[80] Equisingular points on algebraic varieties	17
[81] Studies in equisingularity I. Equivalent singularities of plane algebroid curves	31
[82] Studies in equisingularity II. Equisingularity in codimension 1 (and characteristic zero)	61
[85] Studies in equisingularity III. Saturation of local rings and equisingularity	96
[86] Contributions to the problem of equisingularity	159
[88] Some open questions in the theory of singularities	238
[89] General theory of saturation and of saturated local rings I. Saturation of complete local domains of dimension one having arbitrary coefficient fields (of characteristic zero)	249
[90] General theory of saturation and of saturated local rings II. Saturated local rings of dimension 1	325
[91] Quatre exposés sur la saturation	418

[93] General theory of saturation and of saturated local rings III. Saturation in arbitrary dimension and, in particular, saturation of algebroid hypersurfaces	437
[94] On equimultiple subvarieties of algebroid hypersurfaces	525
[95] The elusive concept of equisingularity and related questions	527
[96] A new proof of the total embedded resolution theorem for algebraic surfaces (based on the theory of quasi-ordinary singularities)	541
[97] Foundations of a general theory of equisingularity on r -dimensional algebroid and algebraic varieties, of embedding dimension $r + 1$	573
[97a] Abstract of the paper “Foundations of a general theory of equisingularity on r -dimensional algebroid and algebraic varieties, of embedding dimension $r + 1$ ”	635
