests to Be Appraised. <i>Description of the Business Entity. Description of the Specific Business Interest. Interests Other Than Direct Fee Simple Ownership</i> . Description of the Specific Ownership Interest Characteristics. <i>Control versus Minority. Degree of Marketability</i> . Valuation Date. Purpose of the Appraisal. Standards of Value. <i>Fair Market Value. Investment Value. Intrinsic or Fundamental Value. Fair Value</i> . Going-Concern versus Liquidation Premise of Value. Sources of Guidance as to Applicable Standards and Premises of Value. Form of the Work Product. Scheduling. Fee Arrangements. Summary.	
3.	Business Valuation Theory and Principles	39
	Generally Accepted Theory. Reliance on Projected versus Historical Benefits. Basic Variables Affecting Value. Impact of Risk on Value. Accepted Business Valuation Approaches and Methods. <i>Background and Structure. Comparison with Real Estate Appraisal Approaches</i> . Impact of Controlling versus Noncontrolling Ownership Interest. Impact of Marketability. Distinction between Discount for Lack of Control and Discount for Lack of Marketability. Other Qualitative Factors Affecting Value. Matching the Valuation Methodology with the Standard and Premises of Value. Sum of Parts Not Necessarily Equal to Whole. Summary of Business Valuation Principles. Bibliography.	

PART II	Gathering and Analyzing Data	57
4.	Gathering Company Data	59
	Generalized Company Information Checklist. Financial Statements. <i>Relevant Time Period. Levels of Financial Statement Preparation. Impact of Enterprise Legal Structure.</i> Federal Tax Returns. Interim Statements. Other Financial Schedules. <i>Current Assets and Liabilities. Plant and Equipment. Officers' and Directors' Compensation Schedule. Distribution of Ownership. Dividend or Partnership Withdrawal Schedule. Schedule of Key Person Life Insurance.</i> Off-Balance Sheet Assets or Liabilities. Related Party Transaction Information. Operating Information. <i>Company History. Brochures, Catalogs, and Price Lists. Key Personnel. Customer and Supplier Base. Contractual Agreements and Obligations. Industry and Trade Association Information.</i> List of Past Transactions in the Stock or Offers to Buy. Budgets and Forecasts. Capital Requirements. <i>Capital Expenditures. Deferred Maintenance. Working Capital Requirements.</i> Company Documents Relating to the Rights of Owners. <i>Corporate or Partnership Records. Buy-Sell and ESOP Agreements. Employment and Noncompete Agreements.</i> Summary.	
5.	Site Visits	75
	History. Description of the Business. Management and Management Compensation. Operations. <i>Materials and Supplies. Labor and Government Relations. Plant and Equipment. Inventory.</i> Markets and Marketing. Finance. <i>Current Assets. Fixed Assets. Intangible Assets. Current Liabilities. Capital Structure. Off-Balance Sheet Items. Profitability. Insurance. Dividends.</i> Prior Arm's-Length Transactions or Offers. Catch-All Question. Interviews of Outsiders. <i>Professionals Related to the Company. Other Possible Outside Interviews.</i> Summary.	
6.	Researching Economic and Industry Information	87
	National Economic Information. <i>The Federal Statistical System. Banks. Business Periodicals and Statistical Services.</i> Regional Economic Information. Industry Information. <i>General Industry Information. Composite Company Data. Information on Management Compensation.</i> On-Line Information. Indexes to Economic and Industry Information. Summary. Bibliography.	
7.	Analyzing Financial Statements	109
	Adequacy of Allowance and Reserve Accounts. <i>Allowance for Doubtful Accounts—Accounts Receivable. Allowance for Doubtful Accounts—Notes Receivable.</i> Inventory Accounting Methods. <i>FIFO, LIFO, and Other Methods. Write-Down and Write-Off Policies.</i> Depreciation Methods and Schedules. <i>Declining-Balance Method. Sum-of-the-Years'-Digits Method. ACRS and MACRS. Analytical Implications.</i> Depletion. Treatment of Intangibles. <i>Leasehold Interests. Other Intangible Assets.</i> Capitalization versus Expensing of Various Costs. Timing of Recognition of Revenues and Expenses. <i>Contract Work. Installment Sales. Sales Involving Actual or Contingent Liabilities. Prior-Period Adjustments. Accounting for Leases.</i> Net Operating Loss Carryforwards. Treatment of Interests in Affiliates. Extraordinary or Nonrecurring Items. <i>Ordinary versus Extraordinary Items. Other Nonrecurring Items. Discontinued Operations.</i> Operating versus Nonoperating Items. Management Compensation and Perquisites.	

Transactions Involving Company Insiders. Contingent Assets and Liabilities. Adjustments to Asset Valuations. *Marketable Securities*. *Other Assets*. Computation of Earnings Per Share. *Weighted Average Basis*. *Basic versus Diluted Earnings*. Computation of Book Value Per Share. An Example of the Effect of Alternative Accounting Methods. Adjusting the Balance Sheet to Current Values. Summary. Bibliography.

