Preface	xxi
Acknowledgments	xxvii
Author Biography	xxix

■ Part I Introduction and Early Phases of Marketing Research 1

Chapter	<i>Introduction to Marketing Research</i>	2
1	Objectives	2
	Overview	3
	Definition of Marketing Research	6
	A Classification of Marketing Research	7
	Marketing Research Process	9
	Step 1: Problem Definition	9
	Step 2: Development of an Approach to the Problem	10
	Step 3: Research Design Formulation	10
	Step 4: Fieldwork or Data Collection	10
	Step 5: Data Preparation and Analysis	10
	Step 6: Report Preparation and Presentation	11
	The Nature of Marketing Research	11
	Marketing Research Suppliers and Services	14
	Selecting a Research Supplier	18
	Careers in Marketing Research	19
	The Role of Marketing Research in MIS and DSS	20
	International Marketing Research	23
	Ethics in Marketing Research	24
	Internet and Computer Applications	25
	SPSS Windows	26
	Summary	28
	Key Terms and Concepts	28
	Exercises	28
	Internet and Computer Exercises	29
	Activities	29
Chapter	<i>Defining the Marketing Research Problem and Developing an Approach</i>	30
2	Objectives	30
	Overview	31
	Importance of Defining the Problem	33
	The Process of Defining the Problem and Developing an Approach	33
	Tasks Involved	34
	Discussions with Decision Makers	34
	Interviews with Industry Experts	37

Secondary Data Analysis	37
Qualitative Research	39
Environmental Context of the Problem	39
Past Information and Forecasts	40
Resources and Constraints	40
Objectives	41
Buyer Behavior	41
Legal Environment	42
Economic Environment	42
Marketing and Technological Skills	42
Management Decision Problem and Marketing Research Problem	43
Defining the Marketing Research Problem	44
Components of the Approach	47
Objective/Theoretical Framework	47
Analytical Model	47
Research Questions	48
Hypotheses	49
Specification of Information Needed	51
International Marketing Research	53
Ethics in Marketing Research	55
Internet and Computer Applications	56
Discussions with Decision Makers	56
Interviews with Industry Experts	56
Secondary Data Analysis and Qualitative Research	56
Environmental Context of the Problem	56
SPSS Windows	57
<i>Summary</i>	58
<i>Key Terms and Concepts</i>	59
<i>Exercises</i>	59
<i>Internet and Computer Exercises</i>	60
<i>Activities</i>	60

Cases for *Part I*

- 1.1: Life in the Fast Lane: Fast-Food Chains Race to Be Number One 61
- 1.2: Nike Sprints Ahead of the Competition, Yet Has a Long Way to Run 63
- 1.3: Lexus: Imparting Value to Luxury and Luxury to Value! 64

Video Cases for *Part I*

- 1.1: Burke: Learning and Growing Through Marketing Research 67
- 1.2: Accenture: The Accent Is in the Name 69

■ Part II Research Design Formulation 71

- Chapter 3** *Research Design* 72
- Objectives 72
 - Overview 73
 - Research Design: Definition 74
 - Research Design: Classification 75
 - Exploratory Research 76
 - Descriptive Research 78
 - Cross-Sectional Designs 80
 - Longitudinal Designs 82
 - Relative Advantages and Disadvantages of Longitudinal and Cross-Sectional Designs 83
 - Causal Research 85
 - Relationships Among Exploratory, Descriptive, and Causal Research 86
 - Potential Sources of Error 89
 - Random Sampling Error 89
 - Nonsampling Error 90
 - Budgeting and Scheduling the Project 92
 - Marketing Research Proposal 92
 - International Marketing Research 93
 - Ethics in Marketing Research 94
 - Internet and Computer Applications 95
 - Exploratory Research 95
 - Conclusive Research 95
 - Summary* 97
 - Key Terms and Concepts* 98
 - Exercises* 98
 - Internet and Computer Exercises* 98
 - Activities* 99
- Chapter 4** *Exploratory Research Design: Secondary Data* 100
- Objectives 100
 - Overview 101
 - Primary Versus Secondary Data 102
 - Advantages and Uses of Secondary Data 103
 - Disadvantages of Secondary Data 103
 - Criteria for Evaluating Secondary Data 103
 - Specifications: Methodology Used to Collect the Data 104
 - Error: Accuracy of the Data 104
 - Currency: When the Data Were Collected 105
 - Objective: The Purpose for Which the Data Were Collected 105
 - Nature: The Content of the Data 106
 - Dependability: How Dependable Are the Data? 106
 - Classification of Secondary Data 107
 - Internal Secondary Data 108
 - Database Marketing 108

