Bibliography of Nathan Jacobson's Books and Papers .....	v
Doctoral Students of Nathan Jacobson .....	xii
Chronology .....	xiii
Preface .....	xv
Personal History and Commentary (1947–1955) .....	
<b>Research Papers, 1947–1955</b>	
[39] Lie and Jordan triple systems .....	17
[40] Classification and representation of semi-simple Jordan algebras (with F. D. Jacobson) .....	39
[41] Derivation algebras and multiplication algebras of semi-simple Jordan algebras .....	68
[42] Enveloping algebras of semi-simple Lie algebras .....	77
[43] Some remarks on one-sided inverses .....	88
[44] Jordan homomorphisms of rings (with C. E. Rickart) .....	93
[45] Completely reducible Lie algebras of linear transformations .....	117
[46] General representation theory of Jordan algebras .....	127
[47] Une généralisation du théorème d'Engel .....	149
[48] Homomorphisms of Jordan rings of self-adjoint elements (with C. E. Rickart) .....	152
[49] A note on Lie algebras of characteristic $p$ .....	165
[50] Operator commutativity in Jordan algebras .....	169
[51] A Kronecker factorization theorem for Cayley algebras and the exceptional simple Jordan algebra .....	173
[52] Structure of alternative and Jordan bimodules .....	179
[53] A note on automorphisms and derivations of Lie algebras .....	251
[54] Commutative restricted Lie algebras .....	254
[55] A note on two dimensional division ring extensions .....	261
Personal History and Commentary (1956–1965) .....	269
<b>Research Papers, 1956–1965</b>	
[56] A theorem on the structure of Jordan algebras .....	290
[57] Generation of separable and central simple algebras .....	299
[58] On reduced exceptional simple Jordan algebras (with A. A. Albert) .....	310
[59] On Jordan algebras with two generators (with L. J. Paige) .....	329
[60] Composition algebras and their automorphisms .....	341
[61] Nilpotent elements in semi-simple Jordan algebras .....	367
[62] A note on three dimensional simple Lie algebras .....	379
[63] Some groups of transformations defined by Jordan algebras I .....	388
[64] Some groups of transformations defined by Jordan algebras II .....	406
[65] Some groups of transformations defined by Jordan algebras III .....	431
[66] MacDonald's theorem on Jordan algebras .....	457
[67] A coordinatization theorem for Jordan algebras .....	468
[68] A note on automorphisms of Lie algebras .....	475

[69] Generic norm of an algebra .....	489
[70] Clifford algebras for algebras with involution of type $D$ .....	516
[71] Triality and Lie algebras of type $D_4$ .....	529
Permissions .....	555
