List of Tables

2.1	Empirical studies, reviews and surveys of HR activities that may increase or decrease expatriate ROI	26
3.1	Countries included and year of survey	50
3.2	Use of IES in the Northern, Southern, and Eastern European cluster	52
3.3	Use of IES and performance ratings	55
3.4	Rank correlations between the two identified factors and performance measures	57
4.1	Representation of international relocatees	71
4.2	Representation of domestic relocatees	72
4.3	Explication of domain categories	76
4.4	Count of domain changes: international relocatees	84
4.5	Adjustment domains	88
4.6	Problem classes on expatriate assignments	89
5.1	Comparison of the expectations of firms and expatriates	95
5.2	Relative contributions to managerial success and effectiveness	97
5.3	Comparing the distribution of managerial activity	101
6.1	Analyse of variance: mean degree of adjustment according to culture of origin	129
6.2	Summary of the results: regression of W, I, G adjustment on all the classical antecedents, on the different samples	130
6.3	The direct effect of culture of origin (CO) on W, I, G adjustment, on the global sample	132
A6.1	Calculation of intercultural distance	139
7.1	Empirical results	151
7.2	Levels of intensity	152
7.3	Categorization of the companies surveyed	153
7.4	Measurement of expatriates' performance	158

List of Figures

2.1	The system of human resource activities influencing expatriate ROI	22
3.1	Development of use of IES in the Northern, Southern, and Eastern European clusters	53
3.2	Two-factor solution plot (rotated) for the core criteria	56
5.1	Ability vs. requirement rating for conducting staff meetings	102
5.2	Ability vs. requirement rating for processing correspondence	102
5.3	Ability vs. requirement rating for planning activities	103
5.4	Ability vs. requirement rating for controlling activities	103
5.5	Ability vs. requirement rating for decision making	103
5.6	Ability vs. requirement rating for feedback activity	104
5.7	Ability vs. requirement rating for hiring and firing	105
5.8	Ability vs. requirement rating for resolving conflict	105
5.9	Ability vs. requirement rating for developing external contacts	106
5.10	Ability vs. requirement rating for developing internal contacts	106
5.11	Expatriate need vs. reinforcement for work itself	107
5.12	Expatriate need vs. reinforcement for exchanges with colleagues	108
5.13	Expatriate need vs. reinforcement for exchanges with superiors	108
5.14	Expatriate need vs. reinforcement for getting promoted	109
5.15	Expatriate need vs. reinforcement for financial compensation	109
5.16	Three facets of expatriate adjustment	111
5.17	A model of expatriate work adjustment	113
6.1	Conceptual frame	122
7.1	Female foreign assignments as a means to achieve gender diversity in management ranks	149
7.2	The impact of FFA on organizational success	156
7.3	Determining impact intensity of FFA	157