Published External Secondary Sources	110
General Business Data	110
Government Sources	111
Computerized Databases	112
Classification of Computerized Databases	112
Directories of Databases	113
Syndicated Sources of Secondary Data	114
Syndicated Data From Households	115
Surveys	115
Purchase and Media Panels	117
Electronic Scanner Services	120
Syndicated Data From Institutions	122
Retailer and Wholesaler Audits	122
Industry Services	123
Combining Information From Different Sources: Single-Source Data	124
International Marketing Research	126
Ethics in Marketing Research	127
Internet and Computer Applications	128
The World Wide Web as an Online Source of Secondary Data	128
Internal Secondary Data	129
General Business Sources	129
Government Data	129
Computerized Databases	130
Syndicated Sources of Information	130
International Secondary Data	130
SPSS Windows	130
<i>Summary</i>	<i>132</i>
<i>Key Terms and Concepts</i>	<i>132</i>
<i>Exercises</i>	<i>132</i>
<i>Internet and Computer Exercises</i>	<i>133</i>
<i>Activities</i>	<i>133</i>

Chapter	<i>Exploratory Research Design: Qualitative Research</i>	134
5	Objectives	134
	Overview	135
	Primary Data: Qualitative Versus Quantitative Research	136
	Rationale for Using Qualitative Research	138
	A Classification of Qualitative Research Procedures	138
	Focus Group Interviews	139
	Characteristics	140
	Planning and Conducting Focus Groups	141
	Other Variations in Focus Groups	145
	Advantages and Disadvantages of Focus Groups	146
	Applications of Focus Groups	147
	Depth Interviews	147
	Characteristics	147
	Techniques	149

Advantages and Disadvantages of Depth Interviews	150
Applications of Depth Interviews	150
Projective Techniques	151
Association Techniques	151
Completion Techniques	152
Construction Techniques	154
Expressive Techniques	155
Advantages and Disadvantages of Projective Techniques	157
Applications of Projective Techniques	157
International Marketing Research	158
Ethics in Marketing Research	159
Internet and Computer Applications	160
The Internet and Focus Group Interviews	160
Advantages	161
Disadvantages	161
Uses	162
<i>Summary</i>	164
<i>Key Terms and Concepts</i>	164
<i>Exercises</i>	164
<i>Activities</i>	165

Chapter 6	<i>Descriptive Research Design: Survey and Observation</i>	166
	Objectives	166
	Overview	167
	Survey Methods	168
	Survey Methods Classified by Mode of Administration	170
	Telephone Methods	170
	Traditional Telephone Interviews	170
	Computer-Assisted Telephone Interviewing	170
	Personal Methods	172
	Personal In-Home Interviews	172
	Mall Intercept Personal Interviews	172
	Computer-Assisted Personal Interviewing (CAPI)	173
	Mail Methods	174
	Mail Interviews	174
	Mail Panels	176
	Electronic Methods	176
	E-mail Interviews	176
	Internet Interviews	177
	A Comparative Evaluation of Survey Methods	178
	Flexibility of Data Collection	178
	Diversity of Questions	178
	Use of Physical Stimuli	180
	Sample Control	180
	Control of the Data-Collection Environment	182