8. Financial Statement Ratio Analysis 131

Use and Interpretation of Ratio Analysis. Common-Size Statements. Short-Term Liquidity Measures. *Current Ratio*. *Quick (Acid-Test) Ratio*. Activity Ratios. *Accounts Receivable Turnover*. *Inventory Turnover*. *Sales to Net Working Capital*. *Sales to Fixed Assets and Total Assets*. Risk Analysis. *Business Risk*. *Financial Risk*. Balance Sheet Leverage Ratios. *Total Debt to Total Assets*. *Equity to Total Assets*. *Long-Term Debt to Total Capital*. *Equity to Total Capital*. *Fixed Assets to Equity*. *Debt to Equity*. Income Statement Coverage Ratios. *Times Interest Earned*. *Coverage of Fixed Charges*. Income Statement Profitability Ratios. Return on Investment Ratios. *Return on Equity*. *Return on Investment*. *Return on Total Assets*. Asset Utilization Ratios. Summary.

PART III Business Valuation Approaches and Methods 149

9. Income Approach: Discounted Future Economic Income Method 151

Introduction: Theoretical and Practical Soundness of Approach. The Basic Discounted Economic Income Framework. *The Numerator: Expected Prospective Economic Income*. *The Denominator: The Discount Rate*. Estimating the Discount Rate. *Return and Rate of Return Defined*. *Components of the Discount Rate*. *The Risk-Free Rate*. *The Equity Risk Premium*. The Capital Asset Pricing Model. *Systematic and Unsystematic Risk*. *Beta: The Measure of Systematic Risk*. *Using Beta to Estimate Expected Rate of Return*. *Levered and Unlevered Betas*. *Assumptions Underlying the Capital Asset Pricing Model*. The Size Premium. The Discounted Cash Flow Method of Estimating the Cost of Capital. Arbitrage Pricing Theory. Sources of Data to Estimate the Cost of Equity Capital. *Risk-Free Rate*. *Equity Risk Premium*. *Beta*. *Size Premium*. *Investment-Specific Risk*. *Arbitrage Pricing Theory Factors*. *Rate of Return Allowed to Regulated Companies*. *Ibbotson Associates Cost of Capital Quarterly*. Discounting Economic Income Available to Overall Capital. *Defining the Capital Structure*. *Weighted Average Cost of Capital (WACC) Formula*. *Should an Actual or Hypothetical Capital Structure Be Used?* Specific Projection Period Plus a Terminal Value. The "Midyear Discounting Convention." Example of Application of Discounted Economic Income Methods. *Estimating an Equity Discount Rate*. *Discounting Net Cash Flow to Equity*. *Estimating a Weighted Average Cost of Capital*. *Discounting Net Cash Flow to Invested Capital*. Caveats in Using Discounted Economic Income Methods. Converting a Discount Rate Applicable to Net Cash Flow to a Discount Rate Applicable to Net Income. Does the Discounted Economic Income Method Produce a Control or a Minority Value? What Standard of Value Does a Discounted Economic Income Model Produce? Common Errors. *Mismatching the Discount Rate with the Economic Income Measure*. *Confusing Discount Rates with Capitalization Rates*. *Projecting Growth Beyond What the Capital Being*

Valued Will Support. Projecting That Extrapolation of the Recent Past Represents the Best Estimate of Future Results. Discounting a Terminal Value for an Incorrect Number of Periods. Internally Inconsistent Capital Structure Projection. Assumptions That Produce a Standard or Premise of Value Other Than That Called for in the Valuation Engagement. Summary. Bibliography.

10. Income Approach: Capitalized Future Economic Income Method 203

Essential Difference between the Discounting Model and the Capitalization Model. The Perpetual Economic Income Stream Model. Converting a Discount Rate to a Capitalization Rate—The Constant Growth Model. The Gordon Growth Model. Sensitivity to Growth Rate Assumptions. When to Use the Discounting versus the Capitalization Method. Equivalence of the Discounting and Capitalization Methods. Implementing the Capitalized Economic Income Method. Projecting the Basic Economic Income Level and the Growth Rate. *Start with Normalized Expected Economic Income. The Projected Long-Term Growth Rate.* Defining the Components in the Capitalization Method. *Valuing Equity versus Invested Capital. Selecting the Appropriate Measure of Economic Income.* Modification of the Capitalized Economic Income Method to Reflect the Midyear Discounting Convention. Using the Capitalized Economic Income Method to Develop a Terminal Value for the Discounted Economic Income Method. *Why the Capitalized Economic Income Method Is Preferable. Implementation of the Capitalized Economic Income Method to Estimate the Terminal Value.* Does the Capitalized Economic Income Method Produce a Control Value or a Minority Value? What Standard of Value Does the Capitalized Economic Income Model Produce? Relationship between the Capitalized Economic Income Method and the Market Approach. *Derivation of Income Approach Capitalization Rates versus Market Approach Multiples. Economic Income Variables Used in the Income Approach versus the Market Approach.* Summary. Bibliography.

