Detailed Contents

Preface to the fifth edition	<i>xxi</i>
Acknowledgements	<i>xxii</i>
About this book	<i>xxiii</i>
Organization of the book	<i>xxv</i>
1 What is Sociology?	2
The sociological perspective	4
Studying sociology	7
The development of sociological thinking	8
Theories and theoretical approaches	8
Early theorists	10
Modern theoretical approaches	19
Theoretical thinking in sociology	24
Levels of analysis: microsociology and macrosociology	25
How can sociology help us in our lives?	26
Summary points	28
2 Globalization and the Changing World	30
Types of society	33
A disappearing world: pre-modern societies and their fate	33
The modern world: the industrialized societies	39
Global development	41
Social change	43
Influences on social change	45
Change in the modern period	48
Globalization	50
Factors contributing to globalization	50
The globalization debate	60
The impact of globalization	62
Conclusion: the need for global governance	68
Summary points	69
Questions for further thought	71
Further reading	71
Internet links	71

3	Asking and Answering Sociological Questions	72
	Sociological questions	75
	Taking a scientific approach	77
	The research process	78
	Understanding cause and effect	81
	Causation and correlation	82
	Research methods	85
	Ethnography	85
	Surveys	87
	Experiments	89
	Life histories	90
	Comparative research	91
	Historical analysis	91
	Combining comparative and historical research	92
	Research in the real world: methods, problems and pitfalls	92
	Human subjects and ethical problems	93
	Is sociology merely a restatement of the obvious?	94
	The influence of sociology	94
	<i>Summary points</i>	97
	<i>Questions for further thought</i>	98
	<i>Further reading</i>	98
	<i>Internet links</i>	99
4	Theoretical Thinking in Sociology	100
	Max Weber: <i>The Protestant Ethic</i>	103
	Four theoretical issues	105
	Structure and action	106
	Consensus and conflict	109
	The issue of gender	110
	The shaping of the modern world	112
	Recent sociological theory	114
	Postmodernism	115
	Michel Foucault	116
	Four contemporary sociologists	117
	Jürgen Habermas: democracy and the public sphere	118
	Ulrich Beck: the global risk society	119
	Manuel Castells: the network economy	121
	Anthony Giddens: social reflexivity	122
	Conclusion	123
	<i>Summary points</i>	124
	<i>Questions for further thought</i>	125
	<i>Further reading</i>	125

5	Social Interaction and Everyday Life	126
	The study of daily life	130
	Non-verbal communication	131
	'Face', gestures and emotion	131
	Non-verbal communication and gender	133
	The social rules of interaction	135
	Shared understandings	135
	Garfinkel's experiments	135
	'Interactional vandalism'	136
	Response cries	139
	Face, body and speech in interaction	141
	Encounters	141
	Impression management	142
	Personal space	145
	Interaction in time and space	147
	Clock time	148
	Social life and the ordering of space and time	149
	Everyday life in cultural and historical perspective	149
	The social construction of reality: the sociological debate	152
	Social interaction in cyberspace	154
	Conclusion: the compulsion of proximity?	157
	Summary points	158
	Questions for further thought	159
	Further reading	159
	Internet links	159
6	Socialization, the Life-Course and Ageing	160
	Culture, society and child socialization	163
	Theories of child development	163
	Agencies of socialization	166
	Gender socialization	169
	Reactions of parents and adults	169
	Gender learning	170
	Storybooks and television	170
	The difficulty of non-sexist child-rearing	171
	The sociological debate	172
	Socialization through the life-course	175
	Childhood	175
	The teenager	176
	Young adulthood	177
	Mature adulthood	177
	Old age	177

Ageing	178	
The greying of UK society	179	
How do people age?	180	
Growing old: competing sociological explanations	184	
Aspects of ageing in the UK	186	
The politics of ageing	192	
The greying of the world population	197	
<i>Summary points</i>	199	
<i>Questions for further thought</i>	200	
<i>Further reading</i>	201	
<i>Internet links</i>	201	
7 Families and Intimate Relationships	202	
Basic concepts	206	
The family in history	208	
The development of family life	208	
The way we never were: myths of the traditional family	210	
Changes in family patterns worldwide	211	
Families and intimate relationships in the UK	212	
Overall characteristics	212	
Development and diversity in family patterns	213	
Inequality within the family	216	
Intimate violence	219	
Domestic violence	220	
Divorce and separation	222	
Changing attitudes to family life	227	
New partnerships and step-families	230	
Alternatives to traditional forms of marriage and family life	234	
Theoretical perspectives on the family and intimate relationships	238	
Functionalism	238	
Feminist approaches	239	
Recent perspectives	240	
Conclusion: the debate about family values	245	
<i>Summary points</i>	247	
<i>Questions for further thought</i>	248	
<i>Further reading</i>	248	
<i>Internet links</i>	249	