Control of Field Force	182
Quantity of Data	182
Response Rate	183
Perceived Anonymity	183
Social Desirability/Sensitive Information	183
Potential for Interviewer Bias	184
Speed	184
Cost	184
Selection of Survey Method(s)	185
Observation Methods	186
Structured Versus Unstructured Observation	186
Disguised Versus Undisguised Observation	186
Natural Versus Contrived Observation	186
Observation Methods Classified by Mode of Administration	187
Personal Observation	187
Mechanical Observation	188
Audit	189
Content Analysis	189
Trace Analysis	190
A Comparative Evaluation of Observation Methods	191
A Comparison of Survey and Observation Methods	192
Relative Advantages of Observation	193
Relative Disadvantages of Observation	193
International Marketing Research	193
Selection of Survey Methods	194
Ethics in Marketing Research	195
Internet and Computer Applications	196
<i>Summary</i>	200
<i>Key Terms and Concepts</i>	200
<i>Exercises</i>	200
<i>Internet and Computer Exercises</i>	201
<i>Activities</i>	201

Chapter	<i>Causal Research Design:</i>
7	<i>Experimentation</i> 202
	Objectives 202
	Overview 203
	Concept of Causality 204
	Conditions for Causality 205
	Concomitant Variation 205
	Time Order of Occurrence of Variables 206
	Absence of Other Possible Causal Factors 206
	Role of Evidence 207
	Definitions and Concepts 207
	Definition of Symbols 209

Validity in Experimentation	209
Internal Validity	209
External Validity	209
Extraneous Variables	210
History	210
Maturation	210
Testing Effects	210
Instrumentation	211
Statistical Regression	211
Selection Bias	211
Mortality	212
Controlling Extraneous Variables	212
Randomization	212
Matching	212
Statistical Control	212
Design Control	213
A Classification of Experimental Designs	213
Preexperimental Designs	214
One-Shot Case Study	214
One-Group Pretest-Posttest Design	214
Static Group Design	215
True Experimental Designs	215
Pretest-Posttest Control Group Design	216
Posttest-Only Control Group Design	216
Quasi-Experimental Designs	217
Time Series Design	217
Multiple Time Series Design	218
Statistical Designs	220
Randomized Block Design	220
Latin Square Design	220
Factorial Design	221
Laboratory Versus Field Experiments	222
Experimental Versus Nonexperimental Designs	223
Limitations of Experimentation	224
Time	224
Cost	224
Administration	224
Application: Test Marketing	224
Standard Test Market	224
Controlled Test Market	226
Simulated Test Market	226
International Marketing Research	226
Ethics in Marketing Research	227
Internet and Computer Applications	228
<i>Summary</i>	231
<i>Key Terms and Concepts</i>	231
<i>Exercises</i>	232
<i>Internet and Computer Exercises</i>	232
<i>Activities</i>	233

Overview	235
Measurement and Scaling	236
Primary Scales of Measurement	236
Nominal Scale	236
Ordinal Scale	238
Interval Scale	239
Ratio Scale	241
A Comparison of Scaling Techniques	241
Comparative Scaling Techniques	242
Paired Comparison Scaling	242
Rank Order Scaling	244
Constant Sum Scaling	246
Q-Sort and Other Procedures	247
International Marketing Research	247
Ethics in Marketing Research	248
Internet and Computer Applications	249
SPSS Windows	250
<i>Summary</i>	252
<i>Key Terms and Concepts</i>	252
<i>Exercises</i>	252
<i>Internet and Computer Exercises</i>	253
<i>Activities</i>	253

Chapter	<i>Measurement and Scaling: Noncomparative</i>
9	<i>Scaling Techniques</i> 254
	Objectives 254
	Overview 255
	Noncomparative Scaling Techniques 256
	Continuous Rating Scale 256
	Itemized Rating Scales 257
	Likert Scale 258
	Semantic Differential Scale 259
	Stapel Scale 261
	Noncomparative Itemized Rating Scale
	Decisions 261
	Number of Scale Categories 262
	Balanced Versus Unbalanced Scales 262
	Odd or Even Number of Categories 262
	Forced Versus Nonforced Scales 263
	Nature and Degree of Verbal Description
	263
	Physical Form or Configuration 263
	Multiitem Scales 263
	Scale Evaluation 266
	Measurement Accuracy 266
	Reliability 267
	Validity 269
	Relationship Between Reliability and
	Validity 270
	Generalizability 270
	Choosing a Scaling Technique 270
	Mathematically Derived Scales 271
	International Marketing Research 271