11. Market Approach: Guideline Publicly Traded Company Method 223

Overview of the Guideline Publicly Traded Company Method. When Is the Guideline Publicly Traded Company Method Most Useful? *Standard of Value. Ownership Characteristics. Going-Concern versus Liquidation Value. Quantity and Quality of Available Data.* Criteria for Guideline Company Selection. How Many Guideline Companies? Time Period to Consider. Deciding Which Value Measures to Use. *Influence of the Ownership Characteristics. Going-Concern versus Liquidation Value. Type of Company. Availability of Data.* Compiling Guideline Company Tables. *Developing a List of Guideline Companies. Financial Statement Adjustments to Guideline Companies. Comparative Ratio Analysis. Obtaining the Guideline Companies' Market Value Data. Presenting Guideline Company Tables.* Selecting and Weighting Multiples for the Subject Company Based on Guideline Companies. *Impact of Guideline Company Data Evaluation. Measures of Central Tendency and Dispersion. Multiples of Earnings or Cash Flow. Capitalization of Dividends or Dividend-Paying Capacity. Multiples of Revenue. Multiple of Stock Value to Asset Value.* Treating Nonoperating Assets, Excess Assets, and Asset Deficiencies. *Nonoperating Assets. Marginal Operating Real Estate. Excess Assets or Asset Deficiencies.* Multiline Companies. *Procedures for Valuation. "Portfolio Effect." Typical*

Adjustments to Reach a Value Conclusion. Value Measures Using Market Value of Invested Capital. Common Errors. *Failure to Conduct an Adequate Search for Guideline Company Data. Failure to Make Appropriate Financial Statement Adjustments to Guideline Companies. Multiples That Mismatch Numerator and Denominator. Simple Reliance on Average of Guideline Company Multiples without Comparative Analysis.* Summary. Bibliography.

- 12. Market Approach: Guideline Merged and Acquired Company Method** **259**
- Overview of the Merger and Acquired Company Method. When Is the Guideline Merged and Acquired Company Method Most Useful? *Standard of Value. Ownership Characteristics. Going-Concern versus Liquidation Value. Quantity and Quality of Data Available.* Control Transaction (Acquisition) Value Measures. Caveat: Check the Deal Structure. *Deal Terms. Exactly What Was Transacted? Noncompete and Employment or Consulting Agreements.* Sources of Merger and Acquisition Data. *Sources for Large Company Transactions. Sources for Middle-Market and Smaller Company Transactions.* Adjusting for Time Period Differences. Past Subject Company Transactions. *Past Subject Company Changes of Control. Bona Fide Offers. Past Acquisitions by the Subject Company.* Formulas or Rules of Thumb. Nonoperating Assets, Excess Assets, and Asset Deficiencies. Selecting and Weighting Multiples for the Subject Company Based on Guideline Transactions. *Impact of Guideline Transactional Data Evaluation. Multiple of Stock Value to Asset Value.* Reaching the Value Conclusion. Summary. Bibliography.
- 13. The Capitalized Excess Earnings Method** **281**
- The History of the Capitalized Excess Earnings Method. The Capitalized Excess Earnings Valuation Method. *Practical Application of This Method. The Seeming Simplicity of This Method. An Illustration.* Analysis of the Capitalized Excess Earnings Method. *Estimation of the "Net Tangible Asset Value." Estimation of the "Normalized Level of Earnings." Appropriate Rate of Return on Tangible Assets. Appropriate Direct Capitalization Rate for Excess Earnings.* Comprehensive Example. The Treatment of Negative Goodwill. Common Errors in Applying the Capitalized Excess Earnings Method. *Failure to Allow for Shareholder/Employee Salary. Failure to Use Realistic Estimate of Future Normalized Earnings. Errors in Selection of the Appropriate Direct Capitalization Rates. Commentary on Capitalized Excess Earnings Method Problems.* Summary. Bibliography
- 14. Asset-Based Approach: Asset Accumulation Method** **305**
- Fundamentals of the Asset Accumulation Method. Asset-Based Approach versus Book Value. Asset Accumulation Method and Capitalized Excess Earnings Method. *Capitalized Excess Earnings Method--Collective Revaluation. Asset Accumulation Method--Individual Revaluation. Combining Elements of Asset Accumulation Method and Capitalized Excess Earnings Method.* Asset Accumulation Method Procedures. *Obtain or Develop a Cost-Basis Balance Sheet. Identify Assets and Liabilities to Be Revalued. Identify Off-Balance Sheet Assets. Identify Off-Balance Sheet and Contingent Liabilities. Value the Accounts Identified Above. Construct a Value-Basis Balance Sheet.* Premise of Value for Individual Assets. *Value in Continued Use, as Part of a Going Concern. Value in Place, as Part of a Mass Assemblage of Assets. Value in Exchange, in an Orderly Disposition. Value in*

Exchange, in a Forced Liquidation. Selecting the Appropriate Premise of Value. Individual Asset Valuation Procedures. Financial Assets. Real Estate. Tangible Personal Property. Intangible Real Property. Intangible Personal Property. Categorization of Intangible Assets. Valuation of Intangible Assets. Remaining Useful Life Analysis of Intangible Assets. Example. Advantages of the Asset Accumulation Method. Disadvantages of the Asset Accumulation Method. Summary. Bibliography.

