

# Contents

Preface xi

- 1 Growth and Technology 1**
  - 1.1 Facts about Growth 1
  - 1.2 The Contribution of Industrial Innovation 6
  - 1.3 Technology as an Economic Commodity 15
  - 1.4 Method and Organization of the Book 18
  
- 2 Traditional Growth Theory 22**
  - 2.1 Solow 24
  - 2.2 Optimal Savings 27
  - 2.3 Learning by Doing 35
  - 2.4 Basic Research 38
  
- 3 Expanding Product Variety 43**
  - 3.1 Brand Proliferation 45
  - 3.2 Public Knowledge Capital 57
  - 3.3 Industrial Policies 65
  - 3.4 Welfare 67

Appendix 75
  
- 4 Rising Product Quality 84**
  - 4.1 The Basic Model 86
  - 4.2 Endogenous Quality Increments 99
  - 4.3 Welfare 101

Appendix 110
  
- 5 Factor Accumulation 112**
  - 5.1 Physical Capital 115

- 5.2 Human Capital 122
- 5.3 Country Size and Resource Composition 130
- Appendix 141
  
- 6 Small Open Economy 144**
  - 6.1 A Model with Nontraded Intermediates 145
  - 6.2 Trade and Growth 152
  - 6.3 Trade and Welfare 154
  - 6.4 International Capital Flows 162
  - 6.5 International Knowledge Flows 165
  - Appendix 172
  
- 7 Dynamic Comparative Advantage 177**
  - 7.1 International Brand Proliferation 179
  - 7.2 International Quality Competition 192
  - 7.3 Multinational Corporations 197
  - 7.4 Patent Licensing 200
  
- 8 Hysteresis 206**
  - 8.1 A Benchmark Economy 207
  - 8.2 Steady States 214
  - 8.3 Equal-Wage Trajectories 218
  - 8.4 Unequal-Wage Trajectories 221
  - 8.5 R&D Subsidies 229
  - Appendix 234
  
- 9 Trade and Growth 237**
  - 9.1 Diffusion of Knowledge 238
  - 9.2 Trade between Similar Countries 242
  - 9.3 Trade with Uneven Innovation 246
  - 9.4 Trade between Dissimilar Countries 250
  
- 10 International Transmission of Policies 258**
  - 10.1 Quality Upgrading: A Graphical Treatment 259
  - 10.2 R&D Subsidies 264
  - 10.3 Production Subsidies 267
  - 10.4 Trade Policies 271
  - Appendix 278
  
- 11 Imitation 281**
  - 11.1 A Model of Imitation 283

11.2	Steady-State Equilibrium	289
11.3	Determinants of Innovation and Imitation	294
11.4	Determinants of Relative Wages	300
	Appendix	307
<b>12</b>	<b>Product Cycles</b>	<b>310</b>
12.1	Imitation with Rising Product Quality	311
12.2	Steady-State Equilibrium	318
12.3	Efficient Followers	321
12.4	Inefficient Followers	324
	Appendix	328
<b>13</b>	<b>Lessons about Growth</b>	<b>334</b>
	References	343
	Index	351