	Ethics in Marketing Research	272
	Internet and Computer Applications	273
	SPSS Windows	274
	Summary	276
	Key Terms and Concepts	276
	Exercises	276
	Internet and Computer Exercises	277
	Activities	277
Chapter	Questionnaire and Form Design	278
10	Objectives	278
	Overview	279
	Questionnaires and Observation Forms	280
	Questionnaire Definition	280
	Objectives of a Questionnaire	281
	Questionnaire Design Process	281
	Specify the Information Needed	281
	Type of Interviewing Method	282
	Individual Question Content	284
	Is the Question Necessary?	284
	Are Several Questions Needed Instead of One?	284
	Overcoming Inability to Answer	285
	Is the Respondent Informed?	285
	Can the Respondent Remember?	286
	Can the Respondent Articulate?	287
	Overcoming Unwillingness to Answer	287
	Effort Required of the Respondents	287
	Context	287
	Legitimate Purpose	288
	Sensitive Information	288
	Increasing the Willingness of Respondents	288
	Choosing Question Structure	289
	Unstructured Questions	289
	Structured Questions	290
	Choosing Question Wording	292
	Define the Issue	292
	Use Ordinary Words	293
	Use Unambiguous Words	294
	Avoid Leading or Biasing Questions	295
	Avoid Implicit Alternatives	295
	Avoid Implicit Assumptions	295
	Avoid Generalizations and Estimates	296
	Dual Statements: Positive and Negative	296
	Determining the Order of Questions	296
	Opening Questions	296
	Type of Information	297
	Difficult Questions	297
	Effect on Subsequent Questions	297
	Logical Order	298
	Form and Layout	298
	Reproduction of the Questionnaire	300

Pretesting	301
Observational Forms	302
International Marketing Research	302
Ethics in Marketing Research	305
Internet and Computer Applications	306
SPSS Windows	307
<i>Summary</i>	309
<i>Key Terms and Concepts</i>	309
<i>Exercises</i>	309
<i>Internet and Computer Exercises</i>	311
<i>Activities</i>	311

Chapter	<i>Sampling: Design and Procedures</i>	312
11	Objectives	312
	Overview	313
	Sample or Census	314
	The Sampling Design Process	315
	Define the Target Population	315
	Determine the Sampling Frame	316
	Select a Sampling Technique	317
	Determine the Sample Size	318
	Execute the Sampling Process	319
	A Classification of Sampling Techniques	320
	Nonprobability Sampling Techniques	321
	Convenience Sampling	321
	Judgmental Sampling	322
	Quota Sampling	323
	Snowball Sampling	324
	Probability Sampling Techniques	325
	Simple Random Sampling	325
	Systematic Sampling	326
	Stratified Sampling	327
	Cluster Sampling	328
	Other Probability Sampling Techniques	330
	Choosing Nonprobability Versus Probability Sampling	331
	Uses of Nonprobability and Probability Sampling	334
	International Marketing Research	334
	Ethics in Marketing Research	335
	Internet and Computer Applications	335
	<i>Summary</i>	338
	<i>Key Terms and Concepts</i>	338
	<i>Exercises</i>	338
	<i>Internet and Computer Exercises</i>	339
	<i>Activities</i>	339

Chapter	<i>Sampling: Final and Initial Sample Size Determination</i>	340
12	Objectives	340
	Overview	341
	Definitions and Symbols	342