8	Health, Illness and Disability	250
	The sociology of the body	252
	The sociology of health and illness	255
	Sociological perspectives on medicine	259
	Medicine and health in a changing world	266
	Sociological perspectives on health and illness	266
	The social basis of health	271
	Class and health	272
	Gender and health	276
	Ethnicity and health	278
	Health and social cohesion	279
	The sociology of disability	280
	The individual model of disability	280
	The social model of disability	281
	Disability in the UK and globally	287
	Summary points	289
	Questions for further thought	290
	Further reading	291
	Internet links	291

9	Stratification and Class	292
	Systems of stratification	295
	Slavery	296
	Caste	297
	Estates	299
	Class	300
	Theories of class and stratification	300
	Karl Marx's theory	301
	Max Weber's theory	302
	Erik Olin Wright's theory of class	303
	Measuring class	304
	John Goldthorpe: class and occupation	306
	Evaluating Goldthorpe's class scheme	307
	Social class divisions in Western society today	310
	The question of the upper class	310
	The middle class	313
	The changing nature of the working class	315
	The underclass?	317
	Class and lifestyle	321
	Gender and stratification	324

Social mobility	327	
Comparative mobility studies	328	
Downward mobility	329	
Social mobility in Britain	330	
Is Britain a meritocracy?	331	
Conclusion: the importance of class	333	
<i>Summary points</i>	333	
<i>Questions for further thought</i>	335	
<i>Further reading</i>	335	
<i>Internet links</i>	336	
10 Poverty, Social Exclusion and Welfare	338	
Poverty	341	
What is poverty?	341	
Measuring poverty	343	
Who are the poor?	347	
Explaining poverty	352	
Poverty and social mobility	354	
Social exclusion	356	
What is social exclusion?	356	
Examples of social exclusion	359	
Crime and social exclusion	363	
The welfare state	365	
Theories of the welfare state	365	
The welfare state in the UK	367	
Conclusion: poverty and welfare in a changing world	376	
<i>Summary points</i>	378	
<i>Questions for further thought</i>	379	
<i>Further reading</i>	380	
<i>Internet links</i>	380	
11 Global Inequality	382	
Global economic inequality	388	
High-income countries	390	
Middle-income countries	390	
Low-income countries	391	
Is global economic inequality increasing?	391	
Life in rich and poor countries	394	
Health	394	
Hunger, malnutrition and famine	395	
Education and literacy	398	

Can poor countries become rich?	402	
Theories of development	405	
Evaluating theories of development	412	
The role of international organizations and global inequality		413
Global economic inequality in a changing world	415	
World population growth	418	
Population analysis: demography	420	
Dynamics of population change	420	
Malthusianism	422	
The demographic transition	423	
Prospects for change	426	
<i>Summary points</i>	428	
<i>Questions for further thought</i>	430	
<i>Further reading</i>	430	
<i>Internet links</i>	431	
12 Sexuality and Gender	432	
Human sexuality	436	
Biology and sexual behaviour	437	
Social influences on sexual behaviour	437	
Sexuality and procreative technology	439	
Sexuality in Western culture	443	
Sexual orientation	450	
Is sexual orientation inborn or learned?	451	
Homosexuality in Western culture	452	
Attitudes towards homosexuality	454	
The movement for gay and lesbian civil rights		456
Gender	458	
Gender and biology: natural differences?	459	
Gender socialization	459	
The social construction of gender and sex	461	
Femininities, masculinities and gender relations		462
Perspectives on gender inequality	467	
Functionalist approaches	467	
Feminist approaches	469	
Conclusion: gender and globalization	476	
<i>Summary points</i>	477	
<i>Questions for further thought</i>	478	
<i>Further reading</i>	479	
<i>Internet links</i>	479	

13 Race, Ethnicity and Migration	480
Key concepts	485
Race	485
Ethnicity	487
Minority groups	489
Prejudice and discrimination	490
Racism	493
Sociological interpretations of racism	495
Ethnic integration and conflict	497
Models of ethnic integration	497
Ethnic conflict	498
Migration and ethnic diversity in the UK	500
Immigration	500
Ethnic diversity	506
Ethnic minorities and the labour market	509
Housing	513
The criminal justice system	516
Immigration and ethnic relations in Continental Europe	518
Migration and the European Union	519
Global migration	522
Migratory movements	522
Globalization and migration	524
Global diasporas	525
Conclusion	527
Summary points	527
Questions for further thought	529
Further reading	529
Internet links	529
14 Religion in Modern Society	530
Sociological theories and ideas	534
The sociological study of religion	534
Theories of religion	536
Real world religions	541
Totemism and animism	542
Judaism, Christianity and Islam	542
The religions of the Far East	545
Religious organizations	546
Christianity, gender and sexuality	552