PART IV Discounts, Premiums, and the Value Conclusion 343

15. Control and Acquisition Premiums 345

The Concept and Importance of Ownership Control. How the Applicable Standard of Value Affects Control Premiums. *Fair Market Value. Investment Value. Intrinsic Value. Fair Value.* Impact of State Statutes on the Value of Control. *Requirements for Supermajority Votes. Dissenting Stockholder Appraisal Rights. Rights to Dissolution or Sale of Stock.* Market Evidence Regarding Control and Acquisition Price Premiums. *Mergerstat Review Studies. Mergerstat Acquisition Premium Studies.* Negative Control Premiums. Summary. Bibliography.

16. Discount for Lack of Control 363

Elements of Absolute Ownership Control. Degree of Ownership Control. *Effect of State Statutes. Effect of Articles of Incorporation and Bylaws. Effect of Distribution of Equity Ownership.* Distinction between Discount for Lack of Control and Discount for Lack of Marketability. How the Business Valuation Approach Affects the Lack of Control Discount. *The Income Approach. Market Approach—Guideline Publicly Traded Company Method. Market Approach—Guideline Merged and Acquired Company Method. Asset-Based Approach—Asset Accumulation Method. Asset-Based Approach—Capitalized Excess Earnings Method.* How the Applicable Standard of Value Affects Minority Ownership Interests. *Fair Market Value. Investment Value. Intrinsic Value. Fair Value.* Approaches to the Valuation of Noncontrolling Ownership Interests. *The Discount Approach. The Direct Comparison Approach. The Bottom-Up Approach.* Analytical Caveat. Discounts from Net Asset Value. *Holding Companies. Limited Partnerships. Trust and Estate Sales Study. Discounts for Direct Undivided Ownership Interests in Real Estate.* Other Factors That Influence the Lack of Control Discount. *Articles of Incorporation and Bylaws. Potential Dilution. Preemptive Rights. Cumulative versus Noncumulative Voting. Contractual Restrictions. Financial Condition of Business. Highly Regulated Industries. Buy-Sell and Other Shareholder Agreements. Fiduciary Duties. Private Company with Public Securities. Private Company That Operates Like a Public Company. Control Has Already Been Dissipated.* Summary. Bibliography.

17. Discounts for Illiquidity and Lack of Marketability 391

Concept and Importance of Marketability. *Adjustment for Lack of Marketability for Noncontrolling Ownership Interests. Evidence for the Quantification of Discount for Lack of Marketability.* Marketability Discounts Extracted from Prices of Restricted Stocks. *SEC Institutional Investor Study. Gelman Study. Trout Study. Moroney Study. Maher Study. Standard Research Consultants Study. Willamette Management Associates Study. Silber Study.*

FMV Opinions, Inc., Study. Management Planning, Inc., Study. Summary of Empirical Studies on Restricted Stock Transactions through 1996. Studies of Private Transactions before Initial Public Offerings. Robert W. Baird & Company Studies. Willamette Management Associates Studies. Criticisms of Willamette Management Associates Studies. Summary of Conclusions from Private Transaction Studies. Other Analysis of Discounts for Lack of Marketability for Minority Ownership Interests. Discounts for Lack of Marketability for Controlling Ownership Interests. Illiquidity Factors Affecting Controlling Ownership Interests. Benchmark for the Illiquidity Discount for Controlling Ownership Interests. Differences between Private and Public Company Acquisition Price/Earnings Multiples. Factors That Affect the Discounts for Illiquidity and Lack of Marketability. "Put" Rights. Dividend Payments. Potential Buyers. Size of Interest. Prospect of Public Offering or Sale of the Business. Information Access and Reliability. Restrictive Transfer Provisions. Court Decisions on Discounts for Illiquidity and Lack of Marketability. Mandelbaum v. Commissioner Reviews Lack of Marketability Factors. Estate of Barge v. Commissioner Considers Lack of Marketability Factors. Summary. Bibliography.

18. Other Valuation Discounts 425

Introduction. Major Categories of Valuation Discounts. Transferability Restrictions Discounts. *Blockage and Federal Securities Laws. Contractual Transferability Restrictions.* Nonsystematic Risk Discounts. Methods to Quantify Transferability Restriction Valuation Discounts. Methods to Quantify Nonsystematic Risk Valuation Discounts. Summary. Bibliography.