Partial Correlation	500
Nonmetric Correlation	502
Regression Analysis	502
Bivariate Regression	503
Statistics Associated with Bivariate Regression Analysis	503
Conducting Bivariate Regression Analysis	504
Plot the Scatter Diagram	504
Formulate the Bivariate Regression Model	506
Estimate the Parameters	506
Estimate Standardized Regression Coefficient	507
Test for Significance	508
Determine the Strength and Significance of Association	508
Check Prediction Accuracy	510
Assumptions	511
Multiple Regression	511
Statistics Associated with Multiple Regression	513
Conducting Multiple Regression Analysis	513
Partial Regression Coefficients	513
Strength of Association	515
Significance Testing	516
Examination of Residuals	517
Stepwise Regression	519
Multicollinearity	521
Relative Importance of Predictors	522
Cross-Validation	522
Regression with Dummy Variables	523
Analysis of Variance and Covariance with Regression	524
Internet and Computer Applications	525
SPSS Windows	526
<i>Summary</i>	529
<i>Key Terms and Concepts</i>	529
<i>Exercises</i>	529
<i>Internet and Computer Exercises</i>	530
<i>Activities</i>	531

Chapter	<i>Discriminant Analysis</i>	532
18	Objectives	532
	Overview	533
	Basic Concept	534
	Relationship to Regression and ANOVA	534
	Discriminant Analysis Model	535
	Statistics Associated with Discriminant Analysis	535
	Conducting Discriminant Analysis	536
	Formulate the Problem	536
	Estimate the Discriminant Function Coefficients	539

The Sampling Distribution	342
Statistical Approach to Determining Sample Size	344
The Confidence Interval Approach	345
Sample Size Determination: Means	346
Sample Size Determination: Proportions	348
Multiple Characteristics and Parameters	351
Other Probability Sampling Techniques	351
Adjusting the Statistically Determined Sample Size	352
Nonresponse Issues in Sampling	353
Improving the Response Rates	353
Adjusting for Nonresponse	356
International Marketing Research	358
Ethics in Marketing Research	359
Internet and Computer Applications	360
Improving Response Rates	361
SPSS Windows	361
Summary	363
Key Terms and Concepts	363
Exercises	363
Internet and Computer Exercises	364
Activities	364
Appendix 12.1	364

Cases for Part II

2.1: The Forecast Is Sunny for The Weather Channel!	367
2.2: Who Is the Host with the Most?	368
2.3: Candy Is Dandy for Hershey	370
2.4: Fragrances Are Sweet, But Competition Is Bitter	373
2.5: Is Super Bowl Advertising Super Effective?	376

Video Cases for Part II

2.1: Starbucks: Staying Local While Going Global Through Marketing Research	379
2.2: Nike: Associating Athletes, Performance, and the Brand	380
2.3: Intel: Building Blocks Inside Out	381
2.4: Nivea: Marketing Research Leads to Consistency in Marketing	383

■ Part III Data Collection, Preparation, Analysis, and Reporting 385

Chapter 13	Fieldwork	386
	Objectives	386
	Overview	387

	The Nature of Fieldwork	388
	Fieldwork/Data-Collection Process	388
	Selection of Field Workers	389
	Training of Field Workers	390
	Making the Initial Contact	390
	Asking the Questions	390
	Probing	390
	Recording the Answers	391
	Terminating the Interview	391
	Supervision of Field Workers	392
	Quality Control and Editing	392
	Sampling Control	393
	Control of Cheating	393
	Central Office Control	393
	Validation of Fieldwork	393
	Evaluation of Field Workers	393
	Cost and Time	393
	Response Rates	394
	Quality of Interviewing	394
	Quality of Data	394
	International Marketing Research	395
	Ethics in Marketing Research	395
	Internet and Computer Applications	396
	SPSS Windows	397
	<i>Summary</i>	398
	<i>Key Terms and Concepts</i>	399
	<i>Exercises</i>	399
	<i>Internet and Computer Exercises</i>	399
	<i>Activities</i>	399
Chapter	<i>Data Preparation</i>	400
14	Objectives	400
	Overview	401
	The Data-Preparation Process	402
	Questionnaire Checking	403
	Editing	403
	Treatment of Unsatisfactory Responses	403
	Coding	404
	Coding Questions	405
	Codebook	407
	Transcribing	407
	Data Cleaning	409
	Consistency Checks	409
	Treatment of Missing Responses	410
	Statistically Adjusting the Data	411
	Weighting	411
	Variable Respecification	413
	Scale Transformation	414
	Selecting a Data Analysis Strategy	414
	A Classification of Statistical Techniques	416
	International Marketing Research	418
	Ethics in Marketing Research	419