Secularization and religious revival	553
Secularization	553
Religion in Europe	557
Religion in the United Kingdom	559
Religion in the United States	565
Evaluating the secularization thesis	569
Religious fundamentalism	571
<i>Summary points</i>	578
<i>Questions for further thought</i>	579
<i>Further reading</i>	580
<i>Internet links</i>	580
15 The Media	582
Traditional and new media	586
Traditional media	586
New media	592
Theoretical perspectives on the media	598
Functionalism	598
Conflict theories	599
Recent theories	601
Bias and the media: the Glasgow University Research Group	606
TV news	606
Audiences and media effects	608
Audience studies	608
Media effects	610
The control of the media	613
Political control	613
The global media and democracy	618
The media in a global age	618
Music	620
Cinema	522
Media 'supercompanies'	623
Media imperialism?	626
Resistance and alternatives to the global media	626
Conclusion	630
<i>Summary points</i>	630
<i>Questions for further thought</i>	632
<i>Further reading</i>	632
<i>Internet links</i>	633

16 Organizations and Networks 634

Organizations 637

Organizations as bureaucracies 638

The physical setting of organizations 646

Organizations that span the world 651

Economic organizations 655

Beyond bureaucracy? 664

Organizational change: the Japanese model 665

The transformation of management 666

The study of networks 669

How do organizations and networks affect your life? 673

Social capital: the ties that bind 673

Bowling alone: an example of declining social capital? 675

Conclusion 677

Summary points 678

Questions for further thought 680

Further reading 680

Internet links 680

17 Education 682

The importance of education 686

Education in the UK 687

Origins and development 687

Secondary education and politics 689

Higher education 695

Comparative perspectives on British education 701

Theories of schooling and inequality 704

Ivan Illich: the hidden curriculum 704

Basil Bernstein: language codes 708

Pierre Bourdieu: education and cultural reproduction 710

Learning to labour: Paul Willis's analysis of cultural reproduction 711

Postmodern approaches to education 714

Inequality and education 714

Gender and achievement in school 715

Ethnicity and education 721

IQ and education 723

Education and new communications technology 728

Technology in the classroom 728

The arrival of e-universities? 731

Conclusion: the future of education 733

Summary points 734

Questions for further thought 735

Further reading 736

18 Work and Economic Life	738	
What is work? Paid and unpaid work	741	
The social organization of work	743	
Taylorism and Fordism	745	
The limitations of Taylorism and Fordism	747	
The changing nature of work and working	747	
Women and work	751	
Post-Fordism	762	
Current trends in the occupational structure	766	
Job insecurity, unemployment and the social significance of work	775	
The social significance of work	777	
The rise in job insecurity	778	
Unemployment	780	
Conclusion: the 'corrosion of character'?	785	
Summary points	787	
Questions for further thought	788	
Further reading	788	
Internet links	789	
19 Crime and Deviance	790	
Basic concepts	794	
Explaining crime and deviance: sociological theories	796	
Functionalist theories	796	
Interactionist theory	799	
Conflict theories: 'the new criminology'	803	
Control theories	805	
Theoretical conclusions	809	
Patterns of crime in the United Kingdom	811	
Crime and crime statistics	812	
Victims and perpetrators of crime	815	
Gender and crime	815	
Youth and crime	820	
White-collar crime	823	
Organized crime	825	
Cybercrime	828	
Prisons: the answer to crime?	829	
Conclusion: crime, deviance and social order	835	
Summary points	835	
Questions for further thought	837	
Further reading	838	
Internet links	838	

20	Politics, Government and Terrorism	840
	Debating basic concepts in political sociology	844
	Politics, government and the state	844
	Power	845
	Authoritarianism and democracy	847
	The global spread of democracy	850
	The fall of communism	851
	Explaining the popularity of democracy	854
	Democracy in trouble?	856
	Global governance	857
	Party politics in the UK	860
	New Labour	863
	Political and social change	867
	Globalization and social movements	867
	Technology and social movements	870
	Theories of nationalism and the nation	871
	Nationalism and modern society	872
	Nations without states	873
	National minorities and the European Union	875
	Nations and nationalism in developing countries	875
	Nationalism and globalization	877
	The nation-state, national identity and globalization	878
	Terrorism	879
	The origins of terror and terrorism	881
	Old- and new-style terrorism	883
	Terrorism and war	888
	<i>Summary points</i>	889
	<i>Questions for further thought</i>	890
	<i>Further reading</i>	891