19. Valuation Synthesis and Conclusion 437

The Reconciliation Process. Criteria for the Selection of Valuation Approaches and Methods. *Quantity and Quality of Available Data. Type of Business, Nature of Business Assets, and Type of Industry Subject to Valuation. Nature of Business Interest Subject to Valuation. Statutory, Judicial, and Administrative Considerations. Informational Needs of the Valuation Audience. Purpose and Objective of the Analysis. Professional Judgment and Expertise of the Analyst.* Reconciling Divergent Indications among Valuation Methods. Weighting of Valuation Method Results. At What Point Are Valuation Discounts and Premiums Applied? Concluding the Value Estimate. *Explicit Weighting. Implicit Weighting. Final Value Estimate.* Summary.

PART V Writing and Reviewing Business Valuation Reports 449

20. Writing the Business Valuation Report 451

Overview of the Business Valuation Report. USPAP Reporting Standards. *Written Business Valuation Reporting Standards. Oral Business Valuation Reporting Standards.* USPAP Ethics Provisions. *Retention of Valuation Reports and Work Paper Files. Confidentiality Provision.* Valuation Industry Reporting Standards. *American Society of Appraisers. The Canadian Institute of Chartered Business Valuators. National Association of Certified Valuation Analysts. Institute of Business Appraisers. American Institute of Certified Public Accountants.* Guidelines for Effective Report Writing. *What Causes Ineffective Report Writing. Suggestions for Effective Report Writing.* Summary. Bibliography.

- 21. Sample Report** **469**
 Introduction. *Description of the Assignment. Summary Description of the Company. Capitalization and Ownership. Sources of Information.* Analysis of the U.S. Economy. *Overview. Outlook.* Analysis of the Poultry Processing Industry. *Overview. The Current Market. Exports.* Identification of Guideline Companies. *Overview. Descriptions of Selected Guideline Companies.* Financial Statement Analysis. *Overview. Balance Sheets. Income Statements. Adjustments. Financial and Operating Ratios.* Valuation of Common Stock. *Overview. The Guideline Publicly Traded Company Method. The Discounted Cash Flow Method.* Overall Valuation Conclusion. *Discount for Lack of Marketability. Summary and Conclusion of Empirical Research. Selection of the Applicable Lack of Marketability Discount for a Warm Chicken Noncontrolling Ownership Interest.*
- 22. Reviewing a Business Valuation Report** **505**
 Identification of the Subject Property. Relevant Dates. Definition of Value. *Standard of Value. Reason for the Selected Standard of Value.* Purpose of the Valuation. Actual or Assumed Ownership Characteristics. *Degree of Marketability. Degree of Ownership Control.* Basic Company Information. Economic and Industry Outlook. Sources of Information. *Site Visits. Management Interviews. Economic and Industry Data. Company Financial Statements. Income Approach Data. Market Approach Data. Asset-Based Approach.* Financial Statement Analysis. *Financial Statement Adjustments. Comparative Financial Statement Analysis.* Valuation Methodology. *Income Approach. Market Approach. Asset-Based Approach—Asset Accumulation Method. Asset-Based Approach—Capitalized Excess Earnings Method.* Are the Data Used Appropriate for the Valuation Date? *Cost of Capital Data. Market Approach Data. Asset-Based Approach Data.* Valuation Synthesis and Conclusion. Analyst's Qualifications. *Professional Accreditations. Education. Professional Association Memberships. Experience and Professional Involvement.* Appraisal Certification. Statement of Contingent and Limiting Conditions. Overall Evaluation.
- PART VI Valuing Specific Securities and Interests** **515**
- 23. Valuing Debt Securities** **517**
 Common Situations Requiring Valuation of Debt Securities. *Purchase or Sale for Cash. Exchange of Equity for Debt. Gift and Estate Taxes. Allocation of Total Enterprise Value among Classes of Securities. Adjusting a Balance Sheet for Debt Securities Owned or Owed.* Lease Financing. Method of Valuation. *Amount and Timing of Future Payments. Estimation of Yield to Maturity.* Marketability Aspects of Closely Held Debt Securities. Special Characteristics of Various Debt Securities. *Call Provisions. Sinking Fund Provisions. Collateral Provisions. Income Tax Status. Zero Coupon Debt. Convertible Debt.* Summary. Bibliography.
- 24. Valuing Preferred Stock** **531**
 Common Situations Requiring Valuation of Preferred Stock. *Purchase or Sale for Cash. Exchange of Common Equity or Debt for Preferred Stock. Gift and Estate Taxes. Allocating Total Enterprise Value among Classes of Securities. Adjusting a Balance Sheet for Preferred Stock Owned or Outstanding.* Special

Characteristics of Closely Held Preferred Stocks. *Dividend Rate. Liquidation Preference. Cumulative versus Noncumulative Dividends. Redeemable versus Nonredeemable. Put Option. Voting versus Nonvoting. Participating versus Nonparticipating. Convertible versus Nonconvertible. Method of Valuation. Assessing Dividend and Liquidation Payment Risk. Comparison with Publicly Traded Preferred Stocks. Capitalizing the Income Stream. Marketability* Aspects of Closely Held Preferred Stock. Revenue Ruling 83-120. Summary. Bibliography.