Internet and Computer Applications	420
SPSS Windows	421
Summary	422
Key Terms and Concepts	422
Exercises	422
Internet and Computer Exercises	423
Activities	423

Chapter 15 *Frequency Distribution, Cross-Tabulation, and Hypothesis Testing* **424**

Objectives	424
Overview	425
Frequency Distribution	427
Statistics Associated with Frequency Distribution	430
Measures of Location	430
Measures of Variability	431
Measures of Shape	432
Introduction to Hypothesis Testing	433
A General Procedure for Hypothesis Testing	433
Step 1: Formulate the Hypotheses	434
Step 2: Select an Appropriate Test	435
Step 3: Choose Level of Significance, α	435
Step 4: Collect Data and Calculate Test Statistic	436
Step 5: Determine the Probability (Critical Value)	437
Steps 6 and 7: Compare the Probability (Critical Value) and Make the Decision	437
Step 8: Marketing Research Conclusion	437
Cross-Tabulations	438
Two Variables	439
Three Variables	440
General Comments on Cross-Tabulation	443
Statistics Associated with Cross-Tabulation	443
Chi-Square	444
Phi Coefficient	445
Contingency Coefficient	446
Cramer's V	446
Lambda Coefficient	446
Other Statistics	447
Cross-Tabulation in Practice	447
Hypotheses Testing Related to Differences	447
Parametric Tests	448
One Sample	449
Two Independent Samples	450
Paired Samples	453
Nonparametric Tests	454
One Sample	455

Two Independent Samples	455
Paired Samples	457
Internet and Computer Applications	460
SPSS Windows	461
<i>Summary</i>	462
<i>Key Terms and Concepts</i>	463
<i>Exercises</i>	463
<i>Internet and Computer Exercises</i>	464
<i>Activities</i>	465

Chapter	<i>Analysis of Variance and Covariance</i>	466
16	Objectives	466
	Overview	467
	Relationship Among Techniques	469
	One-Way Analysis of Variance	470
	Statistics Associated with One-Way Analysis of Variance	471
	Conducting One-Way Analysis of Variance	471
	Identify the Dependent and Independent Variables	471
	Decompose the Total Variation	471
	Measure the Effects	473
	Test the Significance	473
	Interpret the Results	474
	Illustrative Data	474
	Illustrative Applications of One-Way Analysis of Variance	474
	Assumptions in Analysis of Variance	477
	N-Way Analysis of Variance	478
	Illustrative Application of N-Way Analysis of Variance	480
	Analysis of Covariance	483
	Issues in Interpretation	484
	Interactions	484
	Relative Importance of Factors	485
	Multiple Comparisons	486
	Repeated Measures ANOVA	486
	Nonmetric Analysis of Variance	487
	Multivariate Analysis of Variance	487
	Internet and Computer Applications	488
	SPSS Windows	489
	<i>Summary</i>	490
	<i>Key Terms and Concepts</i>	492
	<i>Exercises</i>	492
	<i>Internet and Computer Exercises</i>	493
	<i>Activities</i>	493

Chapter	<i>Correlation and Regression</i>	494
17	Objectives	494
	Overview	495
	Product Moment Correlation	497

Determine the Significance of Discriminant Function	539
Interpret the Results	542
Assess Validity of Discriminant Analysis	543
Multiple Discriminant Analysis	545
Formulate the Problem	545
Estimate the Discriminant Function Coefficients	547
Determine the Significance of the Discriminant Function	548
Interpret the Results	548
Assess Validity of Discriminant Analysis	550
Stepwise Discriminant Analysis	552
Internet and Computer Applications	553
SPSS Windows	554
<i>Summary</i>	555
<i>Key Terms and Concepts</i>	555
<i>Exercises</i>	556
<i>Internet and Computer Exercises</i>	556
<i>Activities</i>	556
<i>Appendix 18.1</i>	557

Chapter 19	Factor Analysis	558
	Objectives	558
	Overview	559
	Basic Concept	560
	Factor Analysis Model	560
	Statistics Associated with Factor Analysis	561
	Conducting Factor Analysis	562
	Formulate the Problem	562
	Construct the Correlation Matrix	564
	Determine the Method of Factor Analysis	564
	Determine the Number of Factors	566
	Rotate Factors	568
	Interpret Factors	569
	Calculate Factor Scores	569
	Select Surrogate Variables	570
	Determine the Model Fit	570
	Applications of Common Factor Analysis	572
	Internet and Computer Applications	577
	SPSS Windows	577
	<i>Summary</i>	579
	<i>Key Terms and Concepts</i>	580
	<i>Exercises</i>	580
	<i>Internet and Computer Exercises</i>	580
	<i>Activities</i>	581
	<i>Appendix 19.1</i>	582

Chapter 20	Cluster Analysis	584
	Objectives	584
	Overview	585

Basic Concept	586
Statistics Associated with Cluster Analysis	588
Conducting Cluster Analysis	589
Formulate the Problem	589
Select a Distance or Similarity Measure	590
Select a Clustering Procedure	591
Decide on the Number of Clusters	596
Interpret and Profile the Clusters	597
Assess Reliability and Validity	597
Applications of Nonhierarchical Clustering	599
Clustering Variables	601
Internet and Computer Applications	604
SPSS Windows	604
Summary	605
Key Terms and Concepts	606
Exercises	606
Internet and Computer Exercises	606
Activities	607

Chapter	<i>Multidimensional Scaling and Conjoint</i>
21	<i>Analysis</i> 608
	Objectives 608
	Overview 609
	Basic Concepts in Multidimensional Scaling (MDS) 611
	Statistics and Terms Associated with MDS 612
	Conducting Multidimensional Scaling 612
	Formulate the Problem 612
	Obtain Input Data 613
	Select an MDS Procedure 615
	Decide on the Number of Dimensions 615
	Label the Dimensions and Interpret the Configuration 616
	Assess Reliability and Validity 617
	Assumptions and Limitations of MDS 618
	Scaling Preference Data 619
	Correspondence Analysis 621
	Relationship Among MDS, Factor Analysis, and Discriminant Analysis 621
	Basic Concepts in Conjoint Analysis 621
	Statistics and Terms Associated with Conjoint Analysis 622
	Conducting Conjoint Analysis 623
	Formulate the Problem 623
	Construct the Stimuli 624
	Decide on the Form of Input Data 625
	Select a Conjoint Analysis Procedure 626
	Interpret the Results 629
	Assessing Reliability and Validity 629
	Assumptions and Limitations of Conjoint Analysis 632
	Hybrid Conjoint Analysis 632

Summary	678
Key Terms and Concepts	678
Exercises	678
Internet and Computer Exercises	679
Activities	679
Cases for <i>Part III</i>	
3.1: Is Celebrity Advertising Worth Celebrating?	681
3.2: The Demographic Discovery of the New Millennium	684
3.3: Matsushita Retargets the U.S.A.	686
3.4: Pampers Develops a Rash—A Rash of Market Share	688
3.5: Daimler Chrysler Seeks a New Image	690
Video Cases for <i>Part III</i>	
3.1: The Mayo Clinic: Staying Healthy with Marketing Research	693
Comprehensive Cases with Data	
4.1: Astec: Regaining the Top Spot	695
4.1 Astec Questionnaire	699
4.1: Astec Coding Sheet	701
4.2: Is Marketing Research the Cure for Norton Healthcare Kosair Children's Hospital's Ailments?	703
4.2 Norton Healthcare Kosair Children's Hospital Questionnaire	706
4.2: Norton Healthcare Kosair Children's Hospital Coding Sheet	708
Comprehensive Video Cases	
4.1: Subaru: "Mr. Survey" Monitors Customer Satisfaction	711
4.2: Procter & Gamble: Using Marketing Research to Build Brands	713
Appendix: Statistical Tables	A1