25. Valuing Stock Options **553**

Common Situations Requiring Valuation of Options. Terminology. Components of Stock Option Values. Discussion of Option Valuation Models. *Econometric versus Theoretical Models. The Black-Scholes Option Pricing Model. Empirical Tests of Option Valuation Models. Empirical Tests of Option Valuation Models.* Employee Incentive Stock Options. Real Options. Summary. Bibliography.

26. Pass-Through Entities **565**

Characteristics of the Organizations. *Sole Proprietorships. Corporations. Partnerships. S Corporations. Limited Liability Companies.* Pass-Through Entities. Partnerships. S Corporations. Limited Liability Companies (LLCs). Comparing the LLC with the S Corporation. Changing the Form of the Business from Taxable to Pass-Through. Valuation Issues. *Business Enterprise Value. Valuation of Noncontrolling Interests. Capitalization of Owner's Distribution Method. Estimation of Appropriate Distribution Rate. Discounted Economic Income Method. Other Valuation Issues. Lack of Marketability.* Summary. Bibliography.

PART VII Valuations for Specific Purposes **579**

27. Valuations for Estate and Gift Tax Purposes **581**

Introduction. Current Tax Rates and Penalties. Guidelines for Federal Gift and Estate Tax Valuations. *Weight to Be Accorded Various Factors. Capitalization Rates. Average of Factors. Restrictive Agreements. Summary of Guidelines.* Chapter 14 Special Valuation Guidelines. *Valuing Recapitalizations and Senior Equity Interests under Section 2701. Valuation Issues under Section 2702. Buy-Sell Agreements or Sale of Options under Section 2703. Valuation Rules for Lapsing Rights and Other Restrictions under Section 2704.* Locking in the Three-Year Gift Tax Statute of Limitations. Shifting the Burden of Proof from the Taxpayer to the IRS. Valuation Issues in Estate and Gift Tax Planning. *Placing Family Assets in Corporate, Limited Liability Company, or Partnership Form. Minimizing Taxes by a Series of Timely Noncontrolling Ownership Interest Transfers. Loss of Key Person. Trapped-In Capital Gains Discounts. Other Estate Planning Situations Requiring Valuations. Other Estate and Gift Valuation Issues.* Summary. Bibliography.

28. Estate and Gift Tax Court Cases **607**

Approaches to Value. Selection of Guideline Companies. Buy-Sell Agreements. Covenants Not to Compete. Reliance on Subsequent Sales. Discounts for Lack of Control and for Lack of Marketability. Discounts for Lack of Marketability—Controlling Ownership Interests. Blockage Discounts. Key Person Discount. Contingent Liability Discounts. Trapped-In

Capital Gains Taxes. Focus on Willing Seller as Well as on Willing Buyer. Inadequacy of Appraisal. Must Use Empirical Data to Quantify Variables. Summary. References.

29. Buy-Sell Agreements 523

Types of Buy-Sell Agreements. Valuation Provisions of the Buy-Sell Agreement. *Need for Clear Direction. Formula Approaches. Negotiation among the Parties. Independent Outside Appraisal. Understanding an Agreement's Pricing Philosophy.* Terms and Funding. *Term Payment Provisions. Funding the Buy-Sell Agreement with Life Insurance.* Restrictions on Transfer. Buy-Sell Agreement Values for Estate and Gift Tax Valuation under Chapter 14. Valuation Requirements under Section 2703. Summary. Bibliography.

30. Valuation for Income Tax Purposes 639

Introduction. Federal Income Tax Reasons to Conduct an Appraisal. Valuation of Property Received in a Transaction. *Determining Basis in a Property. Joint Ownership of Property. Property Acquired from a Decedent.* Valuation Requirements for Charitable Contribution Deductions. *Documentation Requirements—Contributions of Property. Noncash Property Contributions. Appraisals for Noncash Contributions. Year-End Charitable Gifting Considerations. Limitations on Charitable Contribution Deductions.* Valuation of Worthless and Abandoned Property. *Worthless Securities. Valuation Aspects of Section 165. Abandonment Loss for Nondepreciable Business Assets. Worthless Stock Deduction. Summary of Worthless and Abandoned Property Valuation.* Valuation Aspects of Cancellation of Indebtedness Income. *Unfavorable Tax Consequences of Debt Restructuring. Insolvency Provisions of Code Section 108. Insolvency Test Illustrative Example. The "Costs" of Code Section 108. Summary of Cancellation of Indebtedness Income Valuation.* Valuation-Related Income Tax Penalties. *The Section 6662 Accuracy-Related Penalties. Negligence Penalty. Substantial Valuation Overstatement Penalty. Substantial Overstatement of Pension Liabilities Penalty. Definitions and Special Rules under Section 6664. Tax Return Preparer Penalties. Summary of Valuation-Related Income Tax Penalties.* Valuation Aspects of Intercompany Transfer Pricing. *Key Features of the Final Section 482 Regulations. Special Circumstances. Multiple Year Data. Purposes and Roles of Valuation and Economic Analysis Experts. Types of Experts. Summary of Transfer Pricing Valuation Issues.* Valuation of Intellectual Properties for State Income Taxation Purposes. *Trademarks and Trade Names. Transfer of Intellectual Properties. Creation of the Intellectual Property Holding Company. Valuation of the Transferred Intellectual Properties. Other Considerations. Summary of Intellectual Property Valuation for State Income Taxation.* Summary. Bibliography.

31. Income Tax Court Cases 669

Introduction. General Valuation Methodology Issues. *Pabst Brewing Company v. Commissioner. Nathan and Geraldine Morton v. Commissioner.* Charitable Contribution Issues. *John T. and Linda L. Hewitt v. Commissioner. Gerald D. and Catherine Leibowitz v. Commissioner.* Reasonable Compensation Issues. *Labelgraphics, Inc. v. Commissioner. O.S.C. & Associates, Inc. v. Commissioner. Law Offices—Richard Ashare, P.C. v. Commissioner. Alpha Medical, Inc. v. Commissioner. Exacto Spring*

Corporation v. Commissioner. Intangible Asset Valuation Issues. Nestle Holdings, Inc. v. Commissioner. Thompson v. Commissioner. DHL Corporation and Subsidiaries v. Commissioner. Summary.

- 32. Valuations for Employee Stock Ownership Plans** **697**
- General ESOP Framework. Types of ESOPs. *Nonleveraged ESOPs. Leveraged ESOPs. All Parties to a Leveraged ESOP Transaction Benefit.* Valuation of a Company for ESOP Purposes. Adequate Consideration. Independence of the Appraiser and the Appraiser's Role. Reporting Requirements. Valuation Approaches and Methods. ESOP-Specific Adjustments. *ESOP Contributions. Normalized Employee Benefit Costs. Compensation Adjustments. ESOP Compensation Adjustment.* Control Premiums. Discount for Lack of Marketability. *Put Option and Repurchase Liability. Current Controversies.* Post-Transaction Value in Leveraged ESOPs. Legislative and Regulatory Issues in ESOPs. *Section 1042 Rollover. 409(1) Employer Securities. Principal Deductibility and Code Section 415. Code Section 133 Interest Exclusion.* The IRS Audit Guidelines. ESOP Specific Plan Administration Issues. *Allocations to Participant Accounts. Distribution Policy. Diversification.* Finance Issues in Leveraged ESOPs. Repurchase Liability. *Repurchase or Recycling. Redemption. Managing the Repurchase Liability. Methods of Funding.* Fiduciary Issues in ESOPs. Voting Issues. *Trustee's Voting Rights. Circularity of Control.* Independent, Directed, or Internal Trustee. Accounting for ESOPs. Nuances of S Corporation ESOPs. *Limitations on S Corporation Tax Benefits. Voting Issues. Form of Distribution. S Corporation Distributions.* Steps to Implementing an ESOP. Summary. Bibliography.
- 33. ESOP Court Cases** **723**
- Introduction. Sommers Drug Stores. *Introduction. The Facts of the District Court Case. The Facts of the Appeal. The Plaintiff's Position. The Defendants' Position. Commentary and Conclusion.* Hines v. Schlimgen. *Introduction. Commentary and Conclusion.* U.S. News & World Report. *Introduction. The Facts of the Case. The Valuation Issues. The District Court's Decision. The Appeals Court's Decision. Commentary and Conclusion.* Andrade v. Parsons. *Introduction. The Facts of the Case. The Facts of the Complaint. The District Court's Decision. The Appeals Court's Decision. Commentary and Conclusion.* Reich v. Valley National Bank of Arizona. *Introduction. The District Court's Findings. Commentary and Conclusion.* Howard v. Shay. *Introduction. The Facts of the Case. The District Court's Decision. The District Court's Decision—Commentary and Conclusion. The Appeals Court's Decision. The District Court Retrial. District Court Retrial Commentary and Conclusion.* Eyler v. Commissioner. *Introduction. The Issues of the Case. The Facts of the Case. The Issues before the Court. The Petitioner's Position. Appeals Court Decision—The Valuation Issues. The Appeals Court Decision—The Fiduciary Issues. Commentary and Conclusion.* Davis v. Torvick. *Introduction. The Facts of the Case. The Issues of the Case. The Plaintiffs' Position. The Defendants' Position. The District Court's Decision. Commentary and Conclusion.* Summary.
- 34. Valuations for Ad Valorem Taxation** **747**
- Introduction. Definitions of Ad Valorem Taxation Terminology. Market Value as the General Basis of Property Assessment. The Property Tax Valuation

- Process. The Property Tax Equalization Process. *Assessment Ratio Studies. Use of Assessment Ratio Studies in Administrative Appeals and Litigation.* The Property Tax Unitary Valuation Process. The Property Tax Appeal Process. *Steps in the Ad Valorem Taxation Valuation Process. The Assessing Authority's Objective. The Property Owner's Objective. The Independent Valuation Analyst's Objective.* Special Topics. *Identification and Quantification of Functional Obsolescence. Identification and Quantification of the Economic Component of External Obsolescence. Issues in Unit Valuation for Ad Valorem Purposes. Identification and Valuation of Intangible Assets in the Unit Method of Assessment.* Identification and Application of Appropriate Income Approach Methods for Ad Valorem Unitary Valuation. *Weaknesses of Using CAPM. Additional Difficulties. Alternatives to CAPM.* Problems with the Use of Stock Market Data in Property Tax Valuations. *Introduction. Income Approach Valuation Issues. Market Approach Valuation Issues. Differences in the Risk and Expected Return Investment Characteristics between Operating Property and Negotiable Securities.* Capitalization of Leased Equipment Rental Expense. *Introduction. Reasons Not to Capitalize Operating Lease Rental Expense.* Summary. Bibliography.
- 35. Dissenting Stockholder and Minority Oppression Actions 789**
 Dissenting Stockholder Actions. Interpretation of the Fair Value Standard in Dissent Cases. *"That Which Has Been Taken." The Delaware Block Method. Should Consider All Relevant Factors.* Requirement for Entire Fairness. *Fair Consideration. Procedural Fairness.* Consequences of Lack of Entire Fairness. Minority Interest Dissolution Actions. Interpretation of the Fair Value Standard in Dissolution Cases. Summary. Bibliography.
- 36. Dissenting Stockholder and Minority Oppression Court Cases 799**
 Readers Must Interpret Cases Carefully. Fair Value Is Not Fair Market Value. Breach of Fiduciary Duty Expands Plaintiffs' Potential Damages. Approaches to Value. *Should Consider Market Value, Asset Value, and Investment Value. Market Approach Accepted. Guideline Merged and Acquired Company Method. Discounted Cash Flow Method. Excess Earnings Method.* Weighting of Methods. Discounts and Premiums. *Lack of Control Discounts Rejected. Ownership Control Premium Accepted. Lack of Marketability Discounts Rejected. Lack of Marketability Discounts Accepted. Discounts Left to Court's Discretion.* "Dr. Pangloss and Mr. Scrooge." Summary.
- 37. Valuations for Marital Dissolution Purposes 815**
 The Marital Estate. *Community Property. Equitable Distribution. Active or Passive Appreciation During Marriage. Active or Passive Post-Valuation Date Appreciation.* Standard of Value. *Investment Value. Fair Market Value. Intrinsic Value. Internal Contradictions in the Case Law.* Valuation Date. Discovery. Goodwill. Valuation Methods. *Income Approach. Market Approach. Asset-Based Approach. The Capitalized Excess Earnings Method.* Usually Employ More Than One Method. Compensation. Noncompete Covenants. Buy-Sell Agreements. Treatment of Trapped-In Capital Gains Taxes. Valuation Discounts and Premiums. The Role of the Analyst. Adequacy of Evidence. Summary. Bibliography.
- 38. Marital Dissolution Court Cases 833**
 Standards of Value. *Fair Market Value. Investment Value.* Active versus

Passive Appreciation. "Active" Appreciation a Marital Asset. "Active" Appreciation Must Be Proven. Valuation Date. Goodwill. The "Market Value of Goodwill" Paradox. Personal Goodwill Not a Marital Asset in Many States. Professional Goodwill Is a Marital Asset in Many States. Valuation Methods in the Family Law Courts. The Size Argument. The Liquidity Argument. The Risk Argument. The Cost of Flotation Argument. Noncompete Covenants. Buy-Sell Agreements. Cases Rejecting Buy-Sell Agreements. Cases Finding Buy-Sell Price Controlling. Buy-Sell Agreement May Be Considered. Discounts for Lack of Control and Lack of Marketability. Discount for Lack of Control. Discount for Lack of Marketability. Adequacy of Evidence. Treatment of Tax Liabilities. Summary.

PART VIII Litigation and Dispute Resolution **853**

39. Litigation Support Services **855**

Valuation-Related Controversy Matters. Types of Litigation. *Contract Disputes. Commercial Torts. Business Interruption Claims. Antitrust Claims. Securities Litigation. Marital Dissolution.
